First Edition.

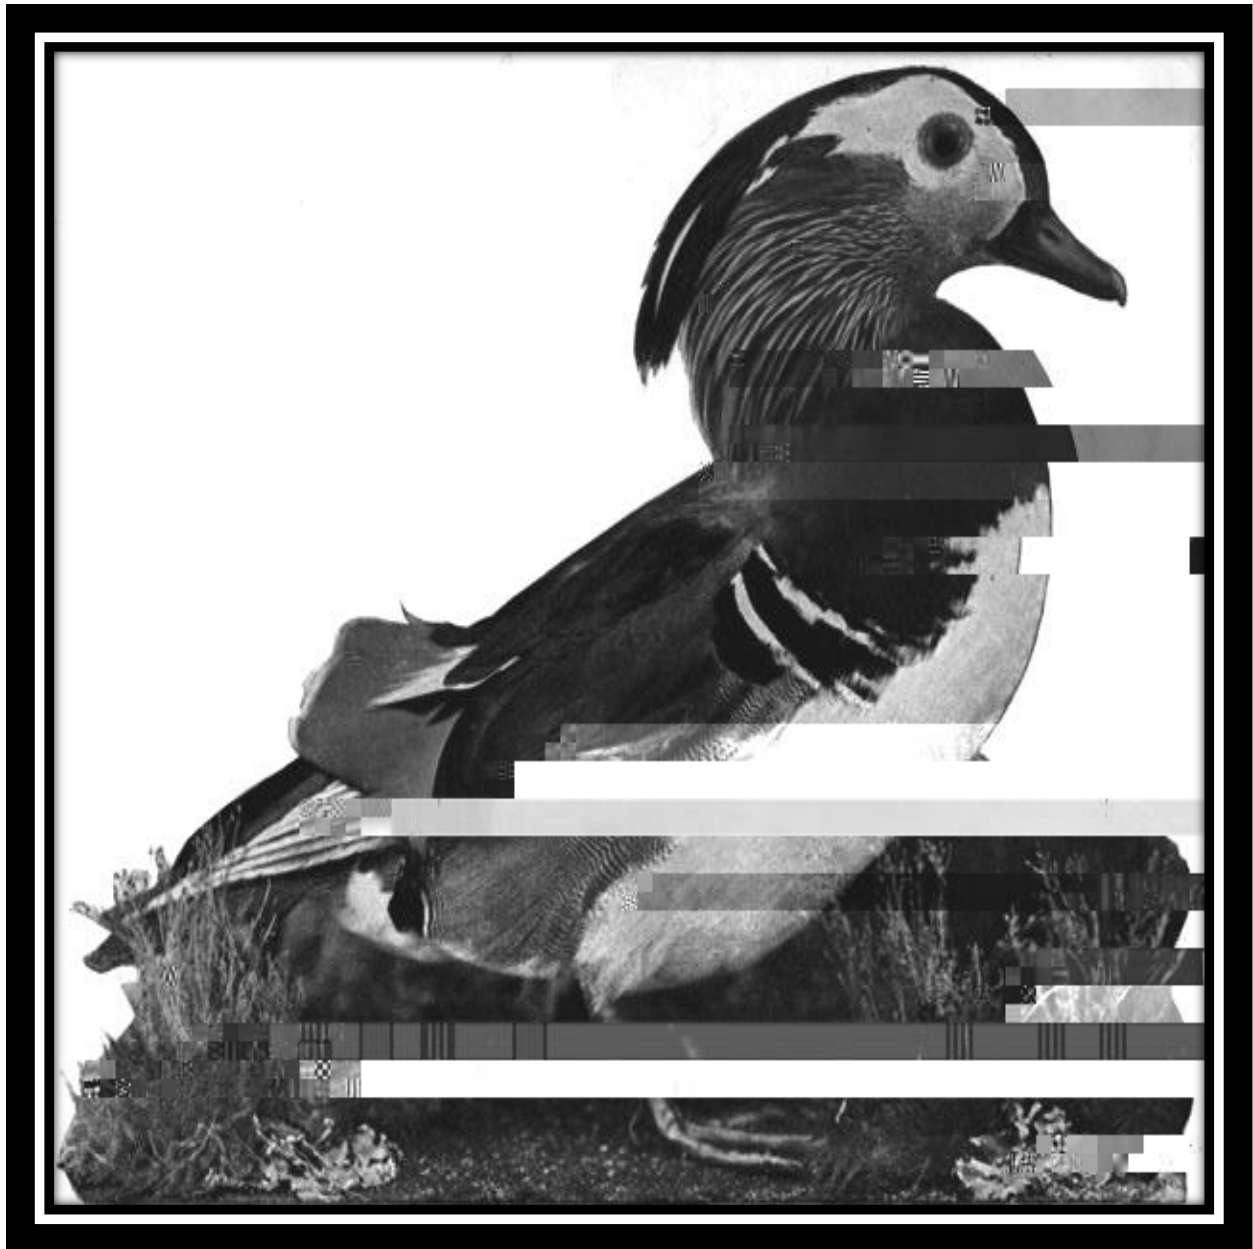

Icarus was a bird who attempted to escape the nest with the use of a human brain. He didn't heed his father's warning about the dangers of thinking at high altitudes, so he ended up plummeting to his death.

NONPAREIL KWANK

"I am 56 years old. My mother only just told me. I went my whole life not knowing. Fucking hell."

MANDARIN DUCK KWANK

"I love it when I hear about people like you getting humiliated and feeling the hellish burn on your ass... and feeling it on your charred-ass brain too. You're obviously incapable of achieving anything in your life, so I look forward to the day when I see your crying anus-face getting a taste of your own medicine. And that's just an appetiser."

AUSTRALIAN GRASS PARAKEET KWANK

"I can't understand why you insist on saying that depression isn't real. Why would I want to waste my time staying indoors for weeks and sometimes even months on end? Why would I make myself look miserable all the time if I could smile? Why would I pretend I'm about to faint? There's just no reason. I wish you could develop depression, just for a day, so you know what it's like. That would shut you up, I bet."

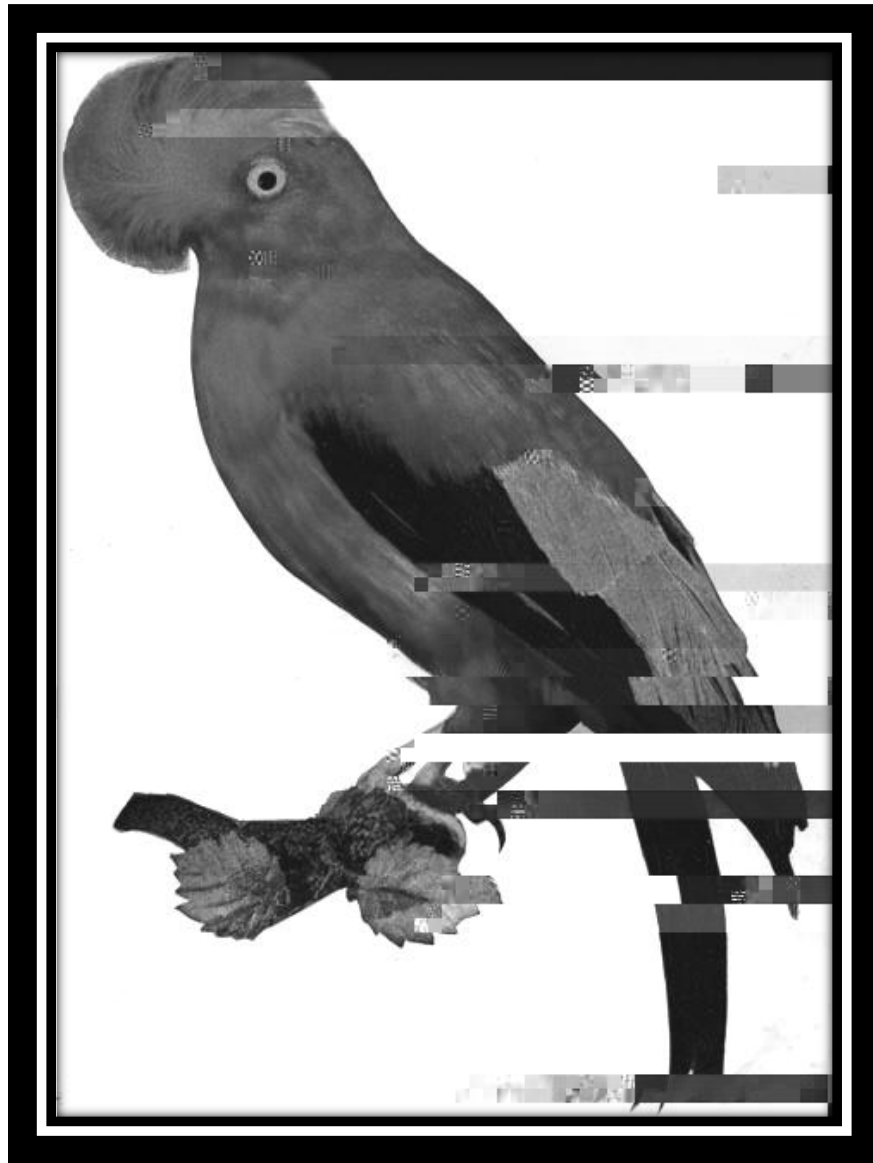

GOLDEN PHEASANT KWANK

*“Sticks and stone may break my bones, but words will never hurt me
– that is the biggest pile of shit I have ever heard in my life!”*

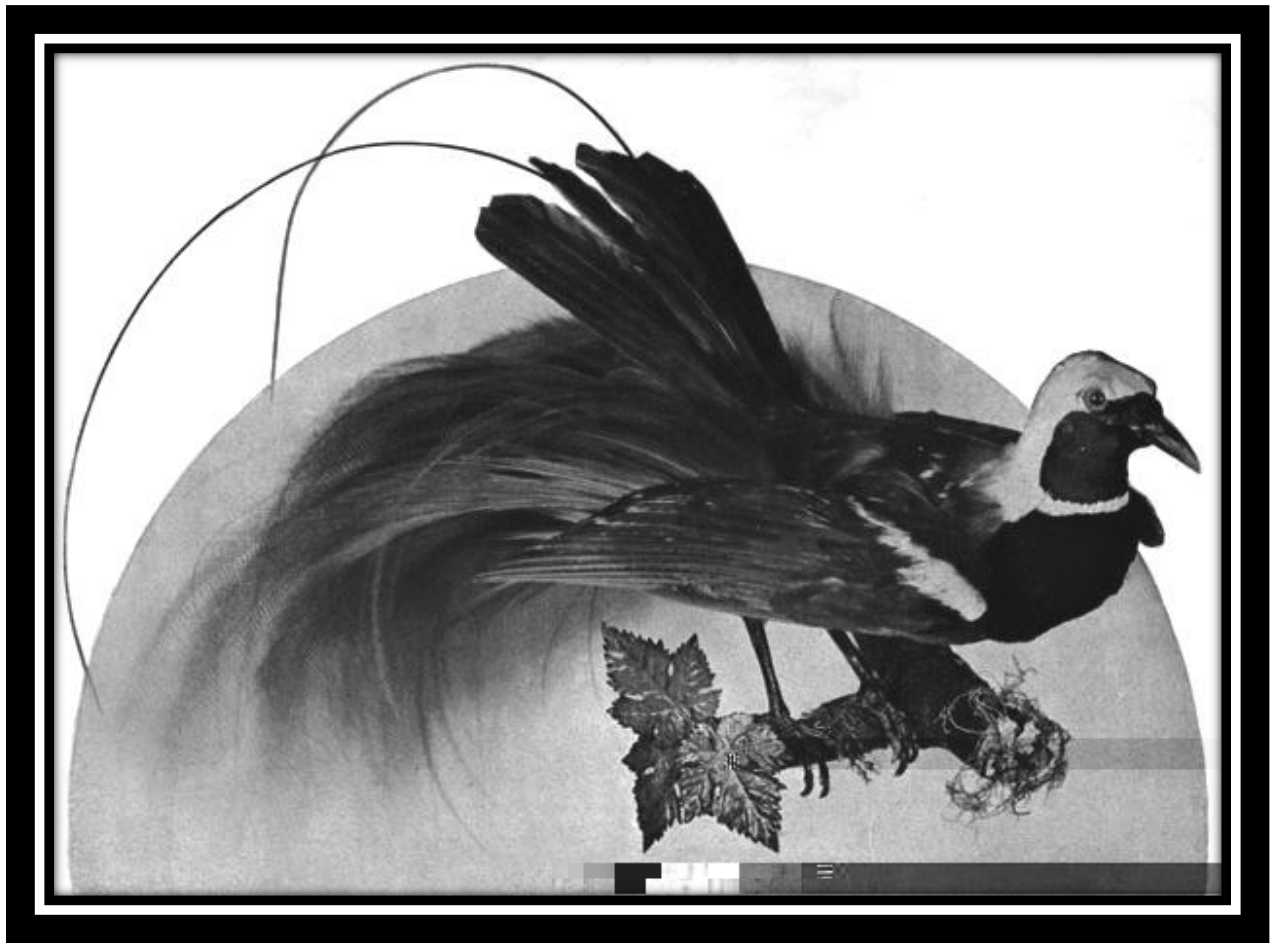

COCK-OF-THE-ROCK

KWANK

"I hate hypocrites. That is the one thing I just cannot tolerate. If you demonstrate to me that you are one, I will not forget it. And I will use whatever means necessary to make sure YOU don't forget it either."

RED BIRD OF PARADISE KWANK

"I've got more popular as I've got older, but the resentment has become too strong. When a cute young guy asks me out for a drink, I think: 'People like you didn't want to socialise with me when I was younger, so why would you want to now?' I always end up being cold and pushing them away."

YELLOW-THROATED TOUCAN KWANK

"My sister isn't speaking to me anymore because I wouldn't help her dig for memories of sexual abuse. I told her I remembered seeing the neighbour naked when he came round for a shower once, but that's it. I don't even think he knew I saw him. The bathroom door was open and I looked in on the way to my bedroom. I don't have any bad feelings surrounding this incident. I think her therapist is putting ideas in her head."

RED-RUMPED TANAGER KWANK

“My doctor stared at me and said I’m psychologically unwell. Then he tried to get me to say my mother’s overbearing. He wanted me to put the blame on her, but I couldn’t because she was sitting next to me. That caused me to have a panic attack. It was a really bad one. I’m scared to go back there in case it happens again.”

KING PARROT

KWANK

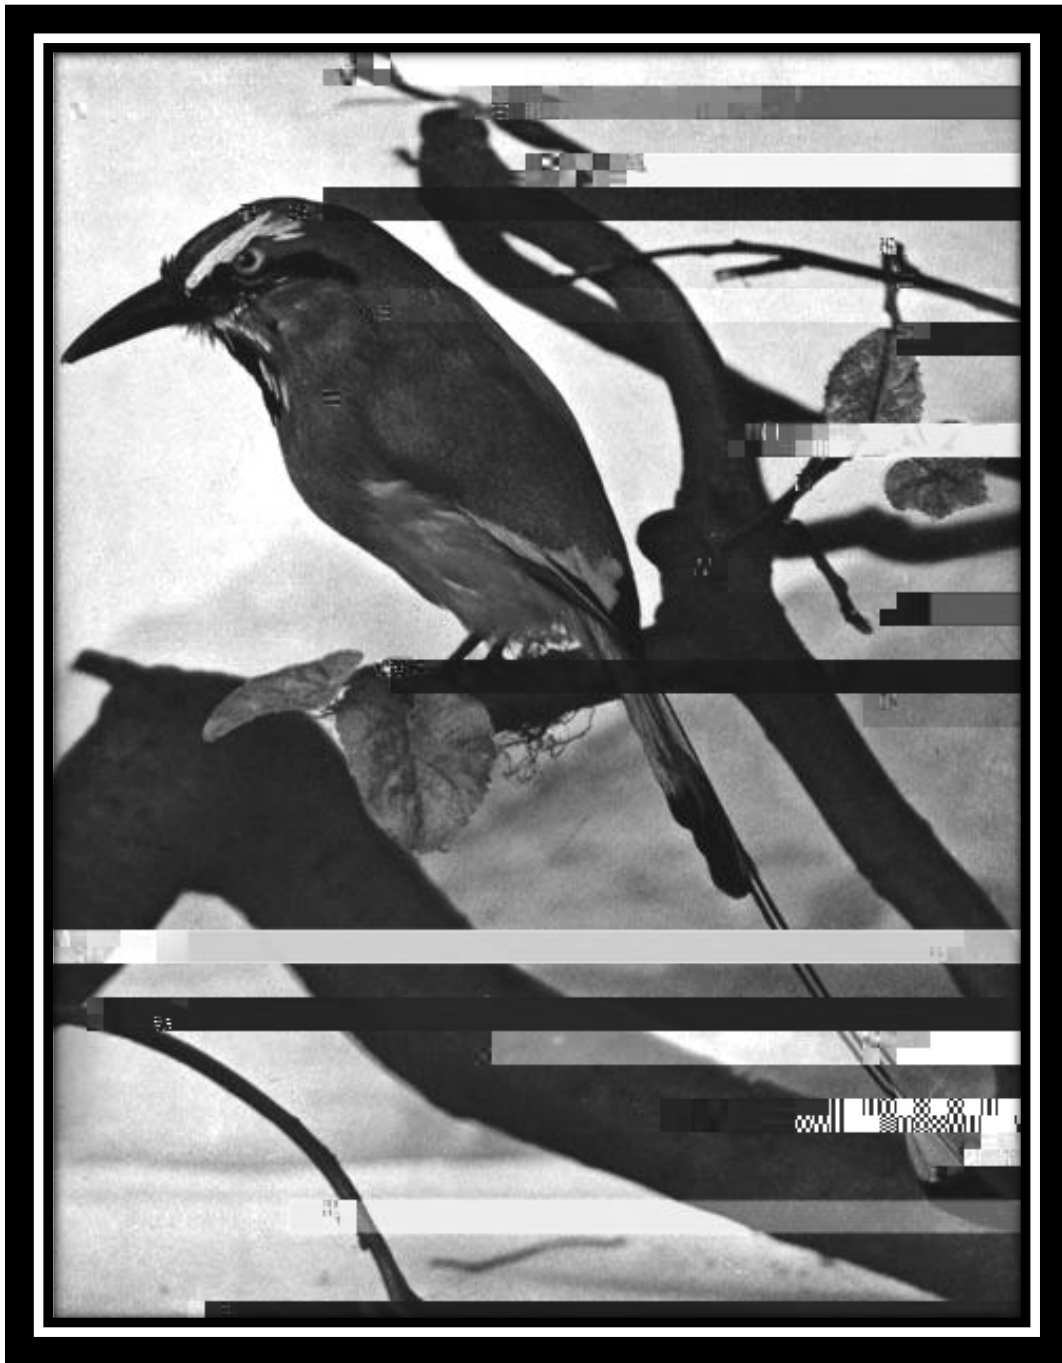

"That last statement just confirmed what I've been saying. You clearly can't handle a conversation like this. You're unintelligent beyond your wildest dreams. Goodbye."

AMERICAN ROBIN KWANK

"I started to get paranoid about my smile because it seemed fake in all of the photos I looked at. I started getting anxious, thinking that people might think I'm a psychopath. It got so bad that I couldn't smile in any of the family photos last summer because I was terrified of what people would think. But then I realised I looked even more like a psychopath because I was the only one not smiling. I'm trying to find a way of staying behind when my family go on holiday this year because I can't handle the photos."

MEXICAN MOTMOT KWANK

“God fucking damn, you are really starting to piss me off with your endless bitching. Just bring my food, then leave me the fuck alone. I am going to relapse again if you keep on with your incessant moaning.”

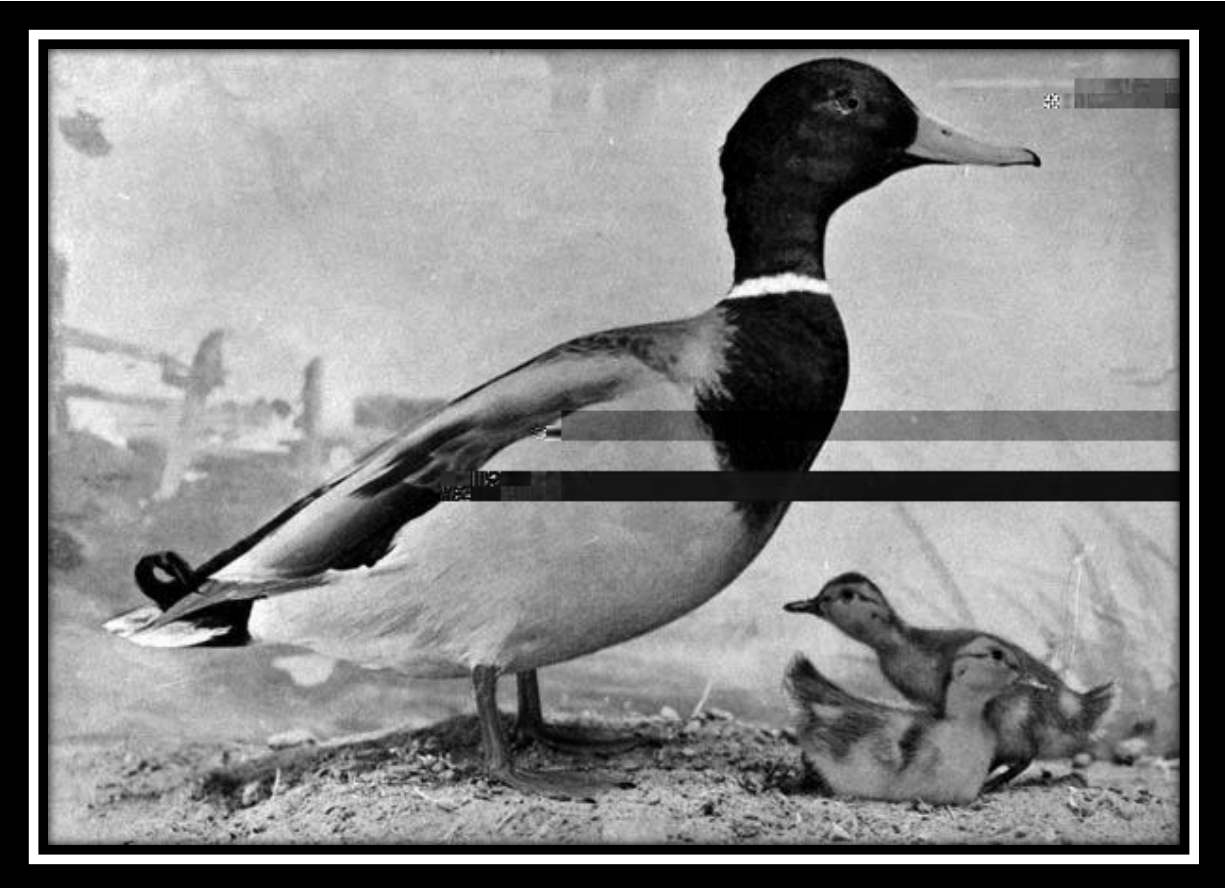

RINGED PLOVER

KWANK

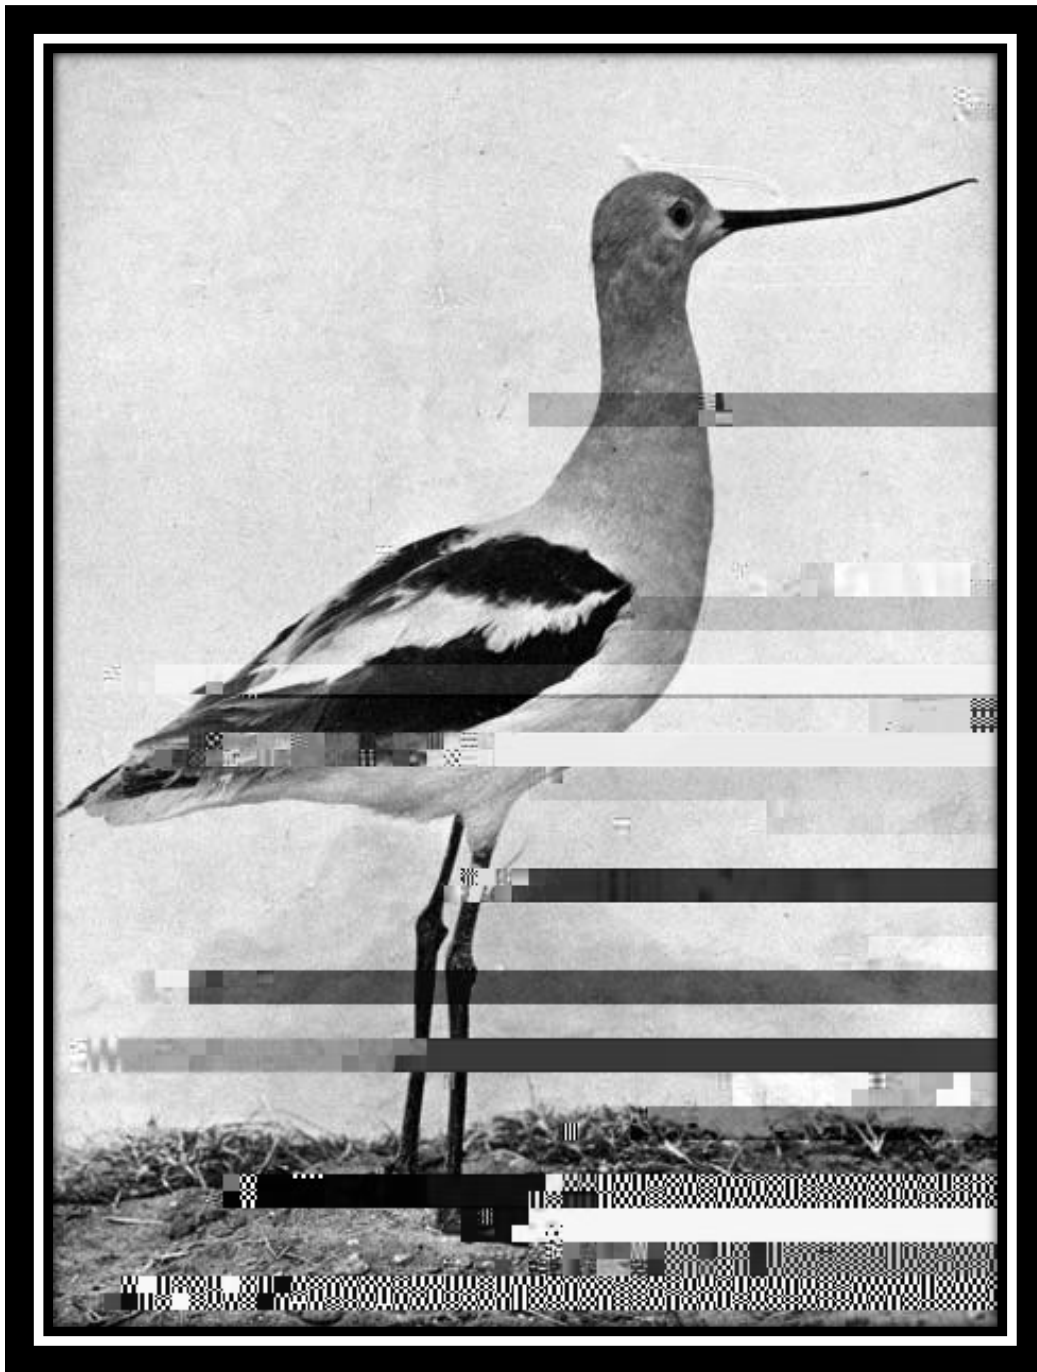

"My eyes got watery there."

MALLARD KWANK

“What kind of parent are you? You don’t punish your child with no smoking for a day; you punish them with no smoking FOREVER. Your son has empty wine bottles all around his computer desk for fuck’s sake. It’s your fault that he’s the way he is.”

AMERICAN AVOCET KWANK

"I would appreciate it if you kept your rude comments to yourself. I do not appreciate hearing dirty sex remarks every day. You are picking on me for no reason. You don't have any evidence of what my sexual preference is. You are a disgusting homophobe."

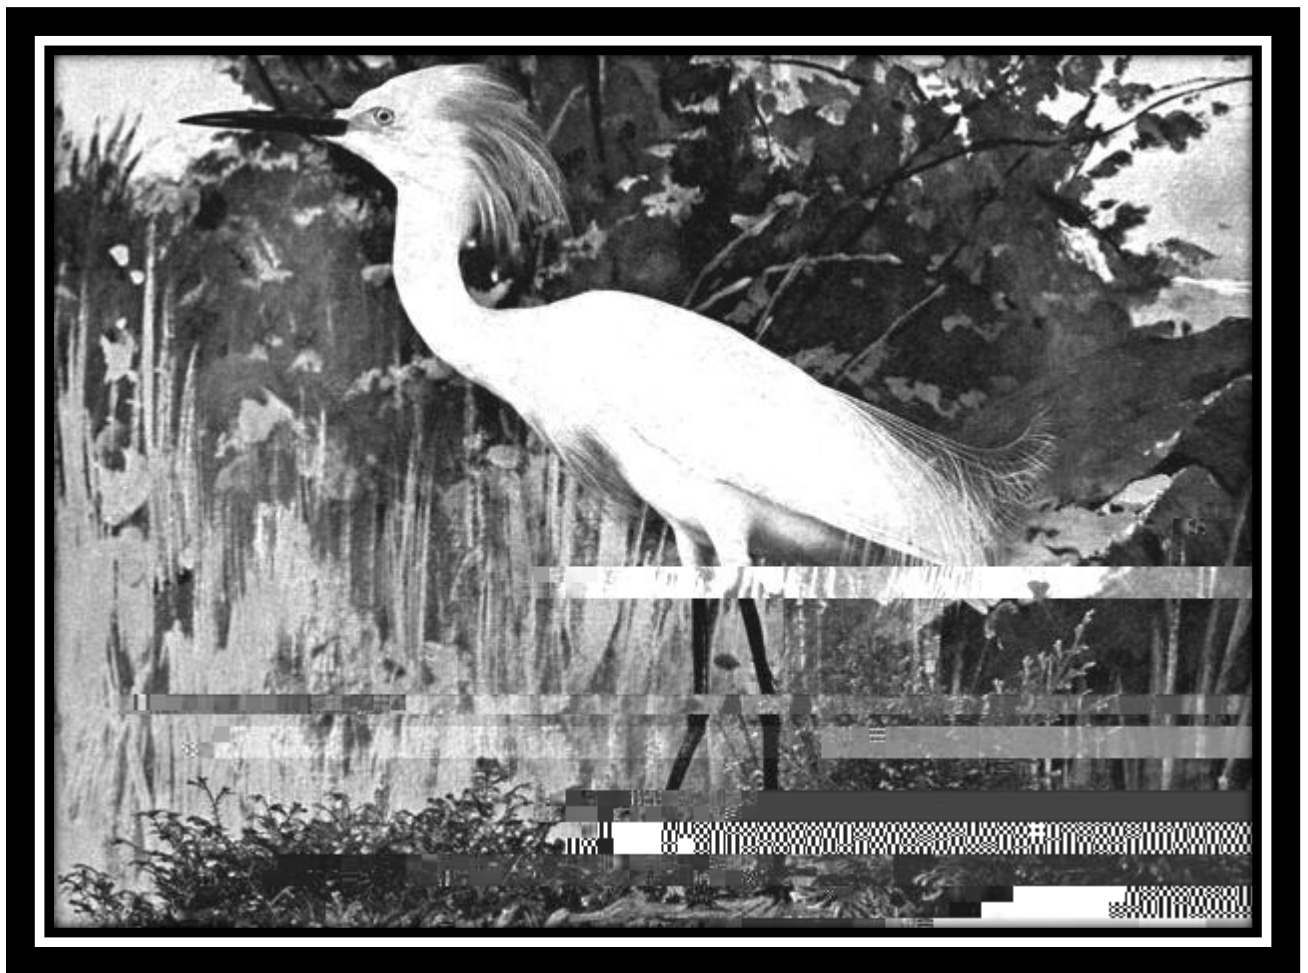

CANVASBACK DUCK KWANK

"I feel like Steve on The Undateables."

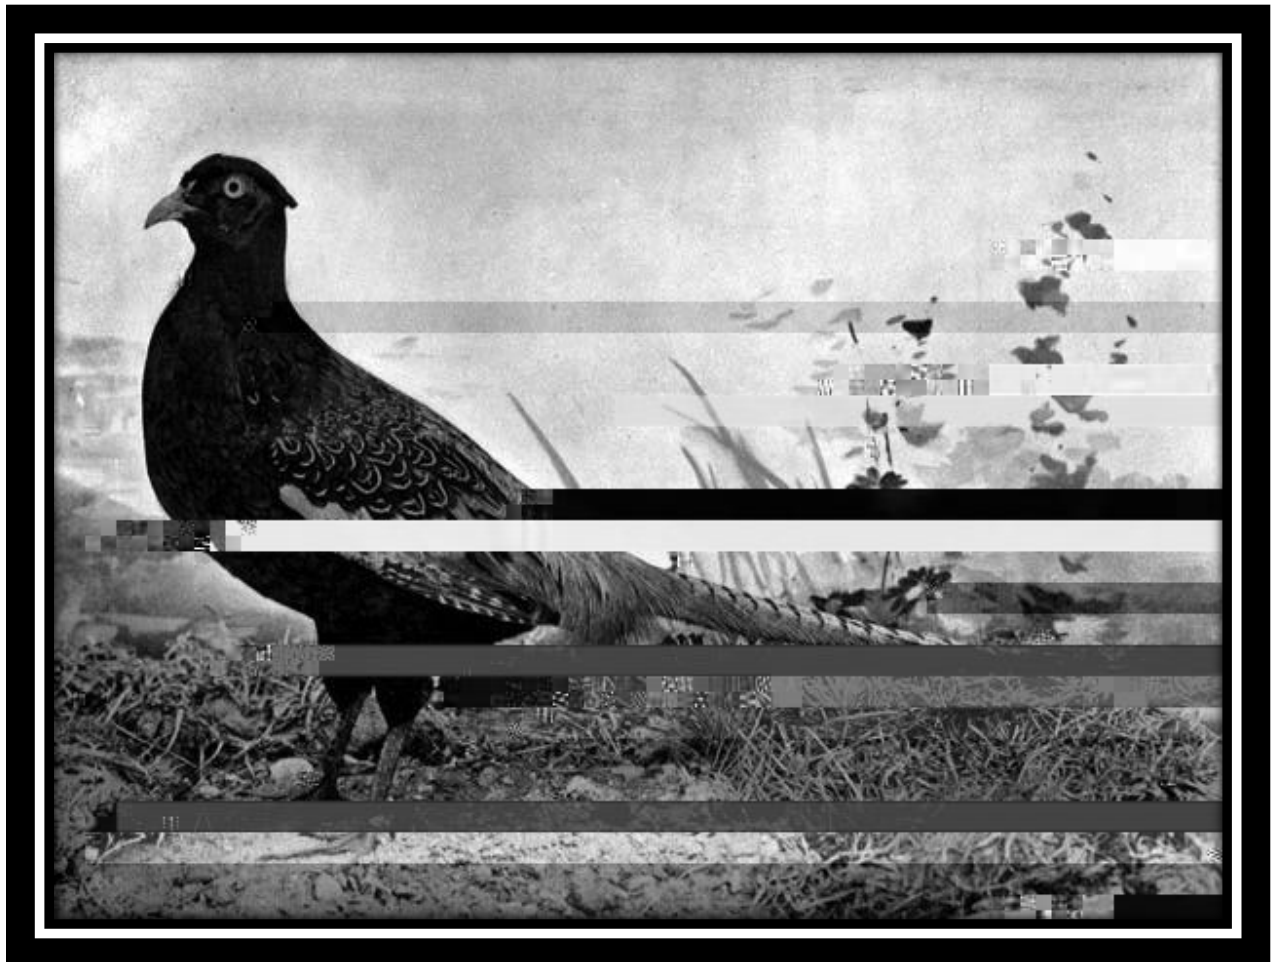

LITTLE EGRET

KWANK

"About 80% of the people who have given me shit in the past have had the shit kicked out of them."

GREEN PHEASANT KWANK

"I need help. I posted some stuff on this girl's wall on Facebook. I had no idea at the time that it was cyberbullying. It just seemed funny. I feel like such a dick now. I want to apologise to the grieving parents but I don't know how."

BROWN THRASHER

KWANK

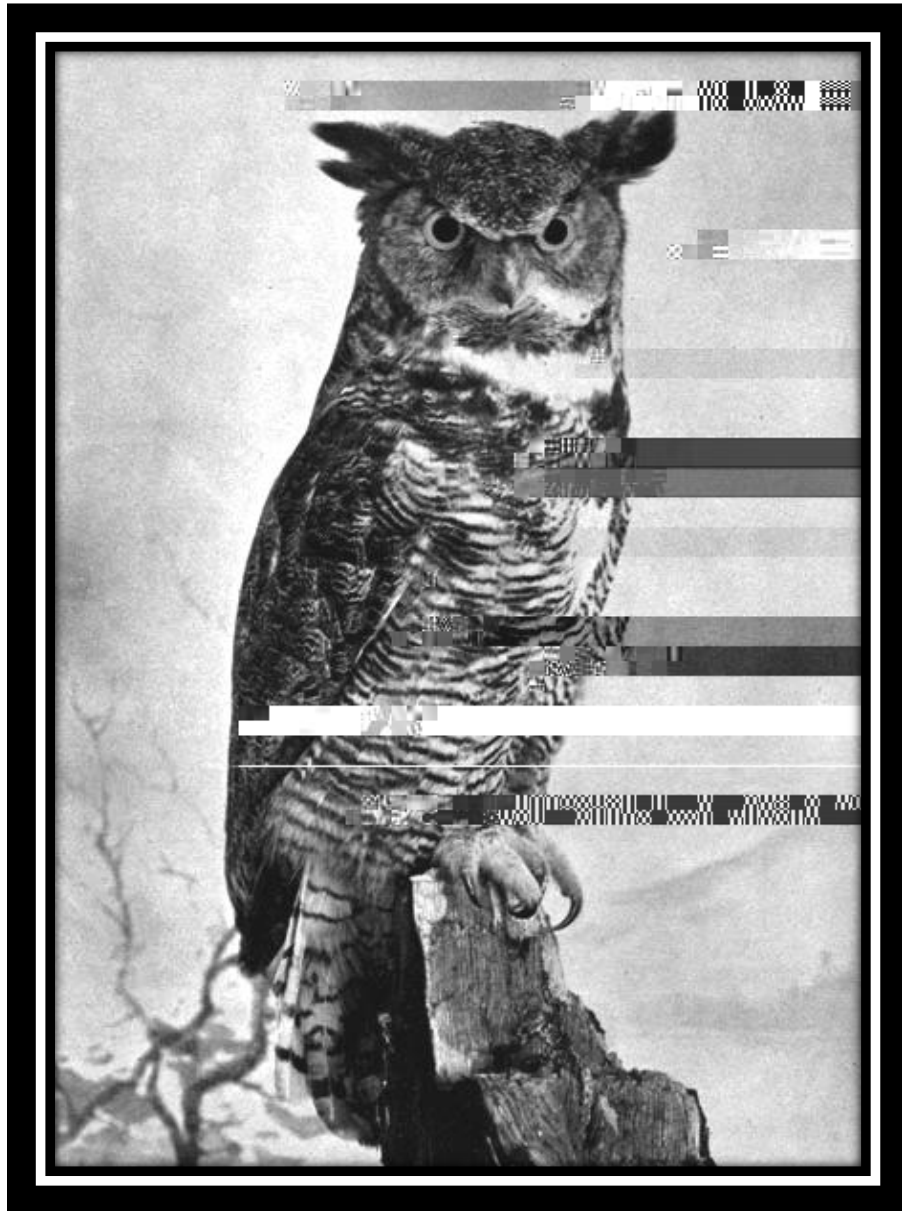

"I hope you and your bitch of a mother feel good about yourselves."

CROW KWANK

"I was doing the tobacco cigarettes from the age of 12, I was hooked on the marijuana cigarettes by the age of 14. I drank the alcohol all over the place. I've had loads of sexual activities with loads of people. Basically, I have tonnes of experience of being a badass."

GREAT HORNED OWL KWANK

"Political correctness and feminism have run amok."

ROSE-BREASTED GROSBEAK KWANK

“What’s a Jap’s eye?”

“It’s the slit at the end of the penis that looks a bit like a Japanese person’s eye.”

GREY JAY KWANK

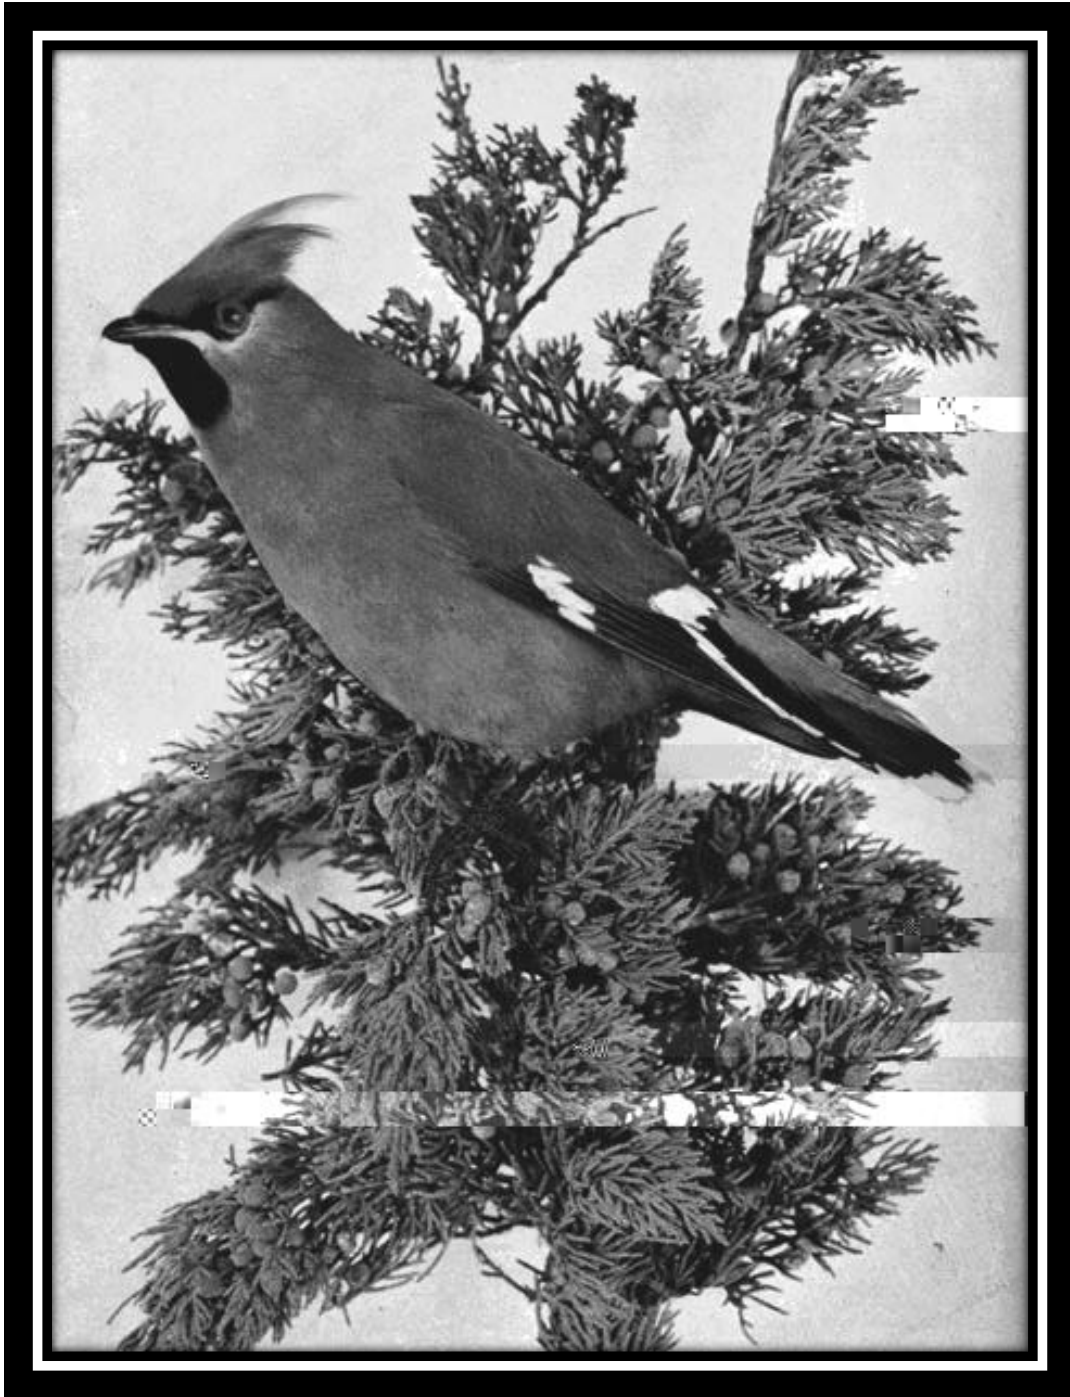

"I recently broke up with my girlfriend because I thought she'd be better off without me. Today we met up at a coffee shop for the first time in three months. She says she's seeing someone else and it's going well. I told her the reason I split up with her was because I've got severe depression. It felt good to finally tell someone about it. I don't know if we'll ever meet up again."

PURPLE GALLINULE KWANK

"You're trying a bit too hard to not look like a paedophile. I wouldn't leave my kids with you."

BOHEMIAN WAXWING KWANK

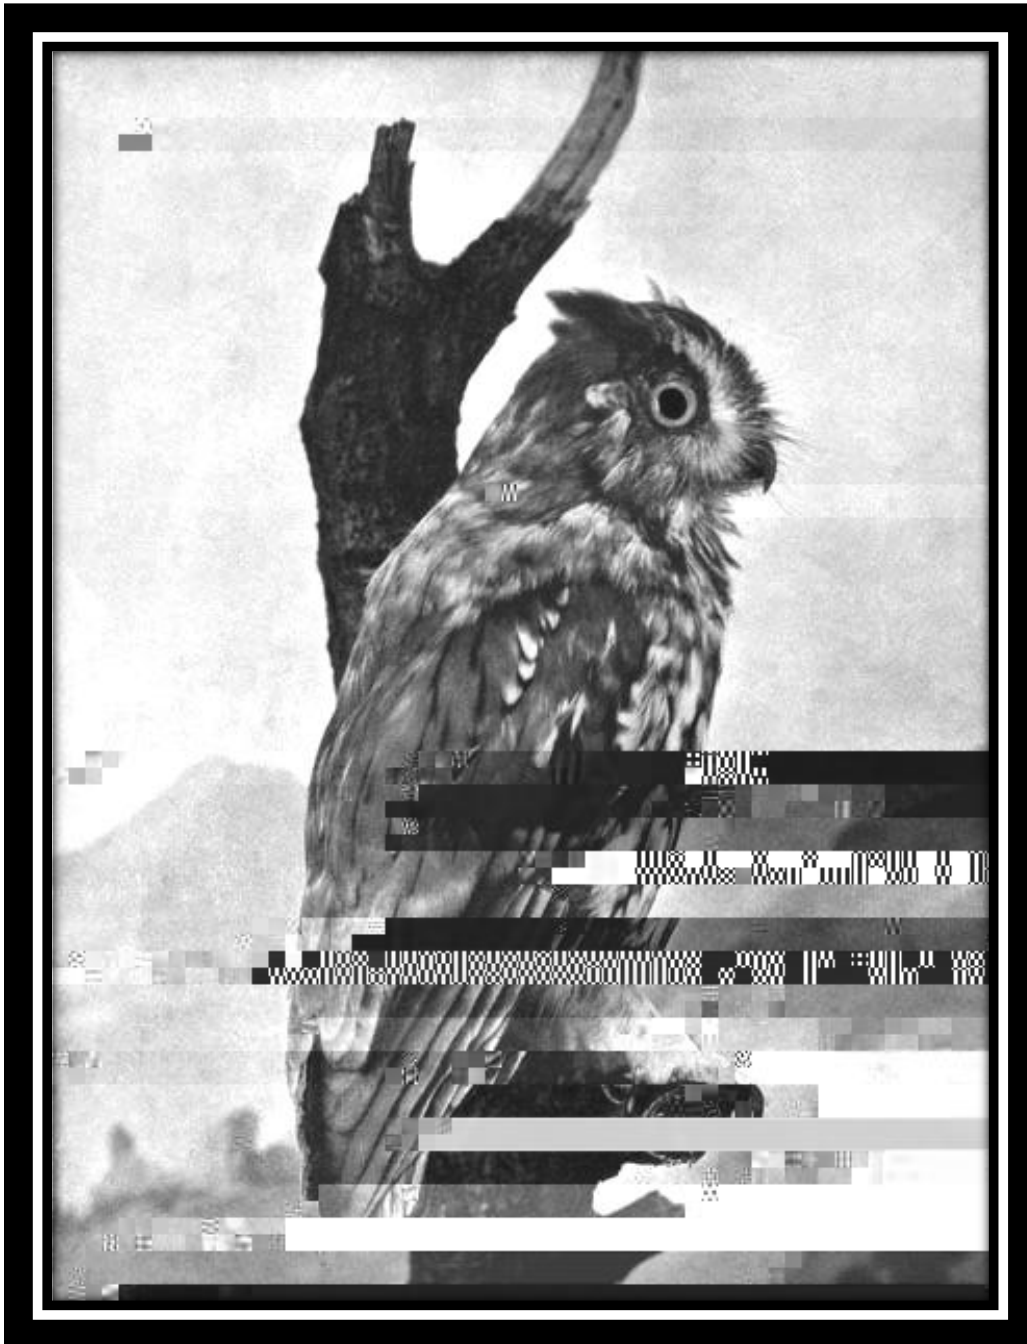

"You're actually not bad looking. You must have done something really terrible to make people hate you. Good-looking people are usually popular."

SMITH'S LONGSPUR KWANK

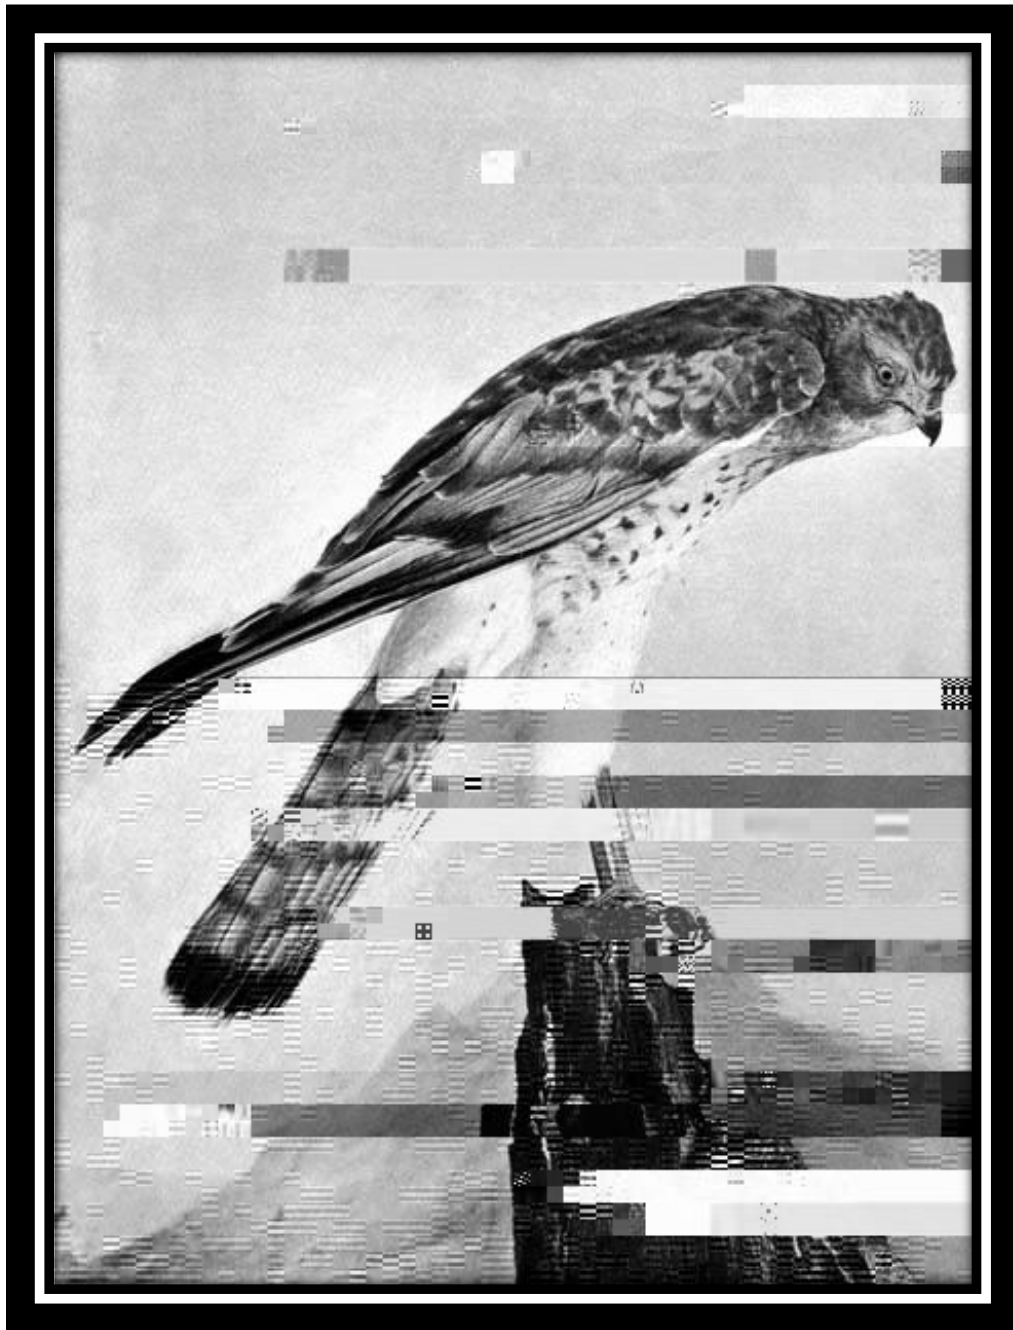

"Just listen to yourself. You sound like a proper loser, sitting there going on and on about how useless you are. It's your fault you're depressed. Yes, you have problems, but there are nine-year-old girls being sold as prostitutes in Thailand, so your situation doesn't sound that bad to me."

SCREECH OWL KWANK

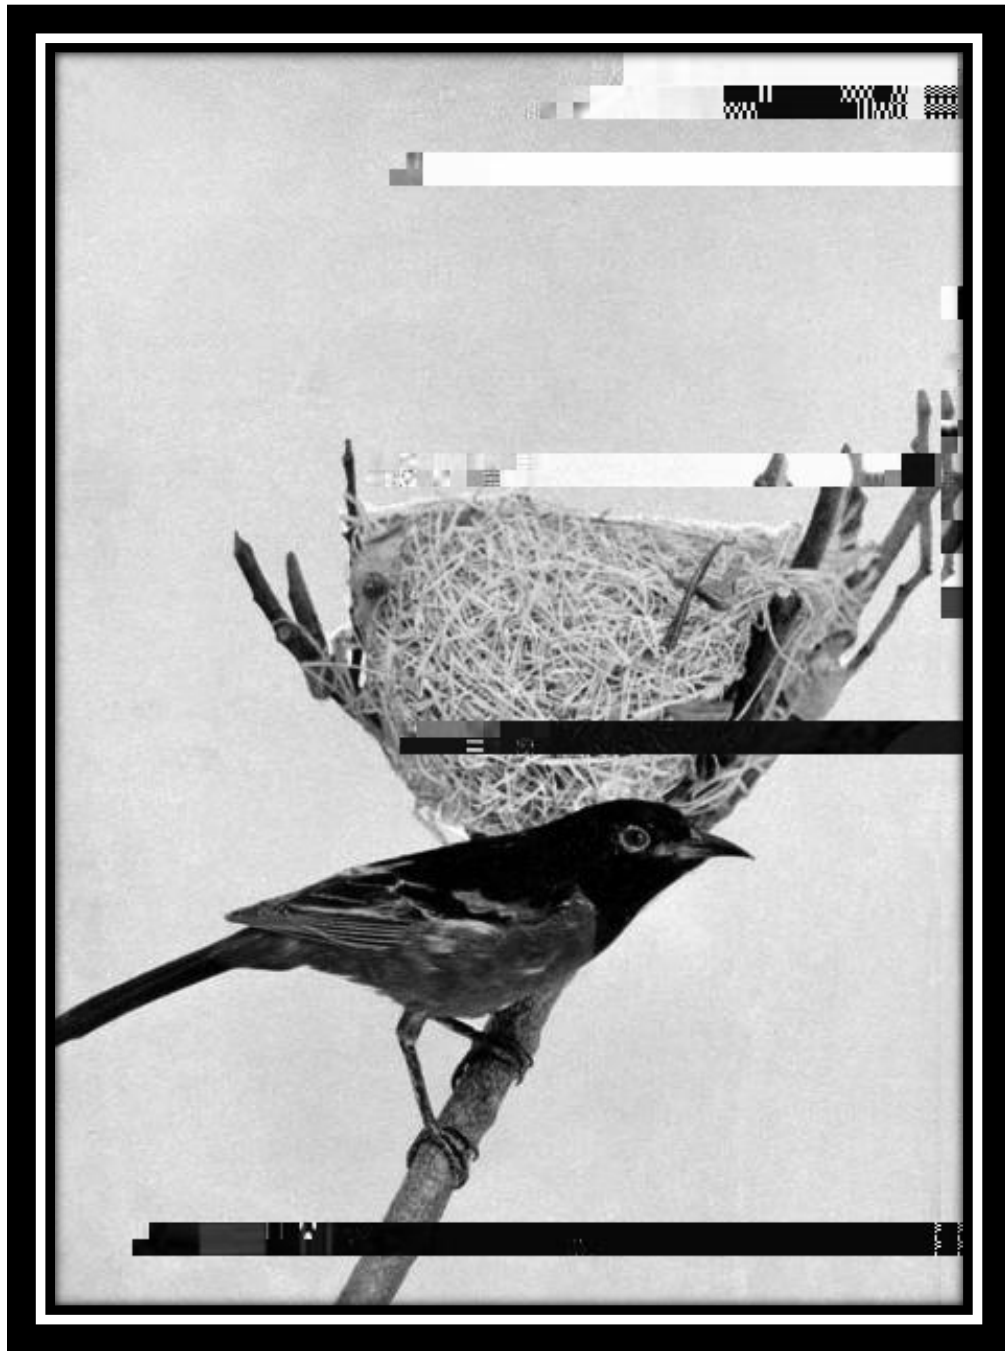

“Bullying wasn’t a big deal in the ‘50s, the ‘60s, the ‘70s, the ‘80s or the ‘90s. It wasn’t even that much of an issue in the early ‘00s. Why the sudden concern? It’s become fashionable to care about kids. It’ll go out of fashion again soon.”

HEN HARRIER KWANK

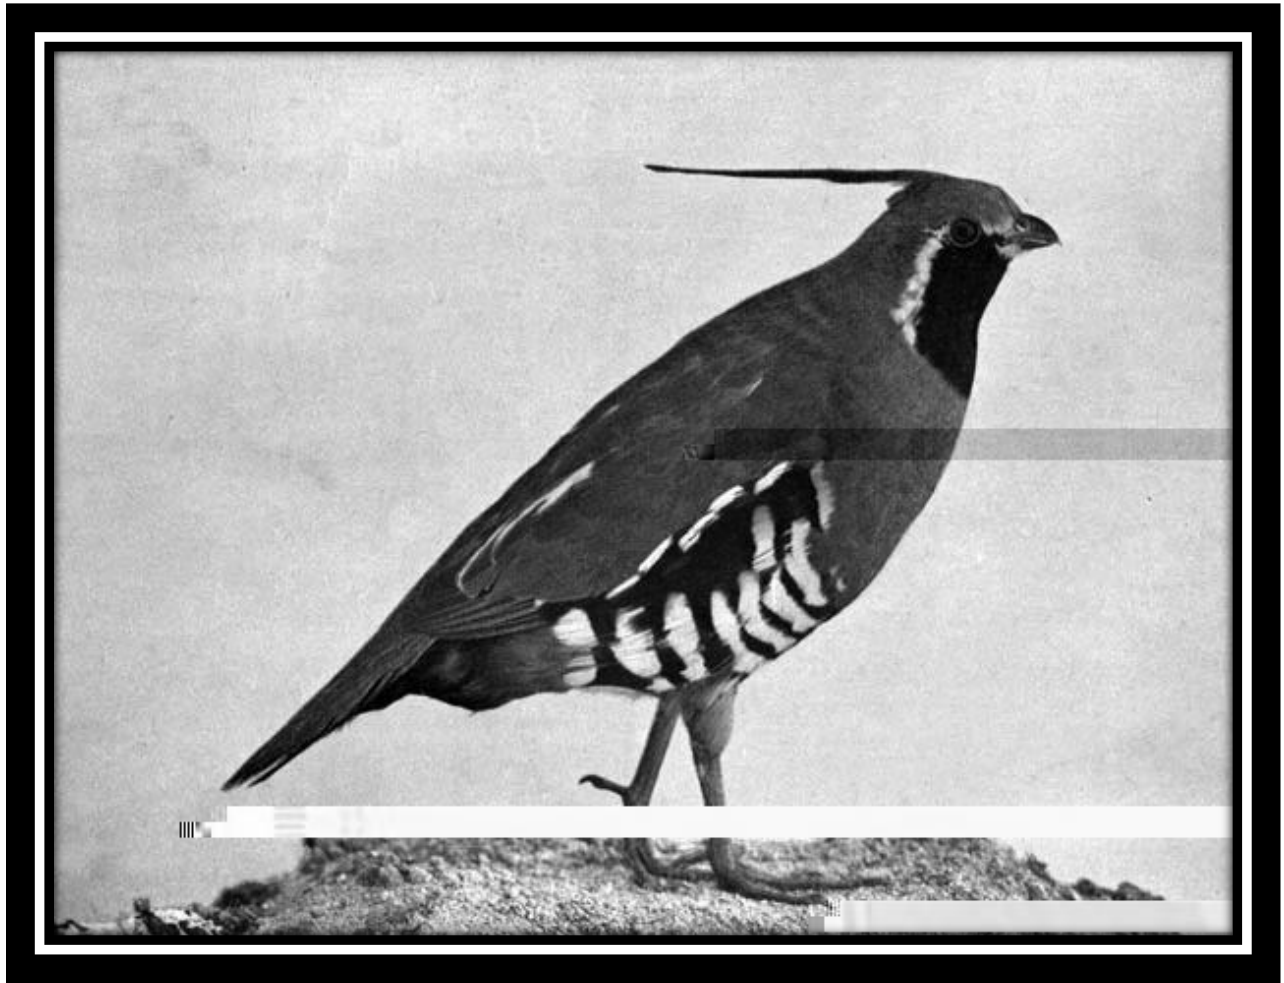

"I'm not afraid of crying. I just find it unhygienic."

ORCHARD ORIOLE KWANK

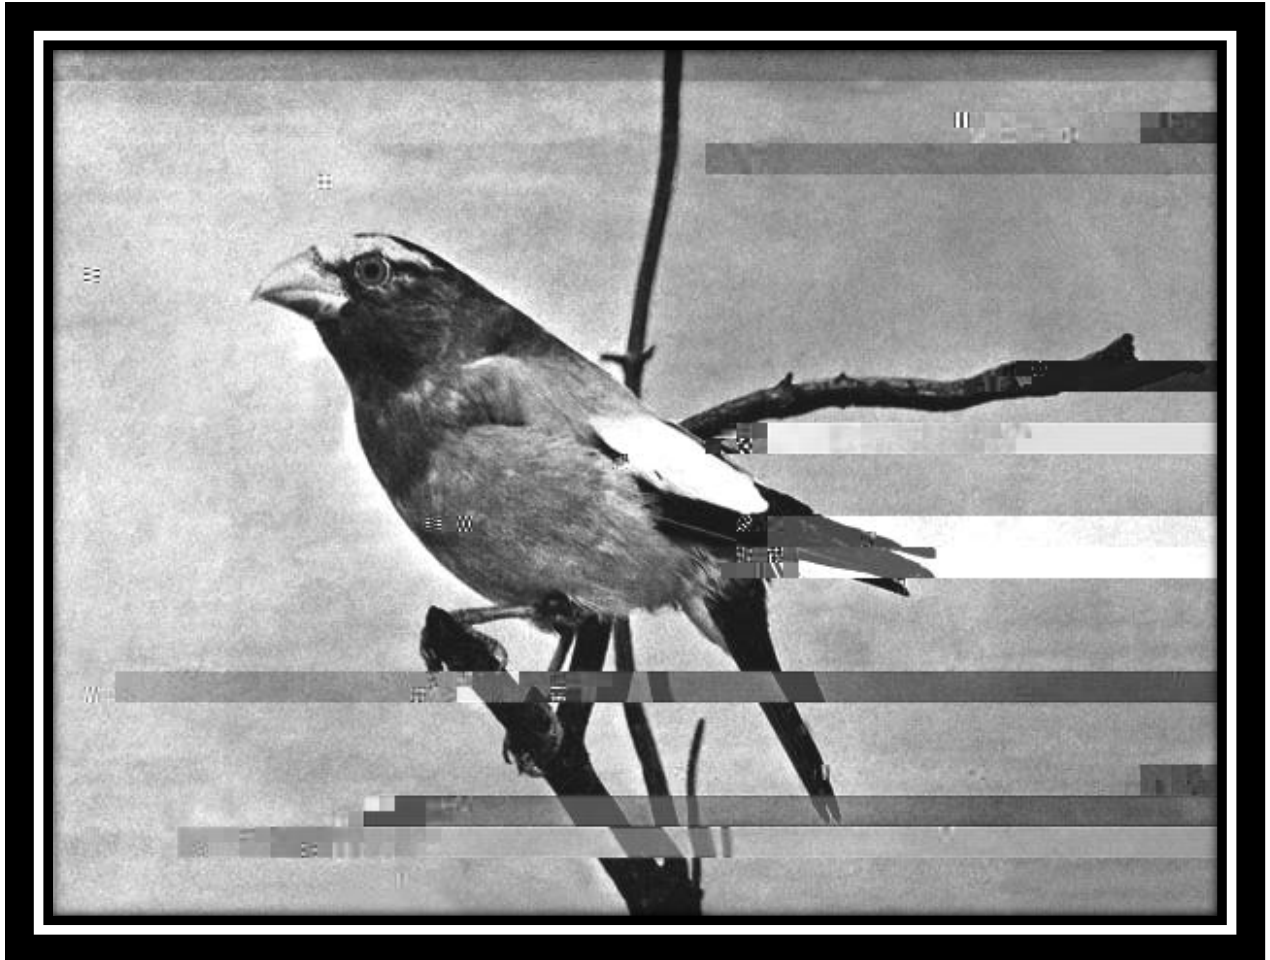

"I don't socialise much, but I don't have any weird thoughts. As far as I can tell, I'm completely normal."

MOUNTAIN BAMBOO PARTRIDGE KWANK

"I can't form intimate relationships because I'm afraid of what might happen if I split up with that person. I mean, all the personal information they know could be used against me. I'm definitely better off alone."

EVENING GROSBEAK KWANK

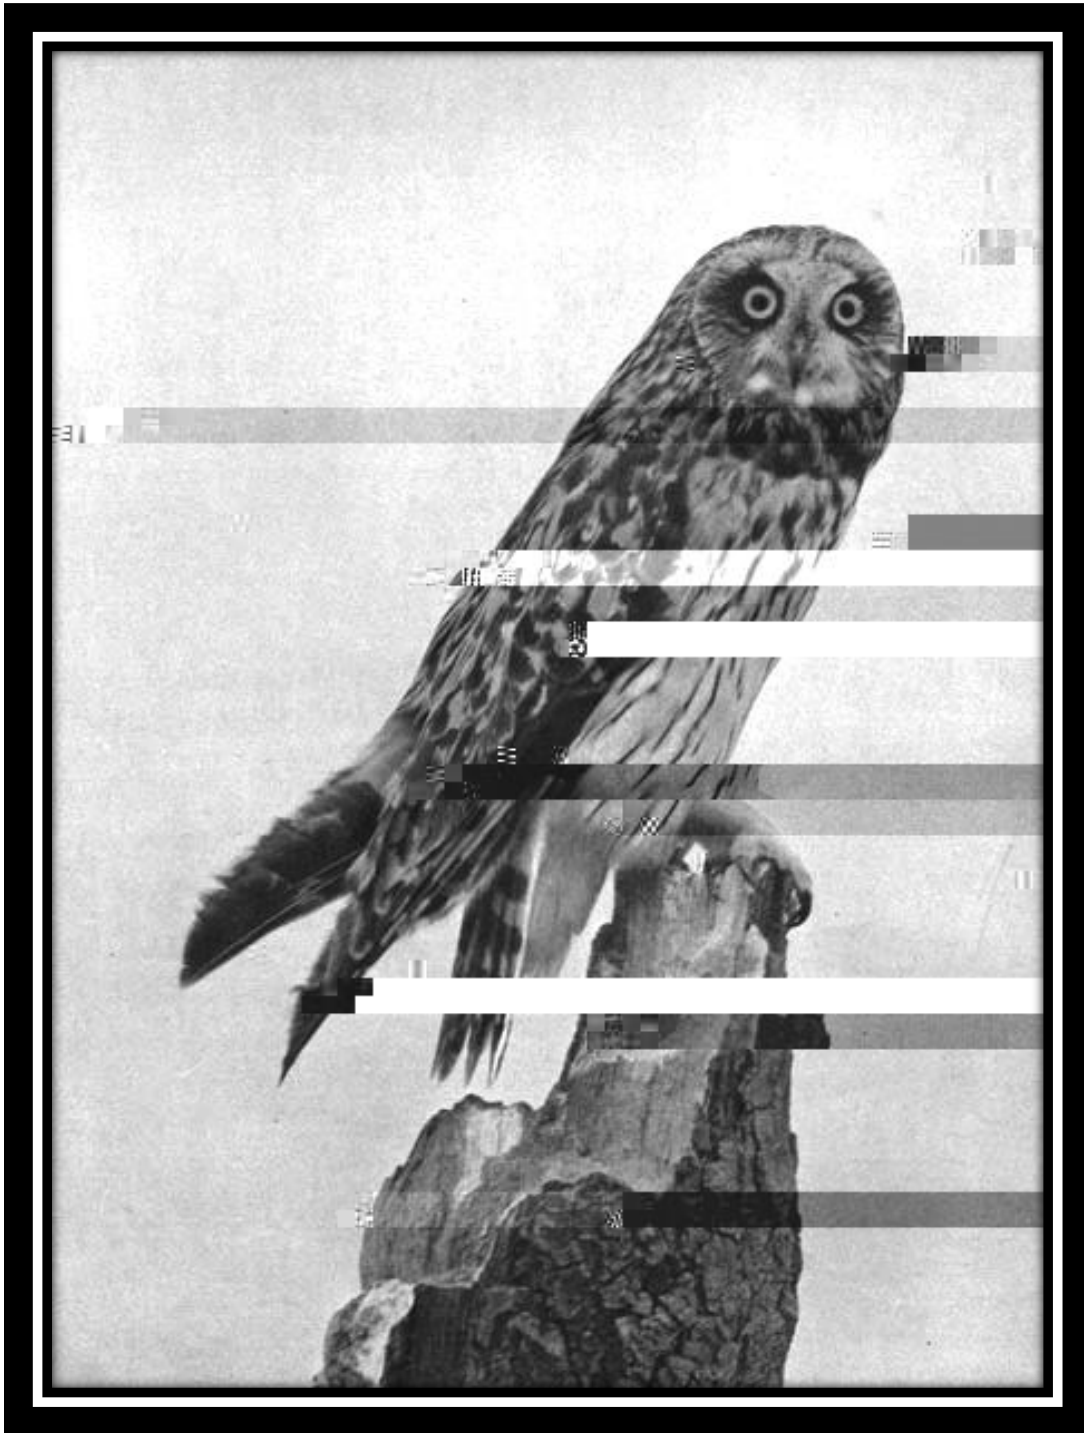

*"Next time you feel compelled to say something to me, don't bother,
you fucking little chimp bastard."*

CROWNED PIGEON KWANK

“If you feel hurt by someone suggesting you’re a slut, then there’s a good chance you’re a slut in denial. What I said was pretty much just the facts. You obviously can’t look at things unbiasedly like I can.”

SHORT-EARED OWL KWANK

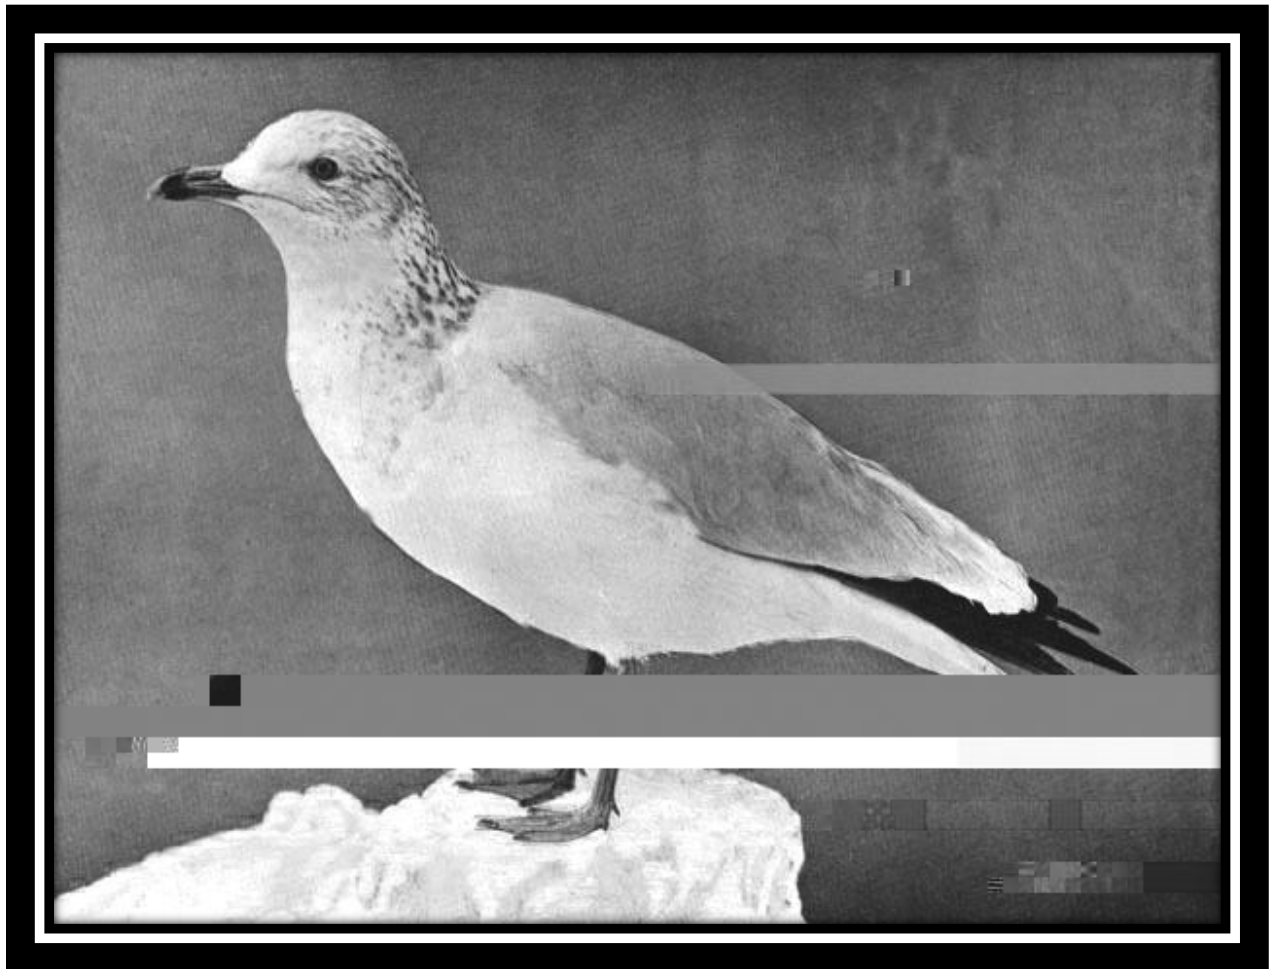

“The sexual abuse triggered what was already a genetically defective mind. That's my opinion.”

NIGHTHAWK KWANK

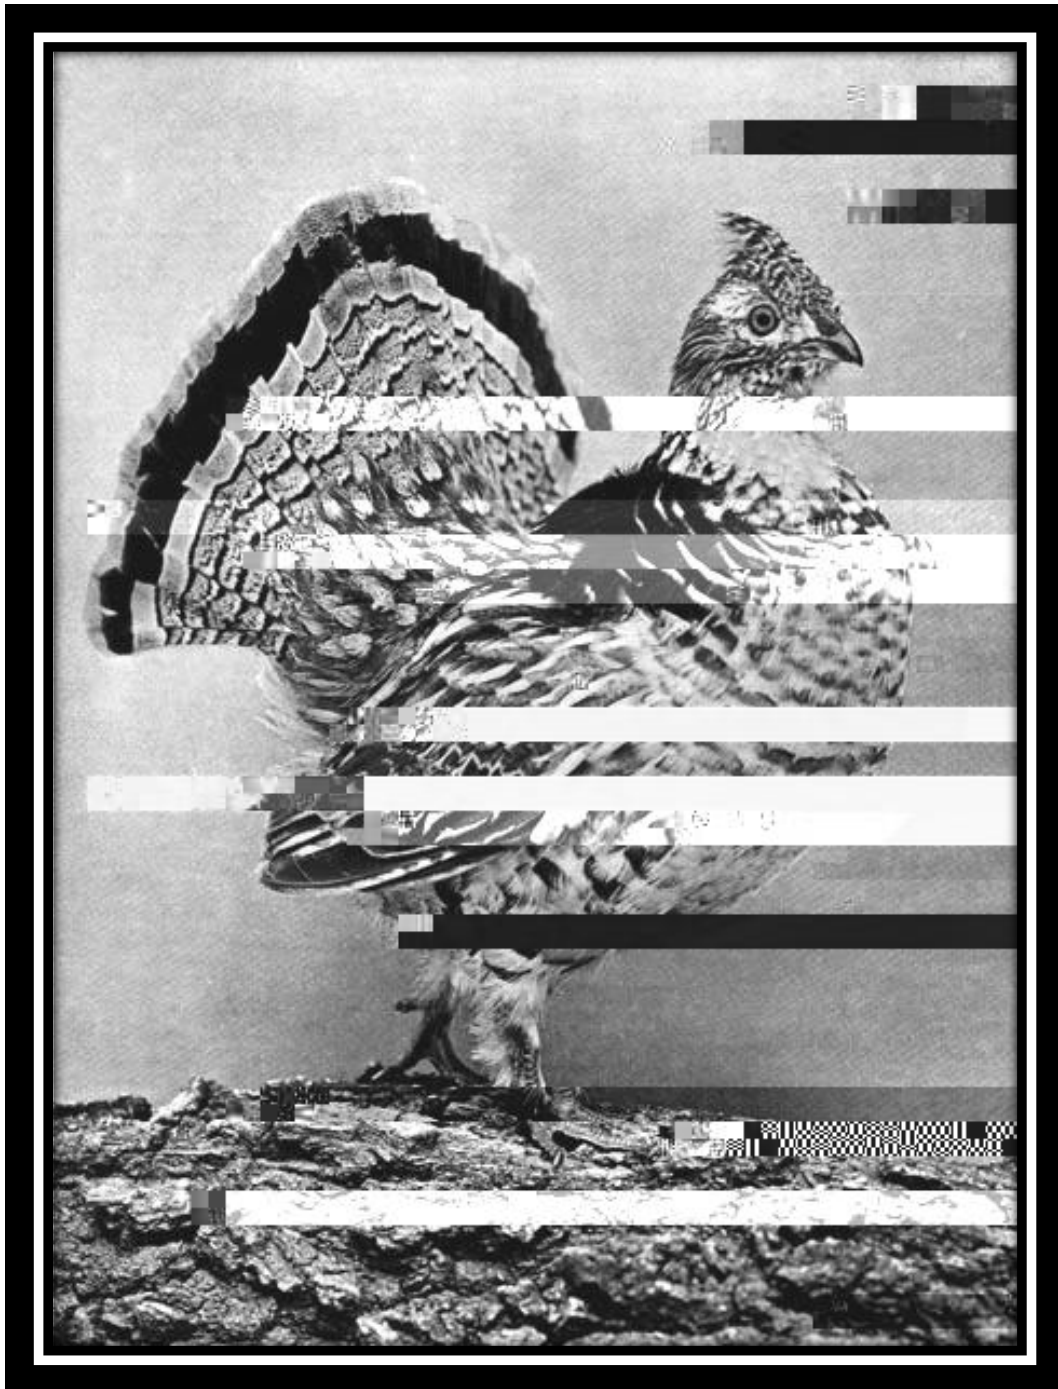

"Who do you think you are? Halle Berry? You tell her off for yelling but she wasn't even yelling. She ended up apologising for something she didn't do just to shut you up. You're so aggressive."

RING-BILLED GULL KWANK

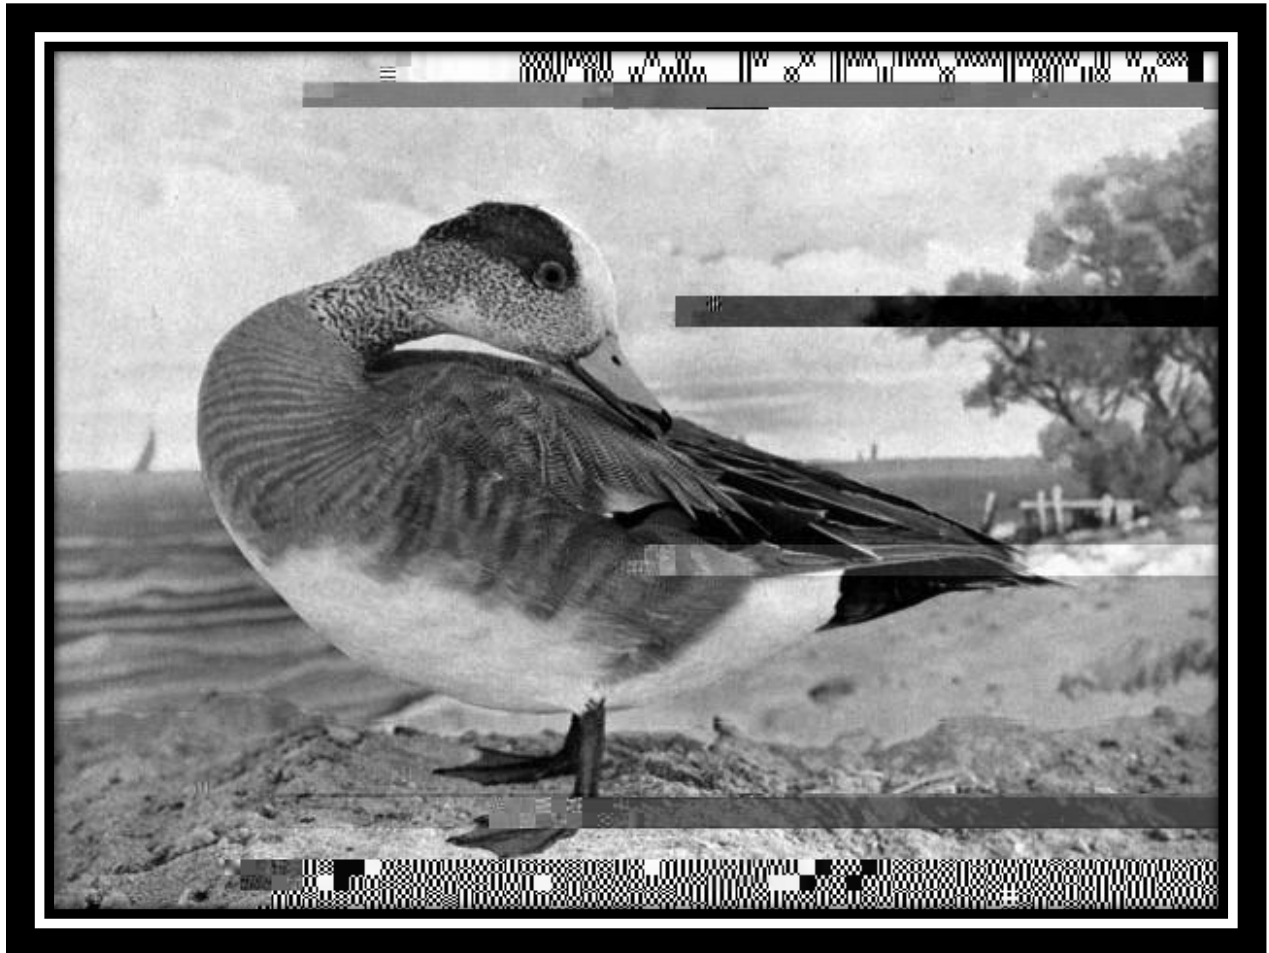

"You're a bad, bad man. They should have cut your penis off and glued it to your forehead."

RUFFED GROUSE KWANK

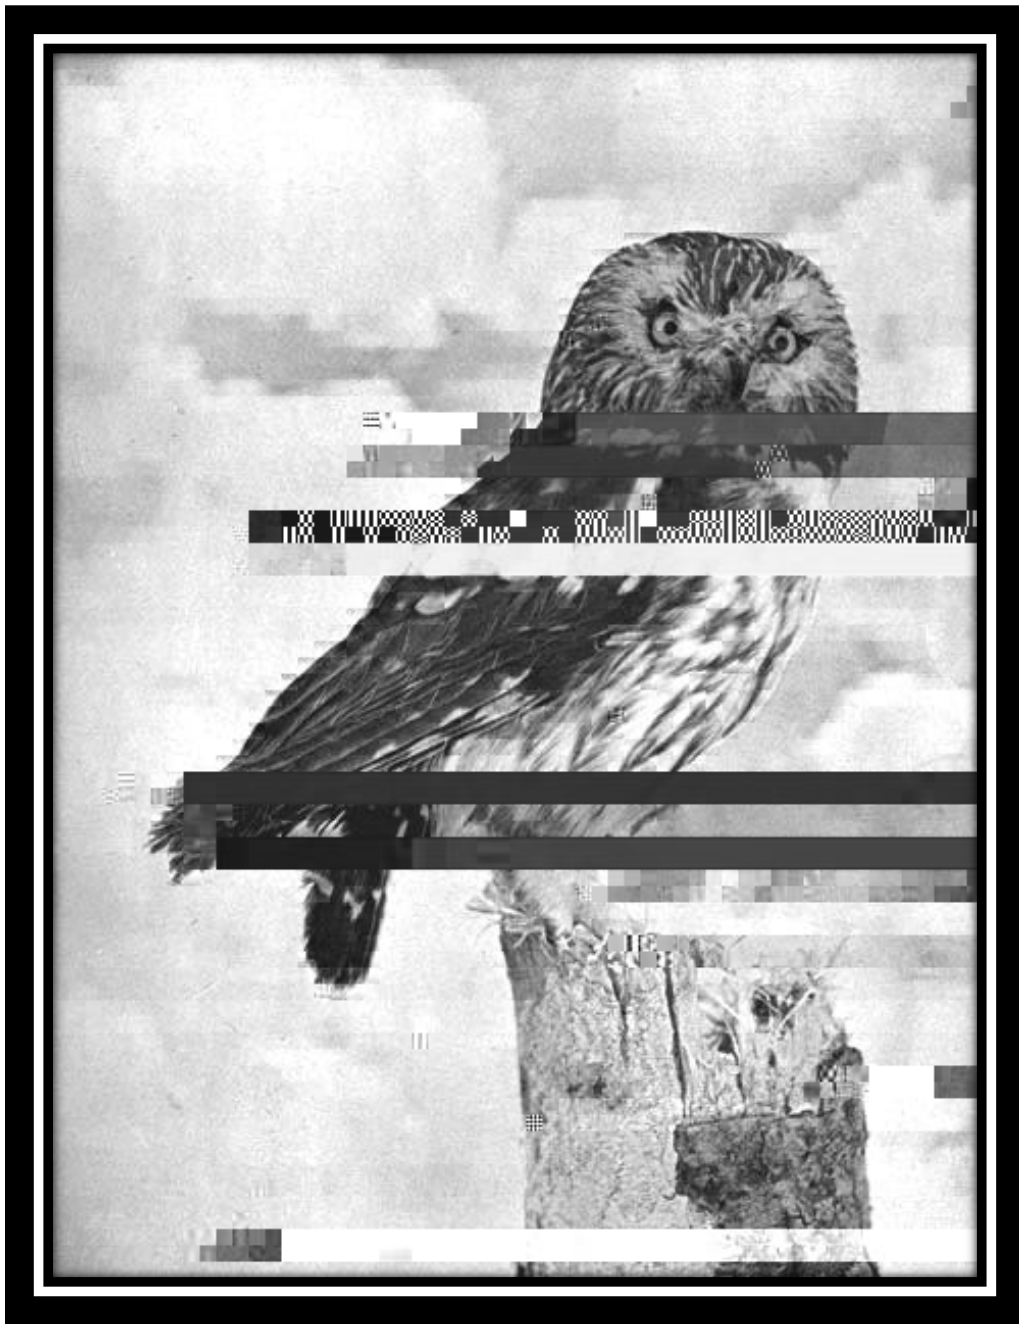

"If you tell your harasser you have a boyfriend, sometimes that just makes them even more excited. Watch out for that."

BALDPATE KWANK

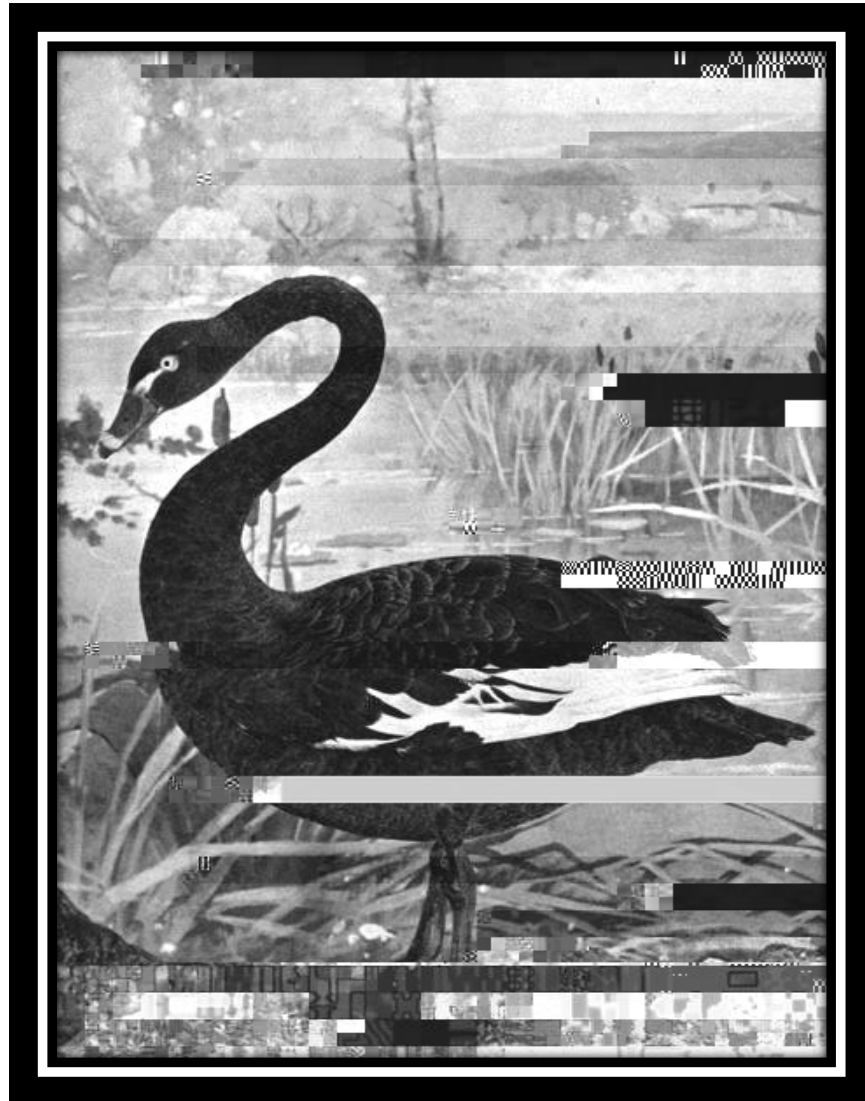

"For many years as a child, I had to cover my feet when I slept. My older brothers told me that dead people pull your feet in the night and I was terrified. One night, I felt my feet being pulled. I genuinely thought it was dead people, but then I heard my brothers laughing. I was frightened of the dark because of them. My dad said I should just leave my feet out and stop being silly because there was nothing to be scared of. Not long after that, I felt my feet being pulled again, just like before, only this time I heard my dad laughing afterwards."

SAW-WHET OWL KWANK

"You need to get the fuck away from me and only come back when you've learned some common fucking courtesy, you stupid little cunt."

BLACK SWAN KWANK

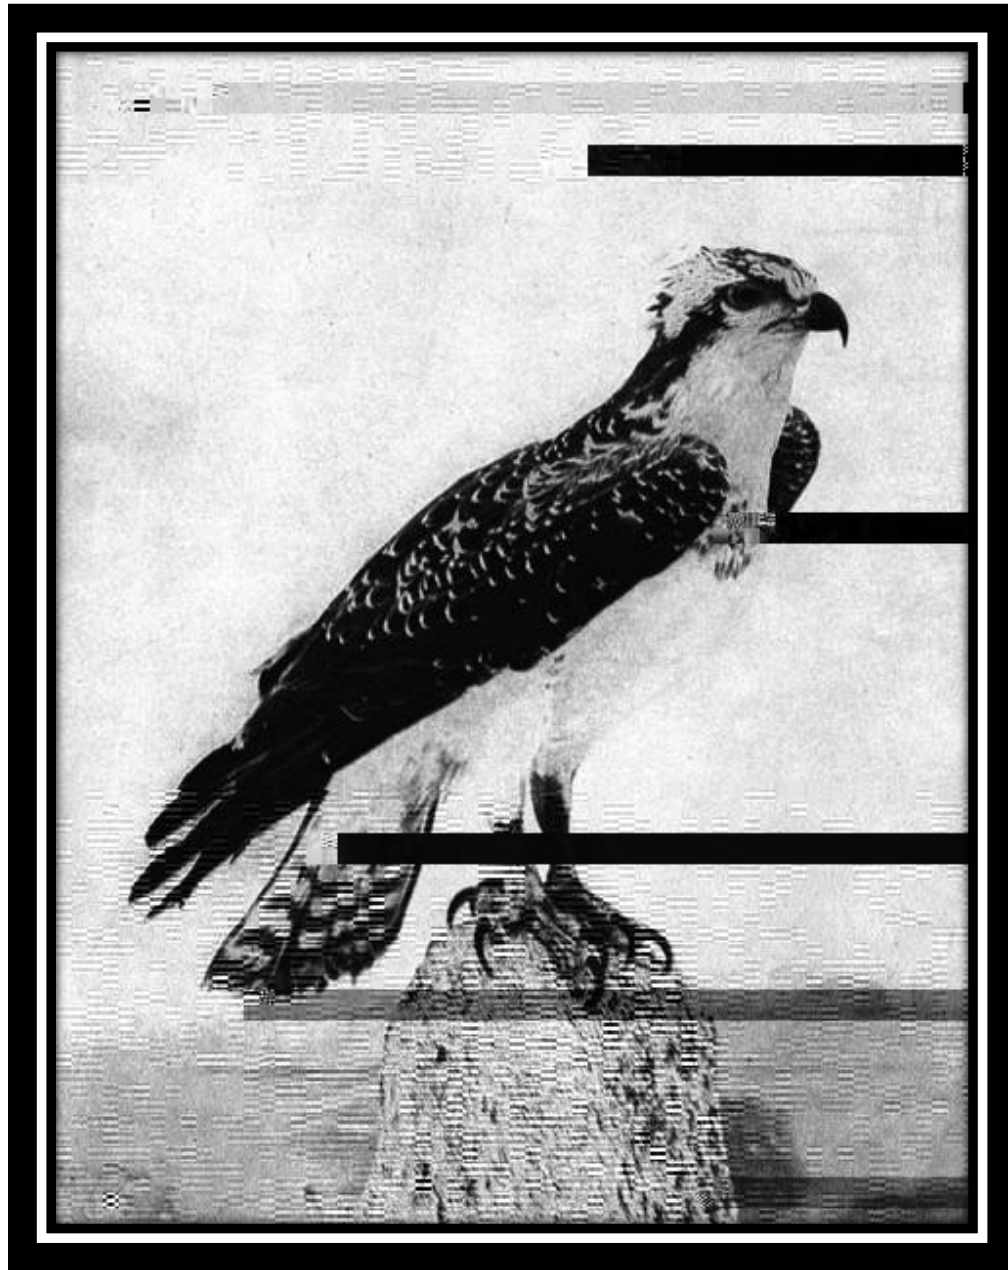

"I'm not much of a going-out person, but I went to a hen night recently. The only person I really knew was my mum, so I felt a bit awkward. When we went onto another bar and people started getting drunk, I could feel a sense of dread building up inside me. My chest and throat suddenly felt tight. I went completely silent and tears started coming out. My mum noticed after a while, so she took me outside. I just started bawling my eyes out on the street and we had to go home. I don't even know why it happened."

RED-BREASTED MERGANSER KWANK

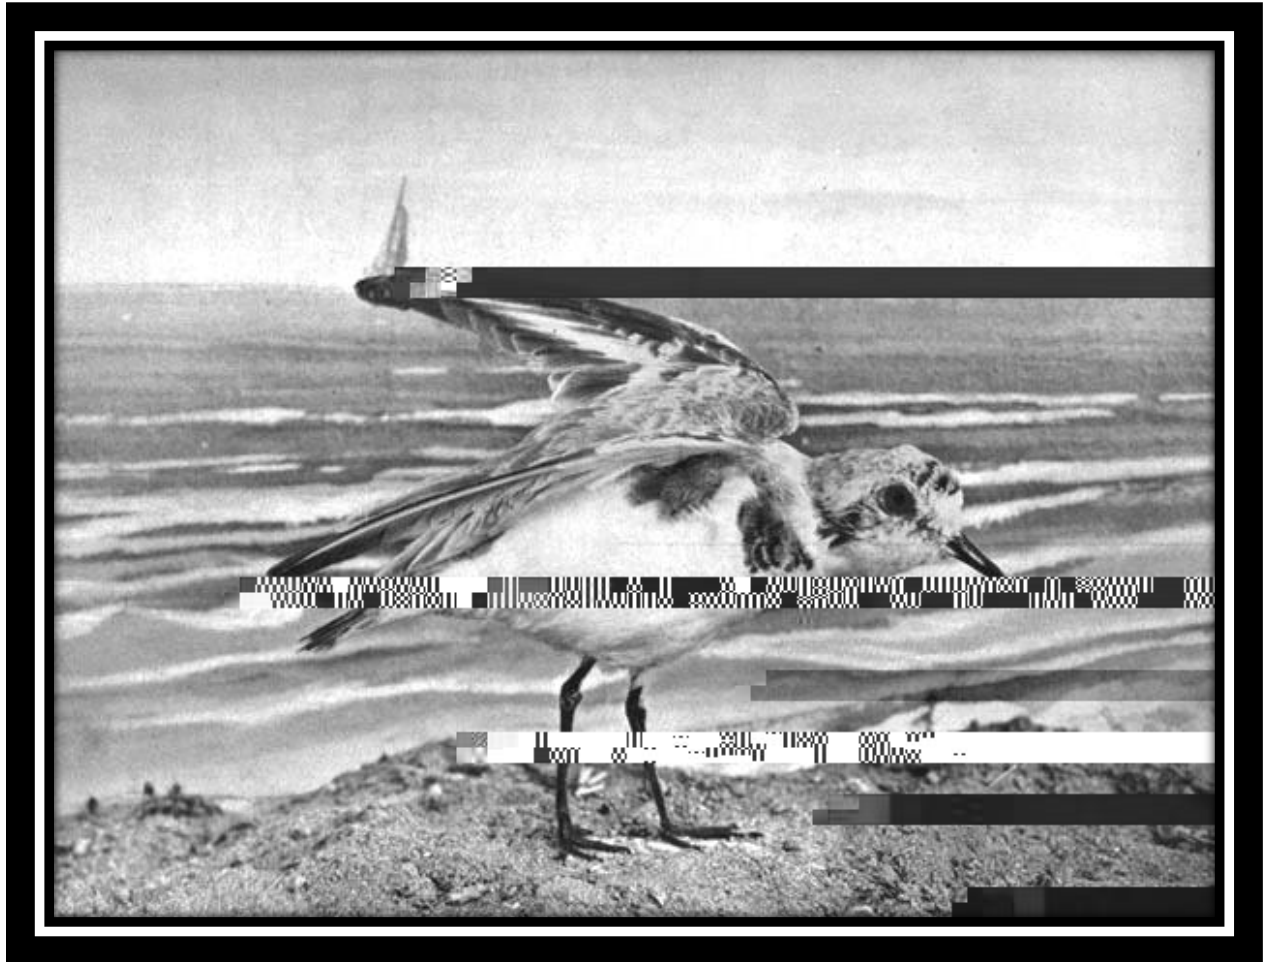

*"I always laugh when people get tasered or pepper-sprayed by cops.
But I also laugh when cops get shot. Does this mean I have
Asperger's?"*

OSPREY KWANK

"Infants know crying gets their parents' attention. They know this throughout childhood. They are clever. I know this for a fact because I got a girl pregnant in Greece and the baby was crying the whole time I was there."

SNOWY PLOVER KWANK

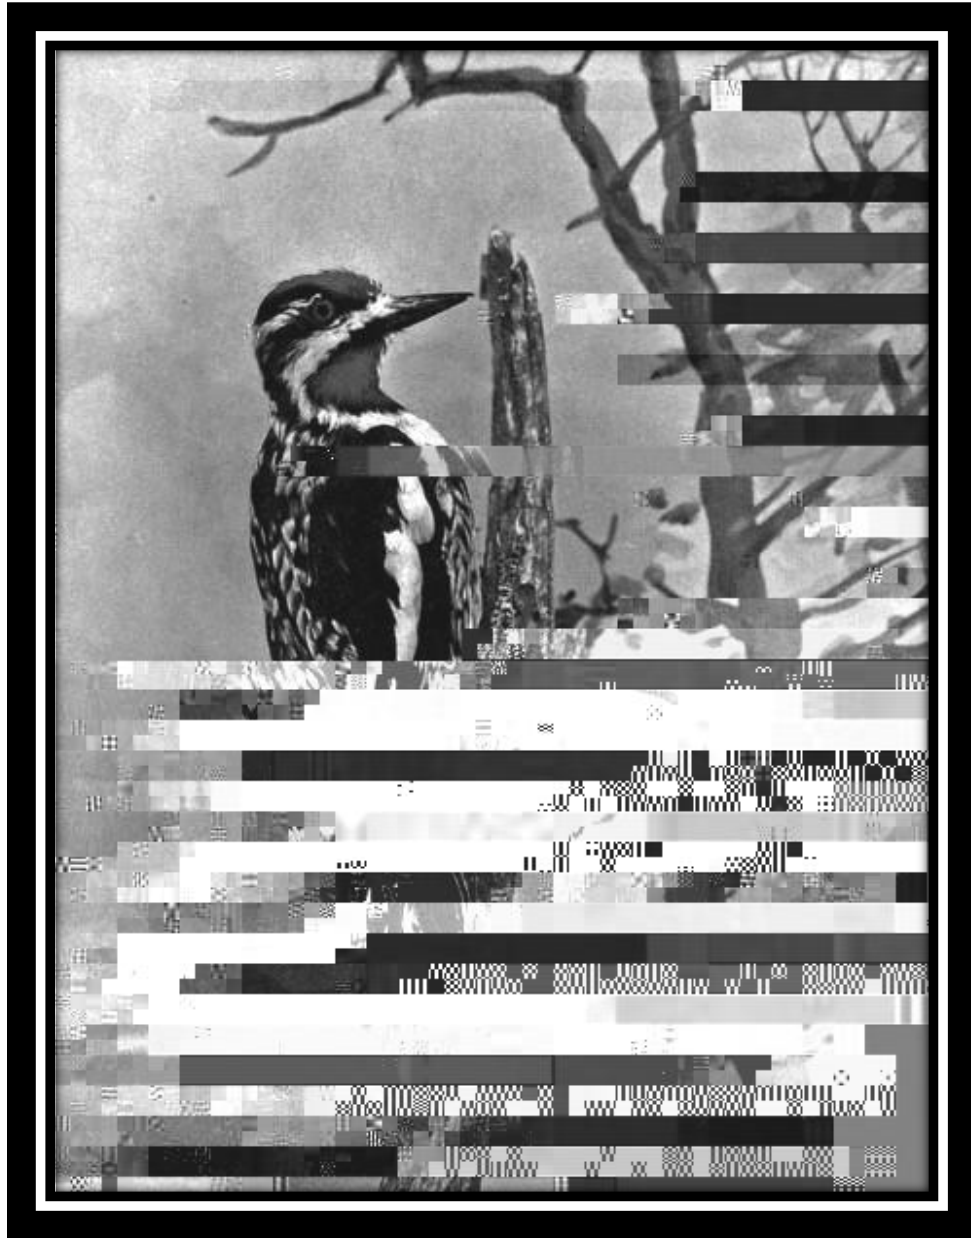

"When my sister was being stalked, I felt jealous."

WILSON'S PHALAROPE KWANK

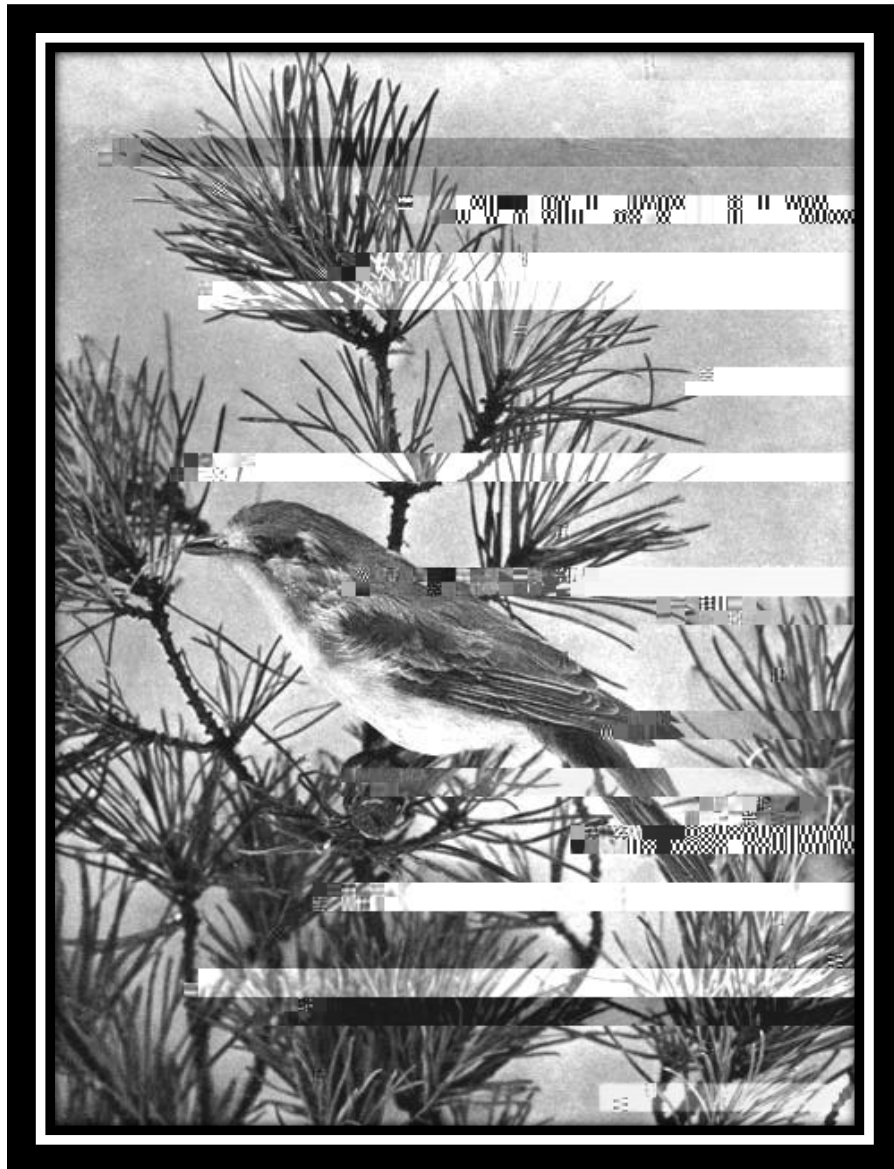

"You're suffering from two different conditions. One is cancer, which can be treated with medication; the other is being a dick, which is incurable."

YELLOW-BELLIED SAPSUCKER KWANK

"People used to hit me and spit on me every day. You'd have a bad temper as well if that happened to you."

WARBLING VIREO KWANK

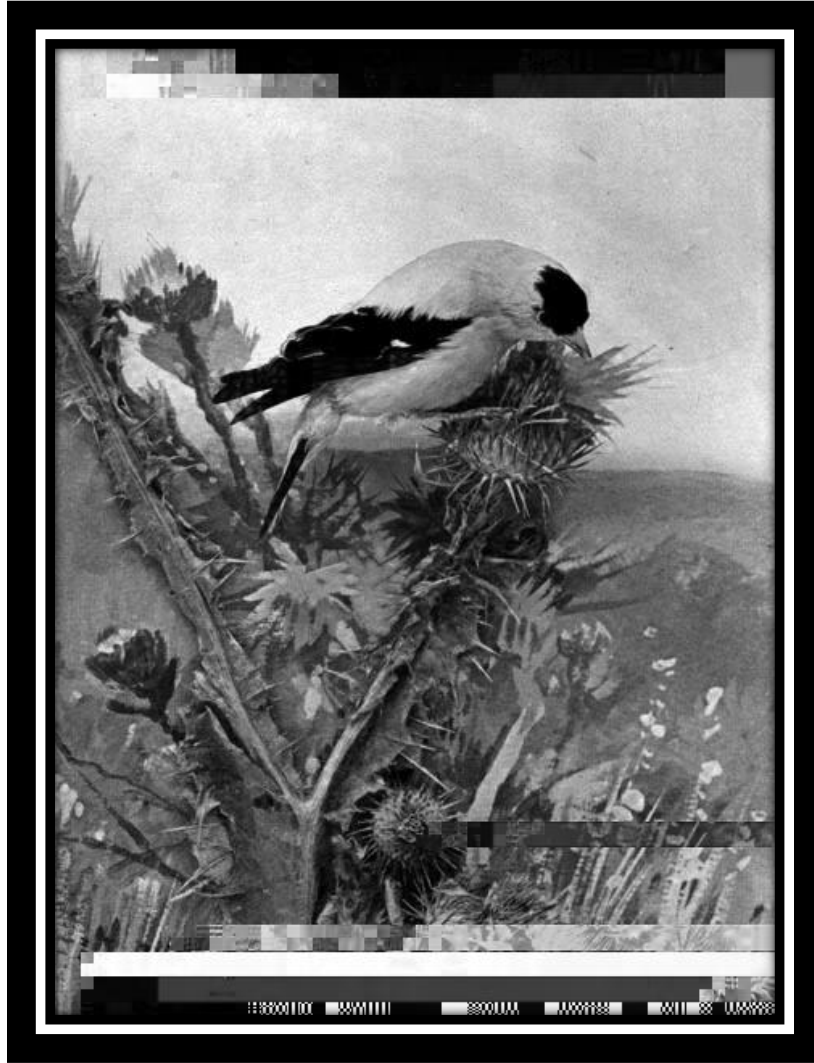

"If that happened to my child, I would have killed everyone responsible. Every single one of them. And their family members. Sisters, mothers, elderly grandparents – the lot. They would all be burning in Hell right now if it was my kid. All you did was sit around feeling sorry for yourself. What a fucking pussy."

SNOW BUNTING KWANK

"I totally sympathise with Denise Welch. When my boyfriend announced that he'd booked a romantic holiday in Paris for the two of us, I didn't feel anything. My face was completely blank. I think that's when the alarm bells starting ringing for him."

GOLDFINCH KWANK

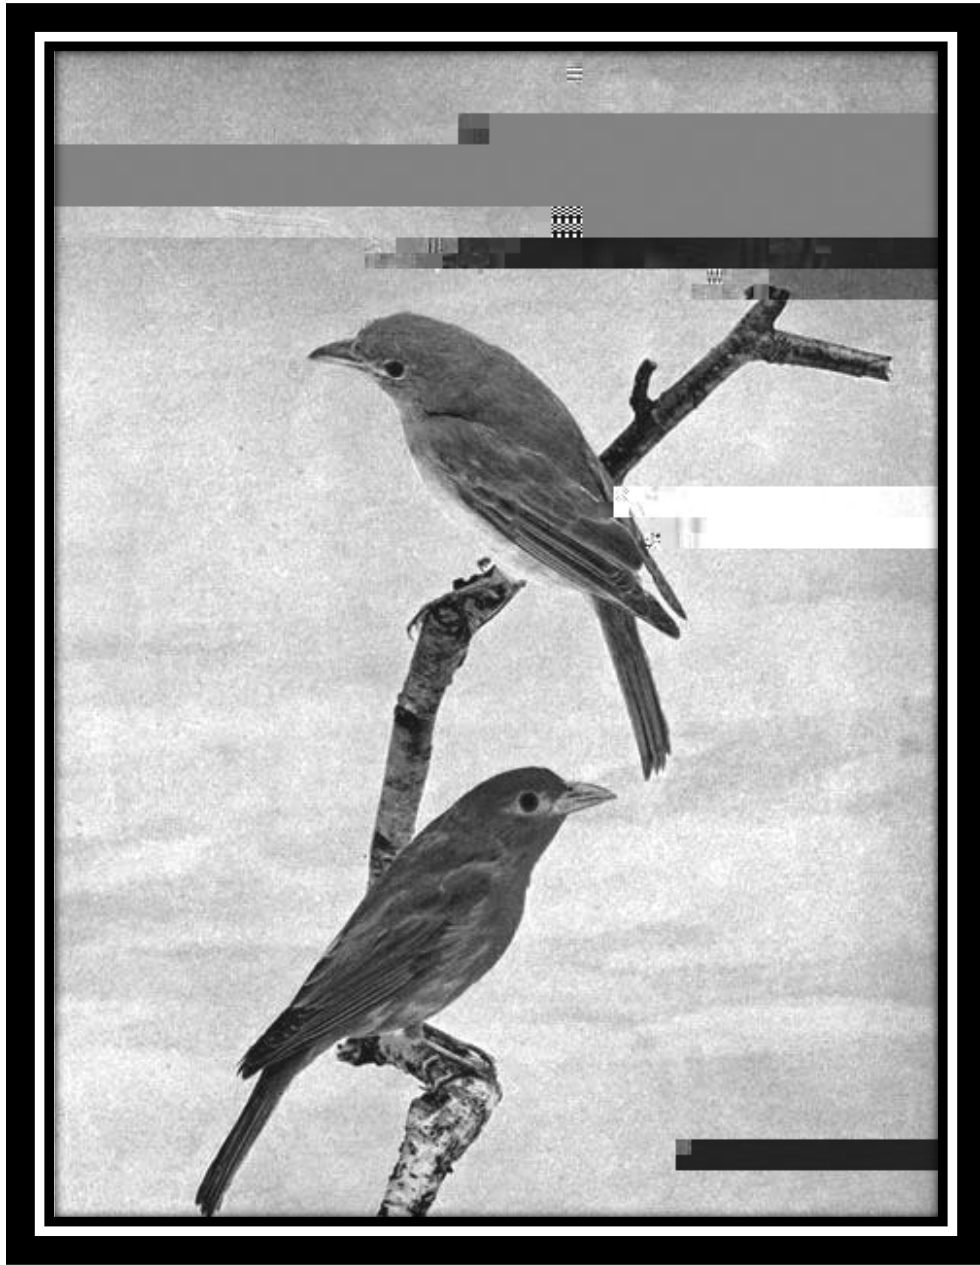

"I have every right to use a camera to protect my house. I can put it inside or outside. It's my choice. Saying I'm spying on you just because it's in my living room is stupid. If I put it outside it will get damaged by the weather or stolen by criminals. I have the right to protect my property. It has to point directly at your windows because there's nowhere else for it to point. Should I point it at the sky or something? You're paranoid. Why would I want to watch you and your children anyway? If you call the police, they'll just agree with me. Don't bother."

WHITE-FRONTED GOOSE KWANK

"You described your son as 'athletic' when he's clearly obese. You said it while he was standing there eating a cake and we all looked at him and sniggered. You told everyone he's a 'genius' on the guitar, but he played for us and he's bad. He's really, really bad. No one could think he's good. To begin with, I thought you were just one of those parents who believes their child is great, but you're actually abusing him with your praise. It's obvious now."

SUMMER TANAGER KWANK

“Why the fuck do you keep mentioning Harry Potter, you stupid lump of shit?”

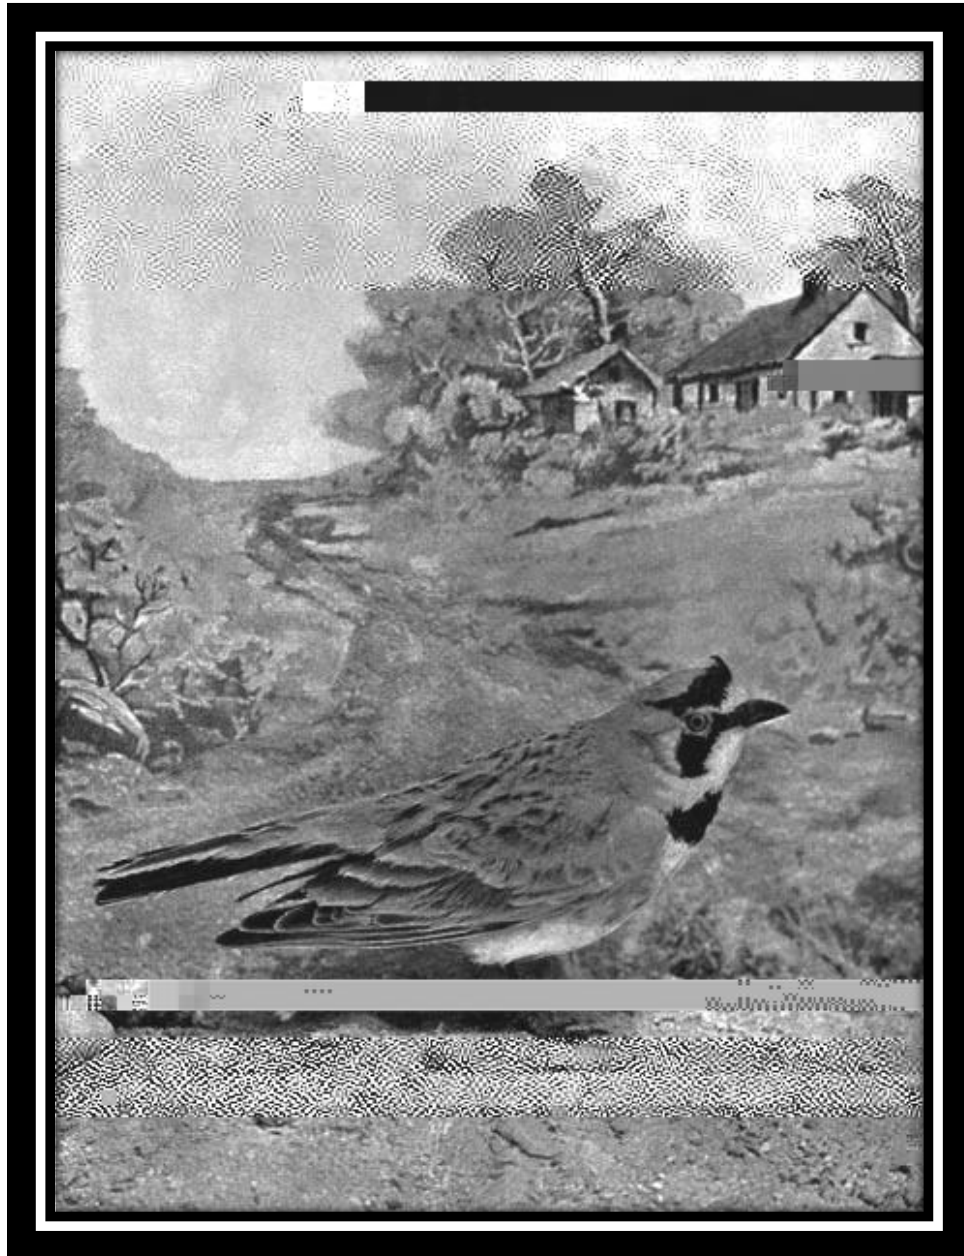

“I’m trying to make the point that Harry Potter being real is just as likely as your mental ideas being real. If 9/11 was an inside job and the Moon landing was fake, why is Hogwarts not a real school?”

KINGFISHER KWANK

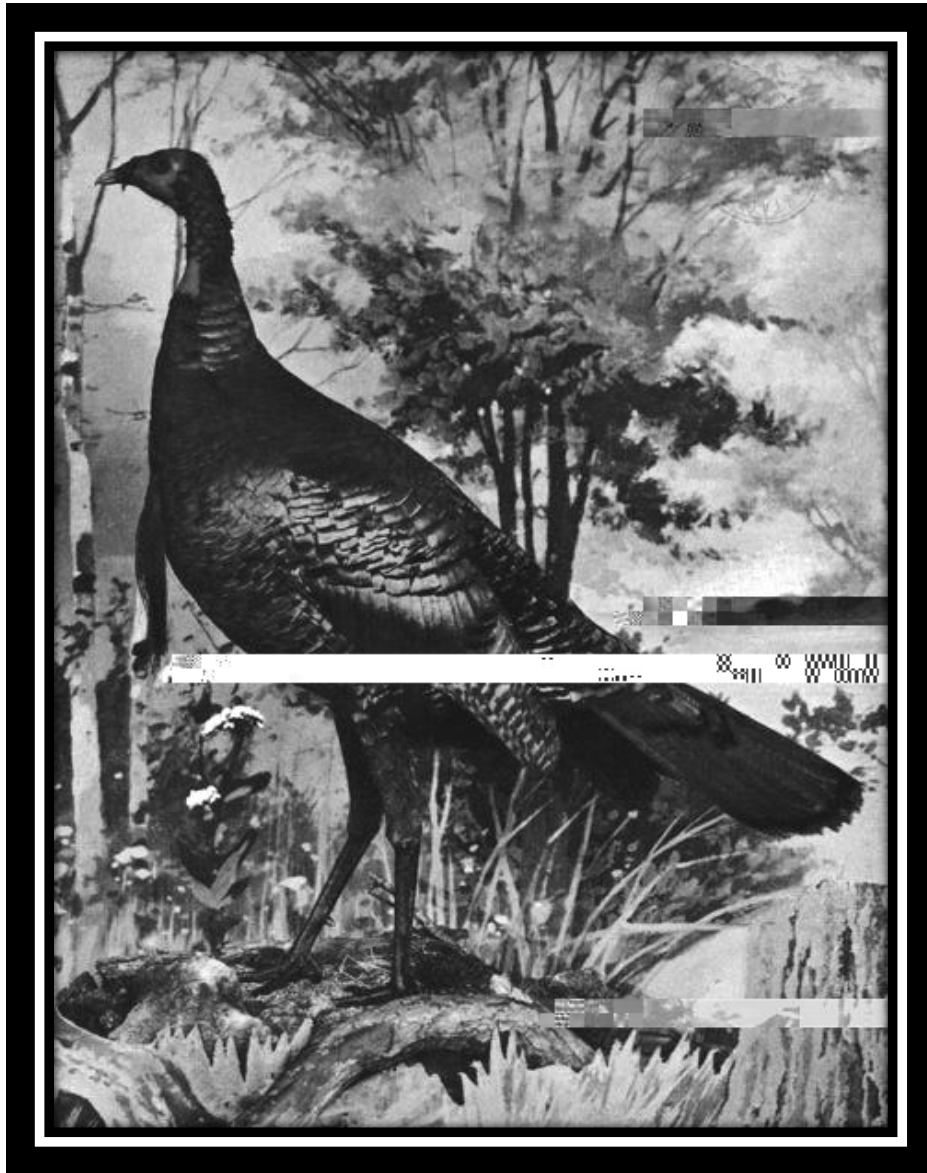

"I sure could use some pussy right now."

HORNED LARK KWANK

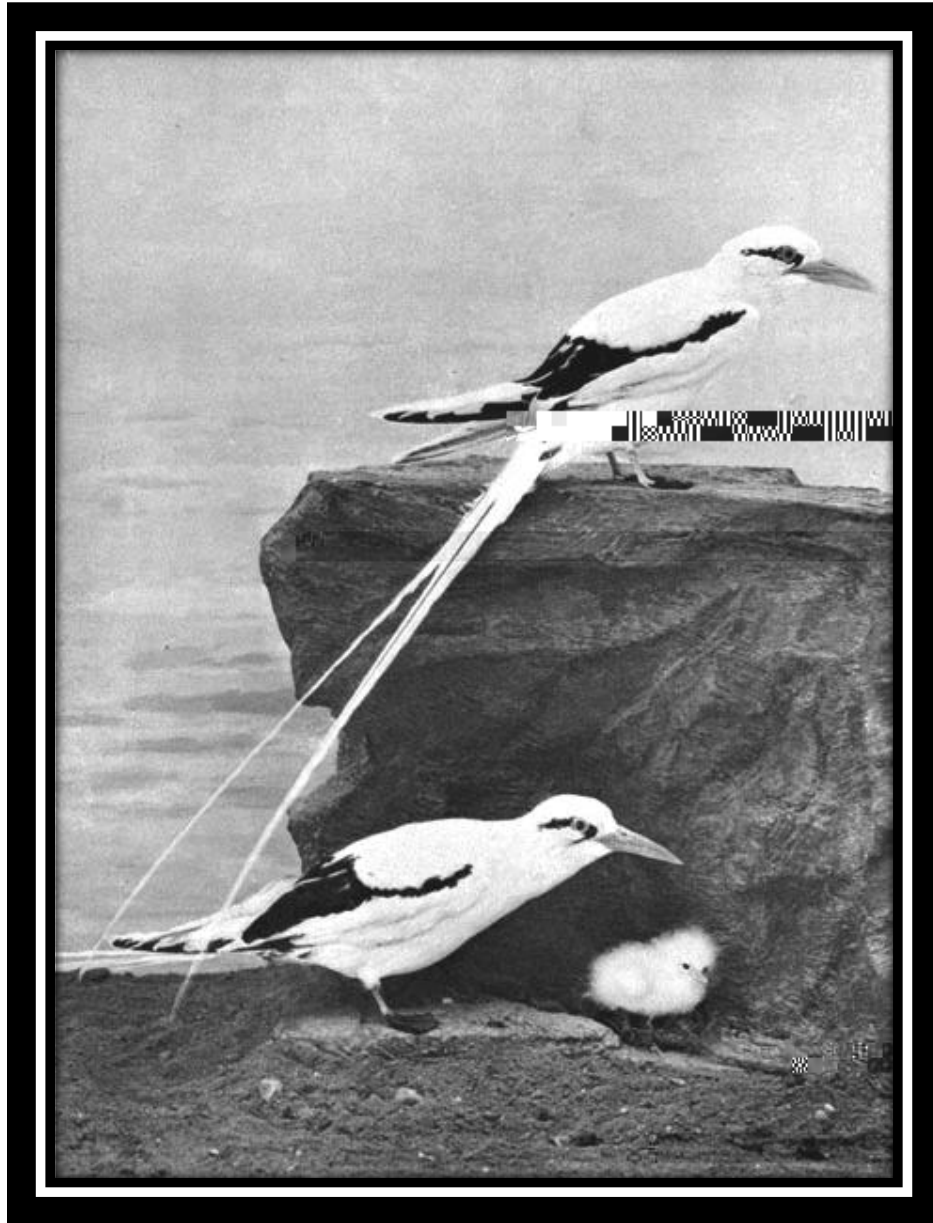

“The suggestion that a male child might enjoy it is frankly disgraceful. It’s just as damaging for a young male as it is for a young female, only in different ways. I know because I’ve experienced it. You get raped and then have to pay child support to your rapist. It’s a huge kick in the teeth, but no one cares because you’ve got a dick.”

WILD TURKEY KWANK

"I was making cupcakes with my family yesterday. When it came to the sprinkles, I couldn't cope with them being uneven, so I put them on one by one with tweezers. They had to be the same size, parallel with each other and no sprinkles of the same colour could be next to each other. Everyone else left me alone in the kitchen while they went to the pub. I spent pretty much all evening on my own, but it had to be done."

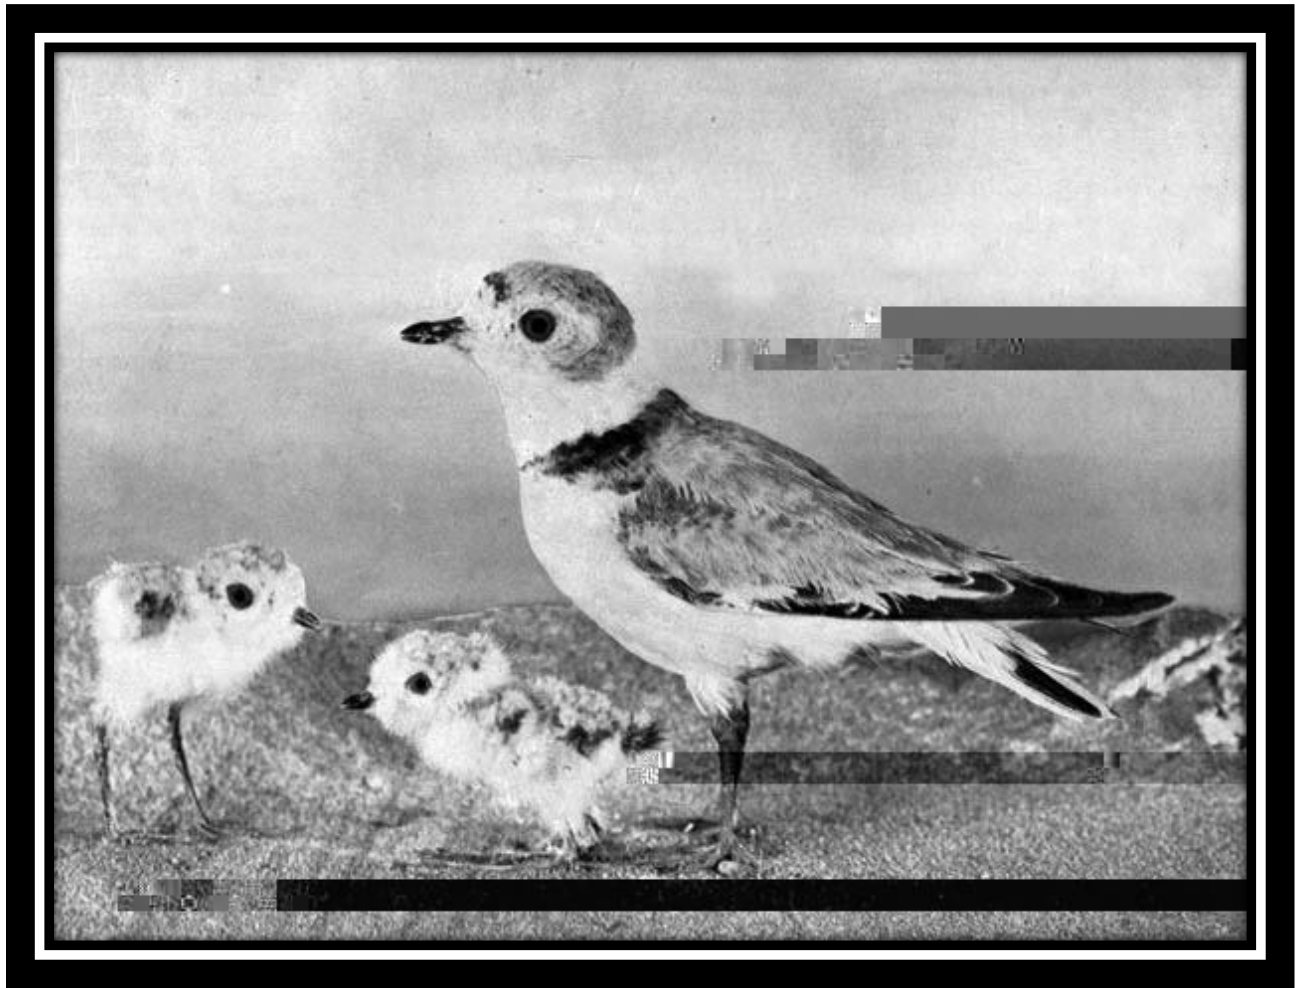

YELLOW-BILLED TROPICBIRD KWANK

“Could you please mind your language – there are children present.”

“‘Puke’ isn’t a swearword, you fucking retard.”

BELTED PIPING PLOVER KWANK

"My eyes need a tissue."

VERMILION FLYCATCHER KWANK

"My sister just called me to say her soul floated out of her body and she looked down on herself on the bed. She said she's full of joy and had a conversation with an angel. I'm really getting sick of this shit."

LAZULI BUNTING KWANK

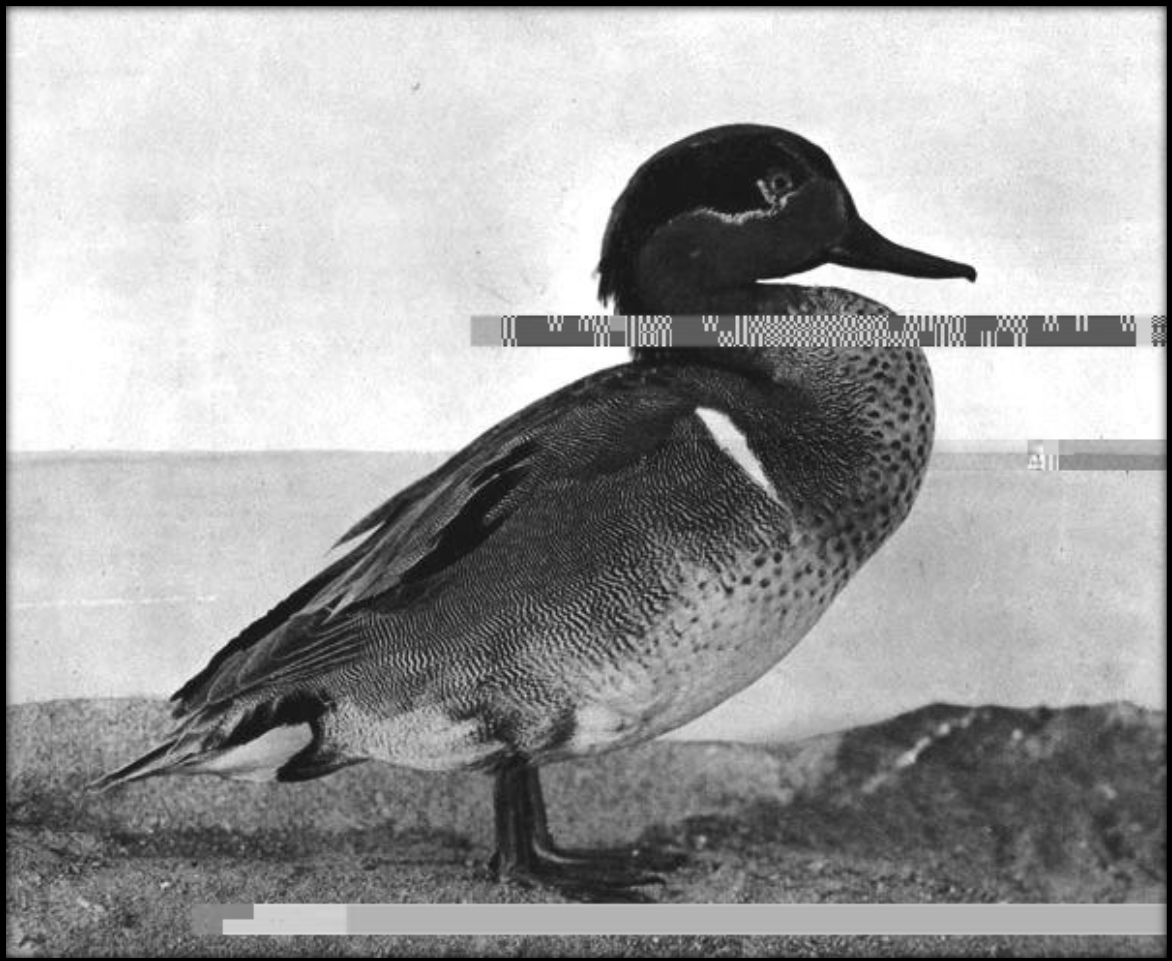

"I saw some blood recently, but the next time I jerked off it was gone. It doesn't worry me. I think it was just the spicy food passing through my reproductive system."

JUNCO KWANK

“Go and pour some bleach in a coffee cup and drink it, you fuckwit. You’re a waste of skin and your stupidity is impeccable. I hope you get hit by a truck while you’re dying from the bleach.”

GREEN-WINGED TEAL KWANK

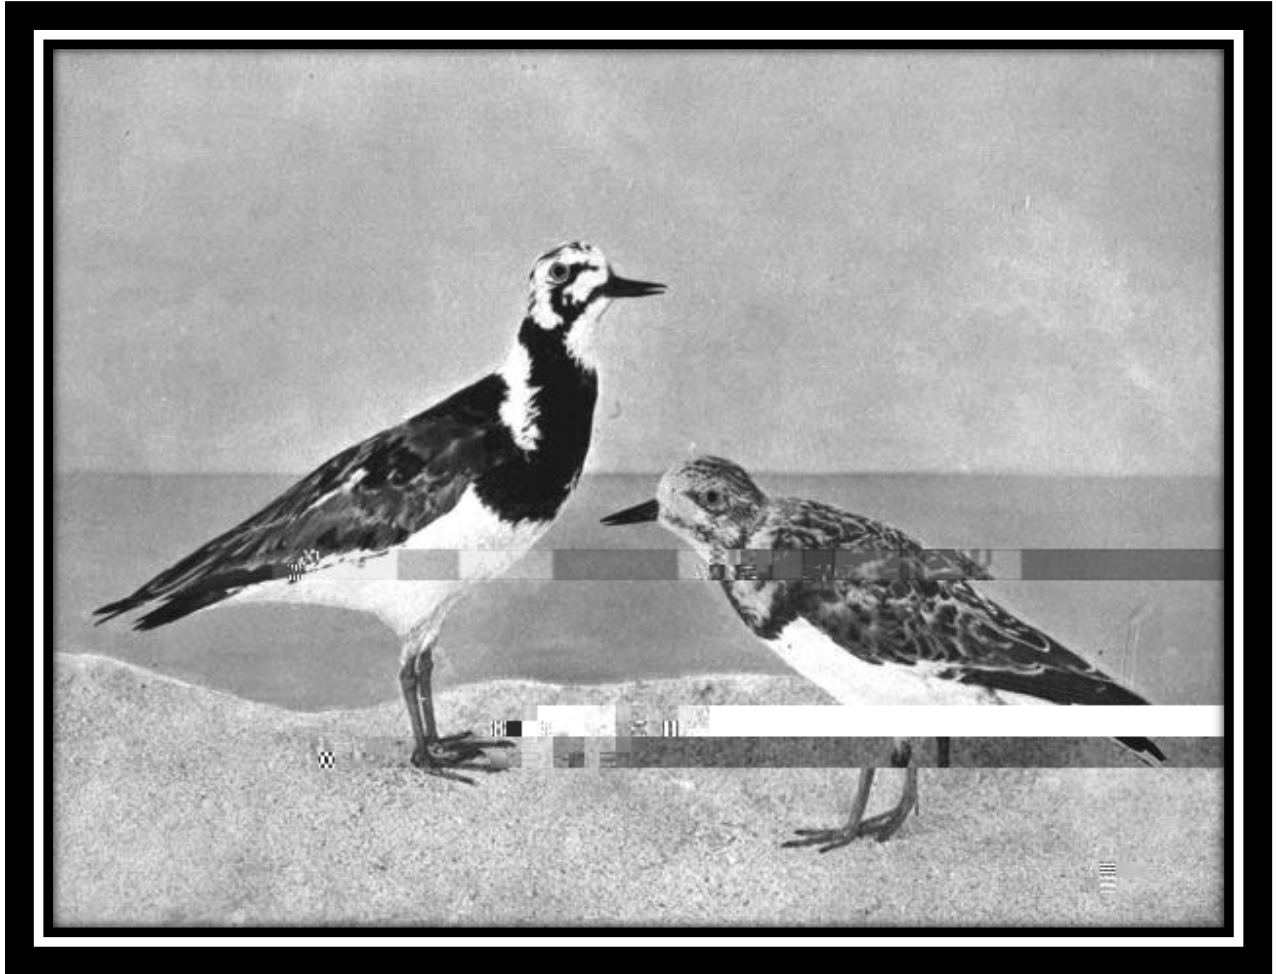

“You are using your sex powers again, young lady. I can see through it even if no one else can. You used them on Alex, Daniel, Trevor, Barry and Barry’s dad. You cannot keep using your sex powers to get what you want. One day your powers will fade and you’ll have nothing left, but before that other people will hopefully see through you like I see through you. I don’t like the way you behave, miss. It’s not how I think a young lady should behave. You are crying out to have someone teach you the hard way.”

BLACK GROUSE KWANK

"I'm not implying anything. I'm just saying you don't seem that upset about your husband dying. Your reaction just seems a bit weird to me, that's all."

TURNSTONE KWANK

"What about the facts? You keep ignoring the facts!"

"I smell an enormous amount of fear coming from you."

VERDIN KWANK

“There have been many occasions when I’ve been at a social event and people have asked me why I’m being so quiet. I always say I’m tired because it’s the easiest excuse. I don’t feel able to tell them the truth.”

BRONZED GRACKLE KWANK

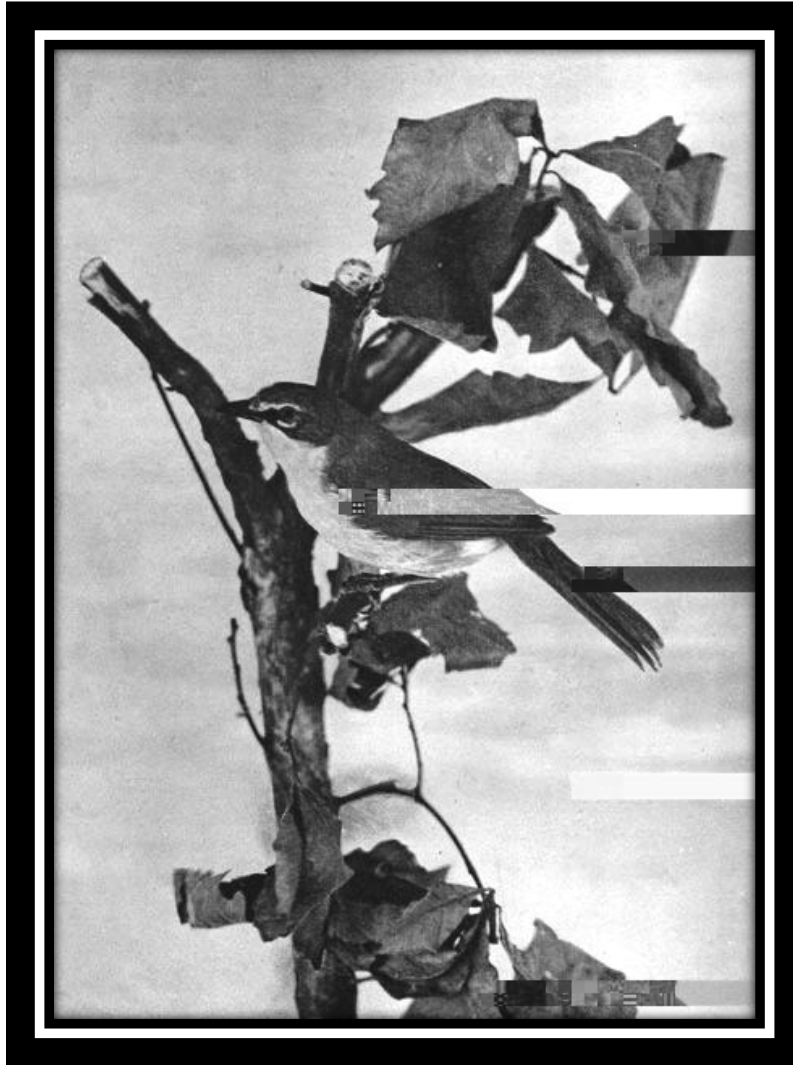

“When I went to hospital after my second suicide attempt, one of the nurses stole an Amazon gift card out of my wallet. She just laughed at me when I confronted her about it.”

FLAMINGO KWANK

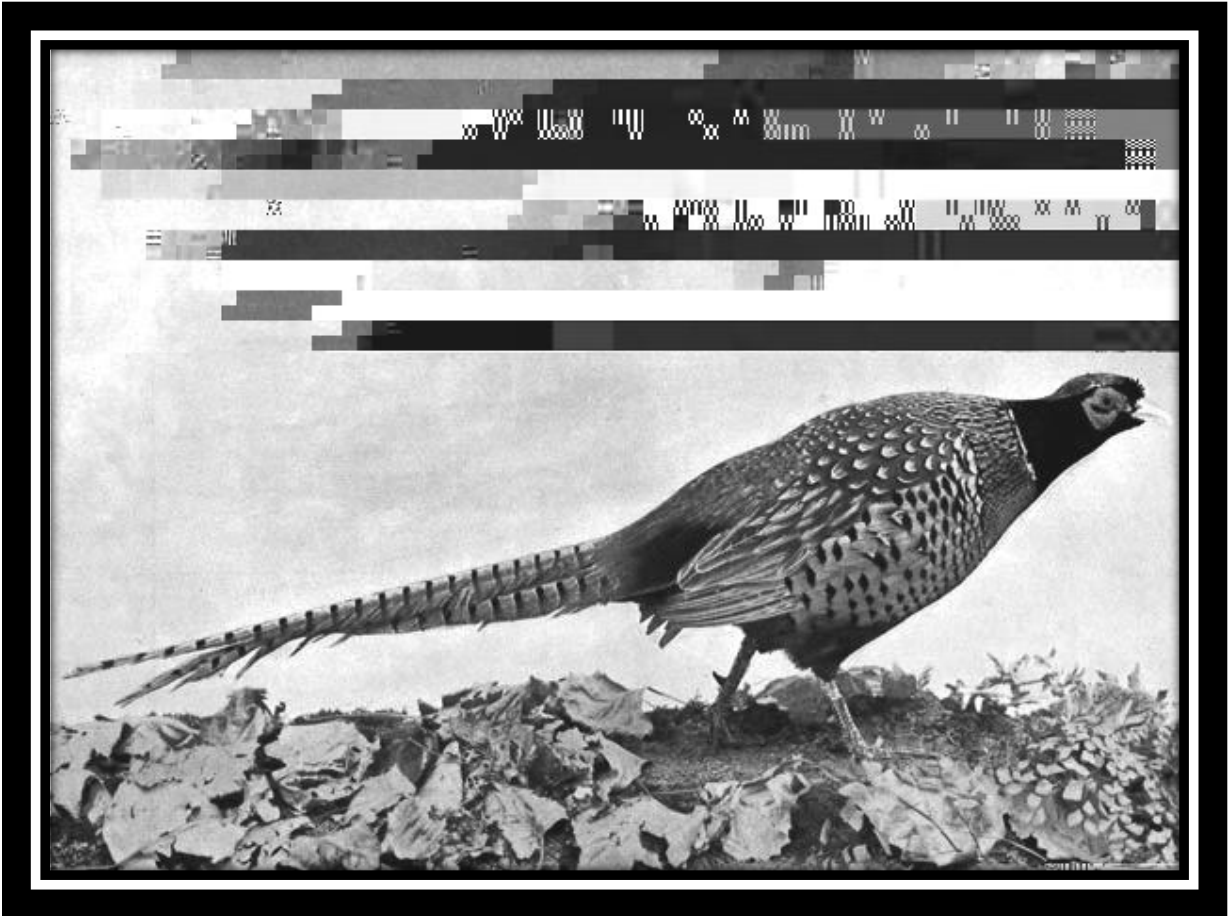

"I used to think there'd come a time when people don't judge each other on their appearance, but now I have serious doubts. If it's going to happen, it's still a really long way off. Just listen to how people talk about each other – it seems to be getting worse and worse."

YELLOW-BREASTED CHAT KWANK

"It's a little voice inside your head telling you that you're inadequate. It's like being trapped in a small room with someone who goes on and on about how you'll never amount to anything. It's hard to explain. You end up hating yourself so much that you want to die."

RING-NECKED PHEASANT KWANK

“The vast majority of women have behavioural issues. That bitch just proved my entire point.”

HOUSE SPARROW KWANK

"You haven't got Tourette's. You're just Scottish."

YELLOW WARBLER KWANK

“People like you ruin drugs for people like me. You get fucked up and give drug-taking a bad name. It means that those of us with self-control, who do it maybe five or six times a year, get given the junkie label that you lot created. I have a pretty hard time even getting hold of drugs when I want them, and it’s the fault of you and all the other weakling addicts.”

YELLOW-BILLED CUCKOO KWANK

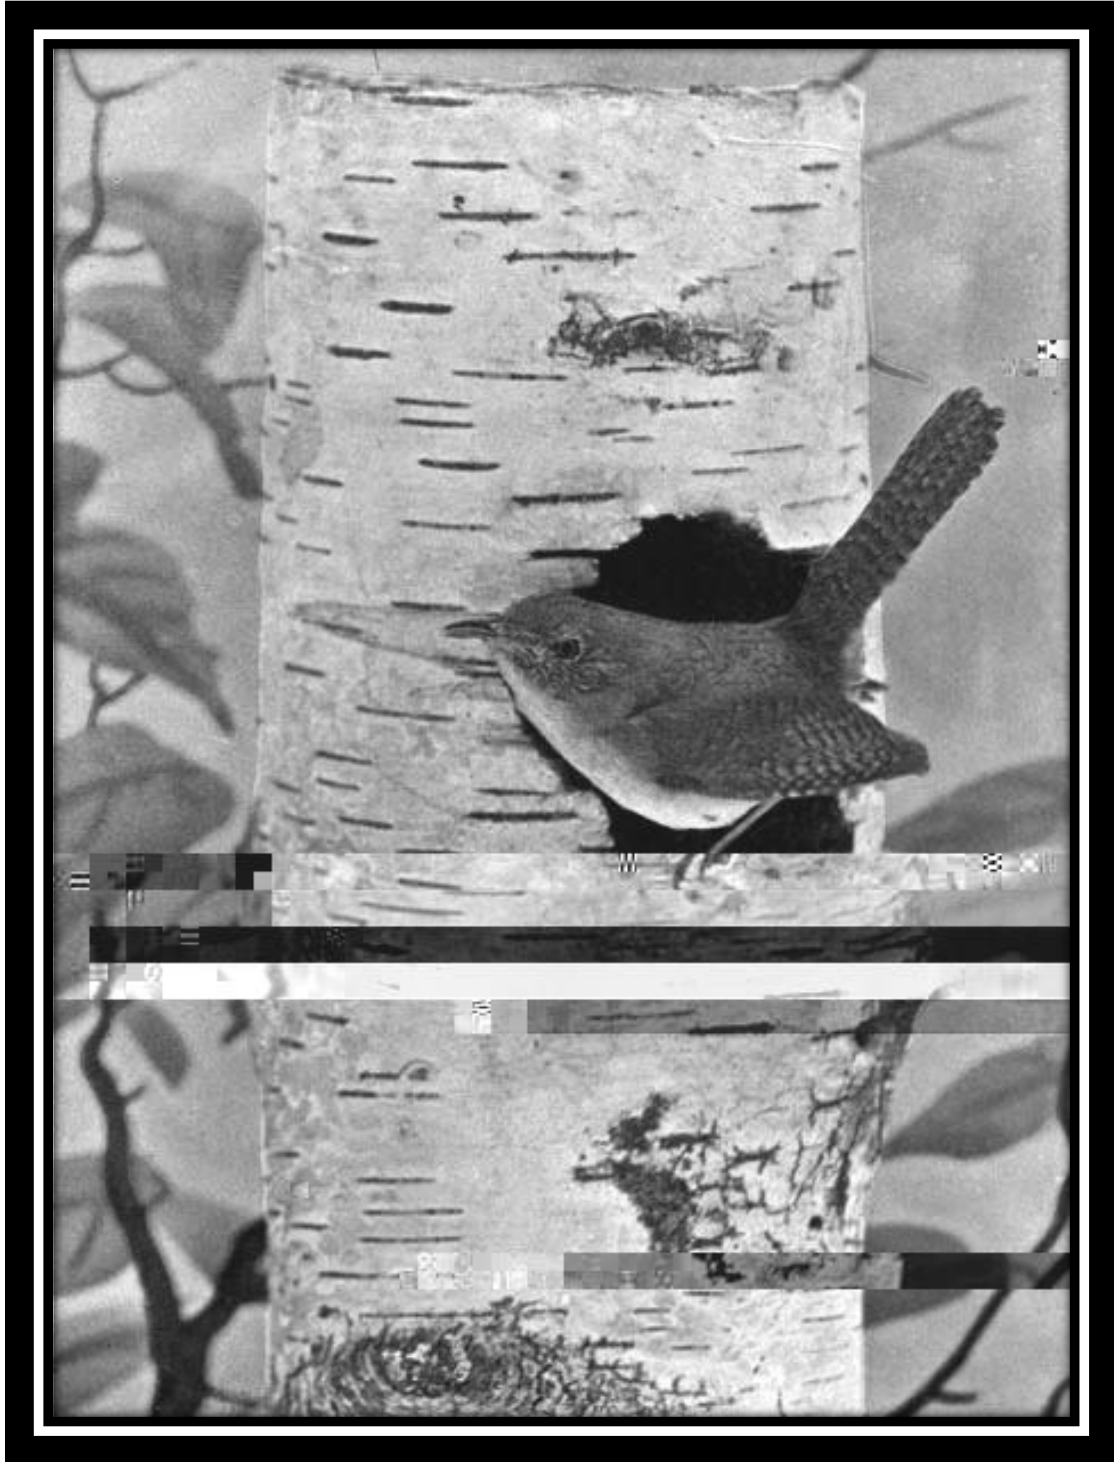

"Once a masturbator, always a masturbator."

MOURNING DOVE KWANK

"My parents fought pretty much continuously when I was a child. It culminated in an incident where they both ended up shot. My dad died a few days later, just before my 12th birthday. I think my problems might stem from that."

HOUSE WREN KWANK

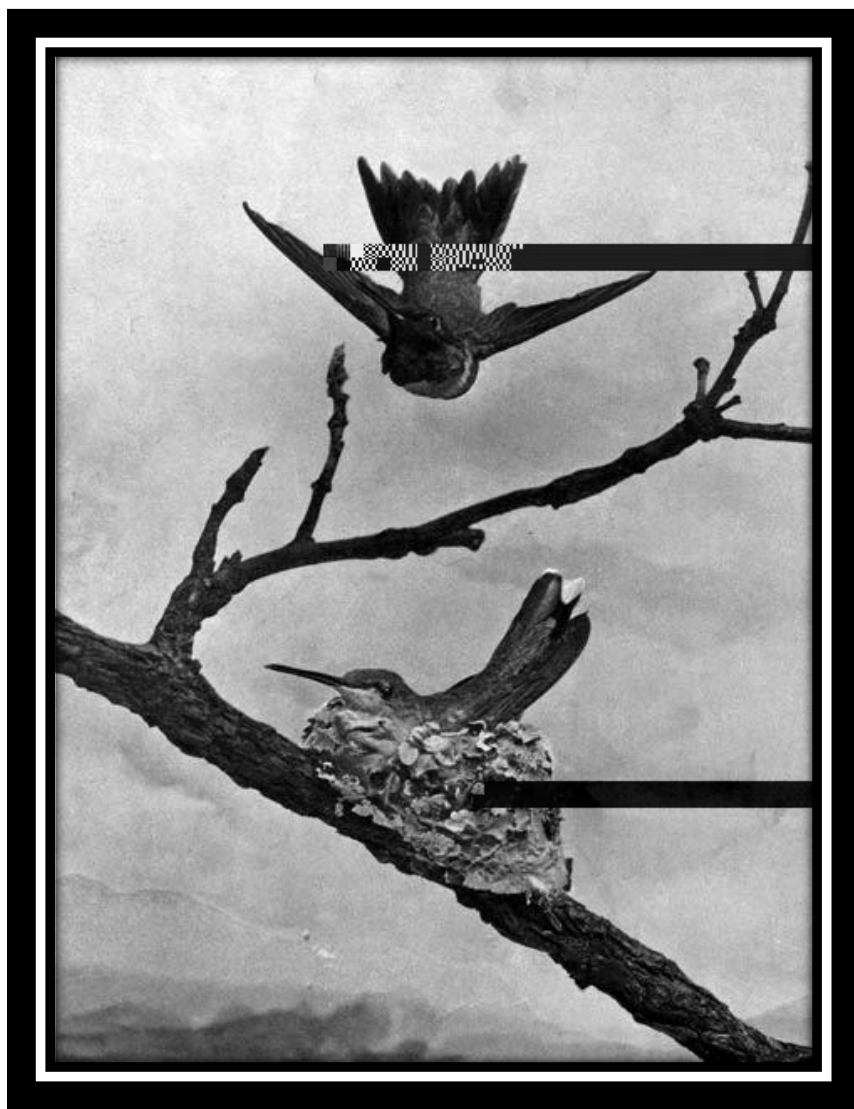

"I'm OK with gays, but I can't stand transgenders."

HERMIT THRUSH KWANK

*"I wish you'd start speaking differently. What kind of a voice is that?
It's so not attractive. It makes you sound creepy and uneducated,
like a Munchkin."*

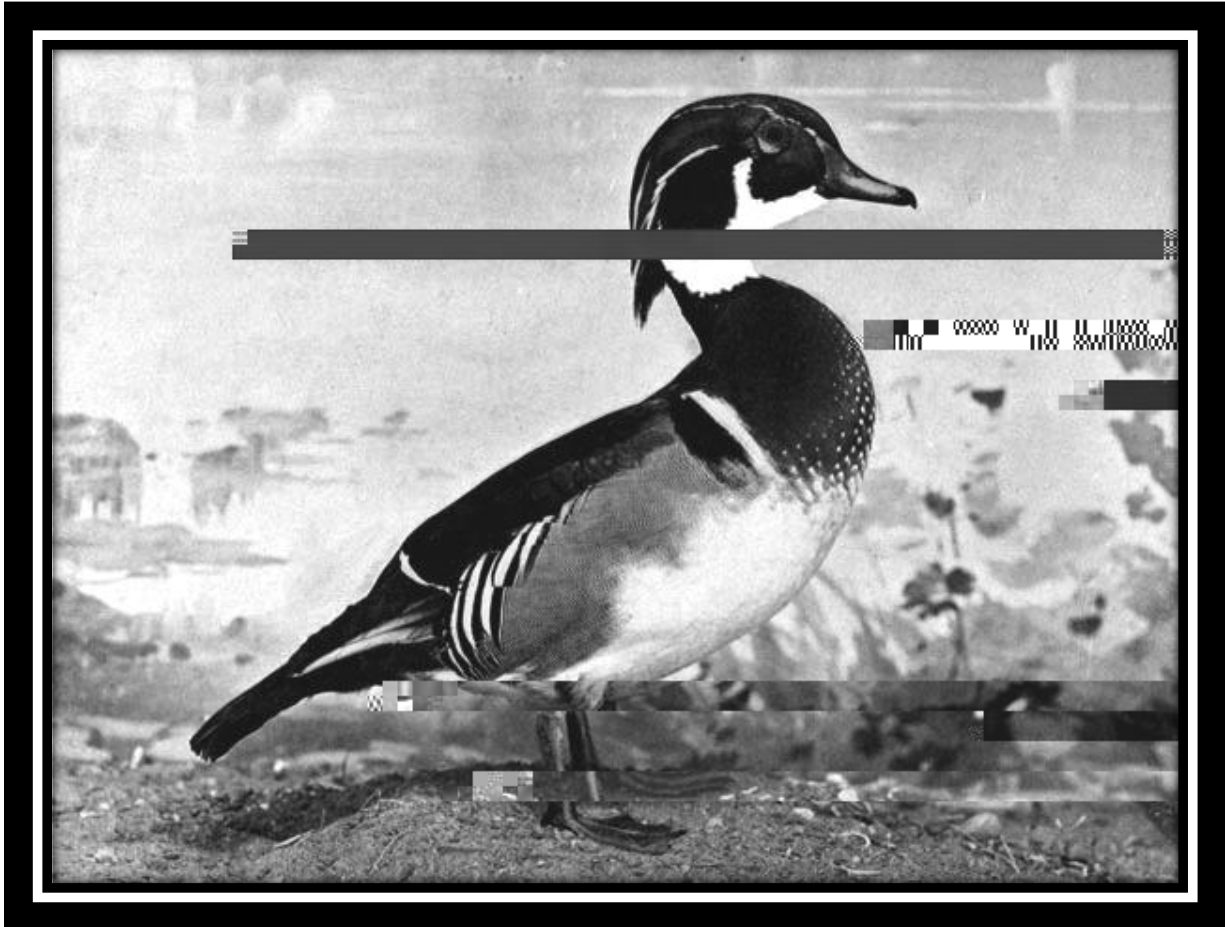

RUBY-THROATED HUMMINGBIRD KWANK

"I don't think AIDS came from monkeys."

"You are so naive. Some homosexual obviously fucked a monkey and then fucked another homosexual. Now it's everywhere. It's stupid to think that no one ever fucked a monkey. Believe me, there are loads of twisted perverts out there."

WOOD DUCK KWANK

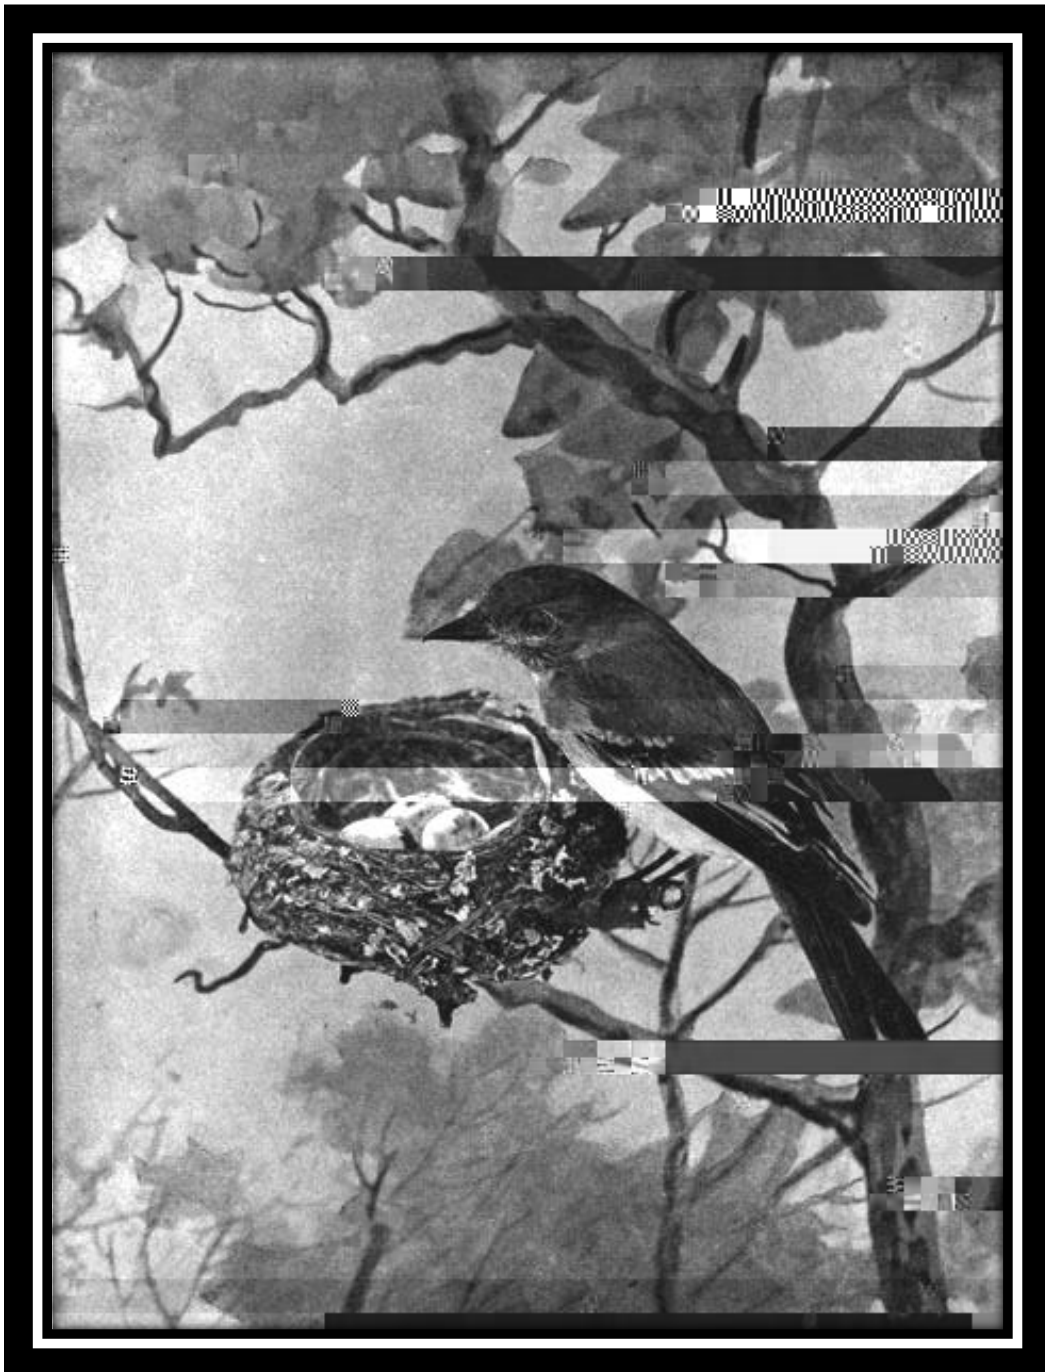

"I'd love to be able to move away and start my life again somewhere else. It would be great to relocate to some distant place where no one judges me. In a practical sense, I suppose it's possible; but in other ways I think moving on is pretty much impossible – mainly because my mind and my emotions are so fucked."

MOUNTAIN BLUEBIRD KWANK

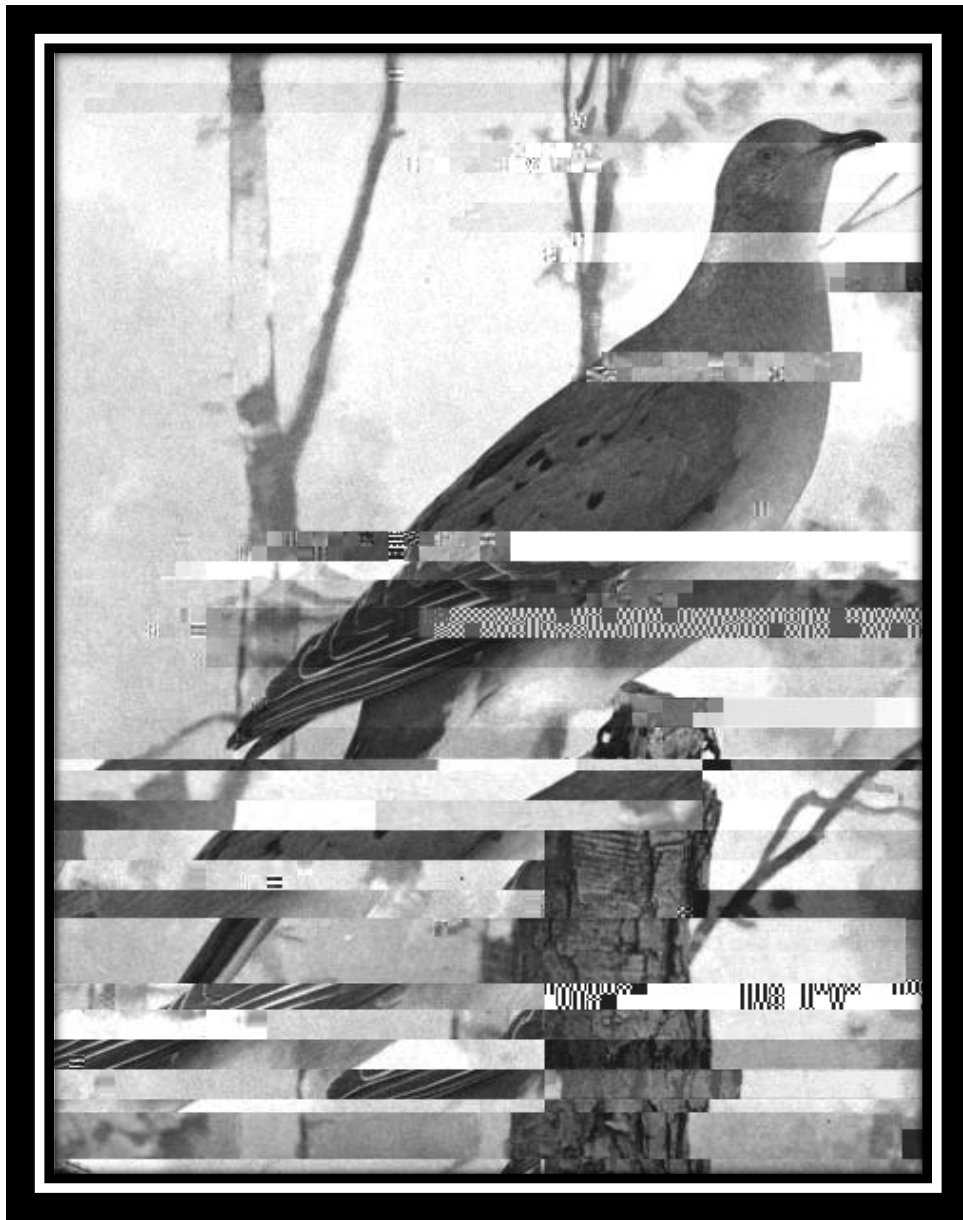

*"You're upset because a bald guy doesn't want to marry you? Jesus.
Could your standards be any lower?"*

WOOD PEWEE KWANK

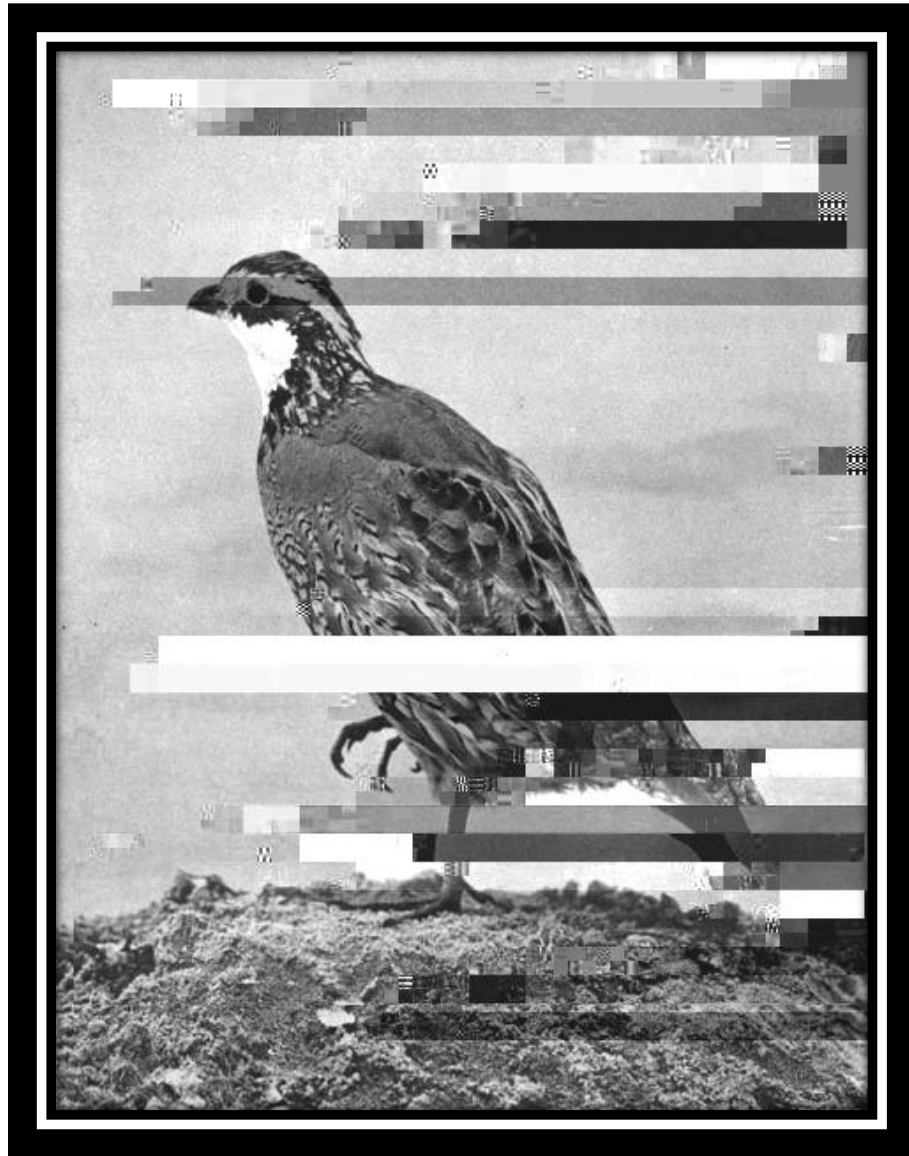

“Young people are constantly doing stupid shit. Some of them fuck four people at once. Others cry rape and get innocent people thrown in jail. Basically, young people are fucking idiots.”

PASSENGER PIGEON KWANK

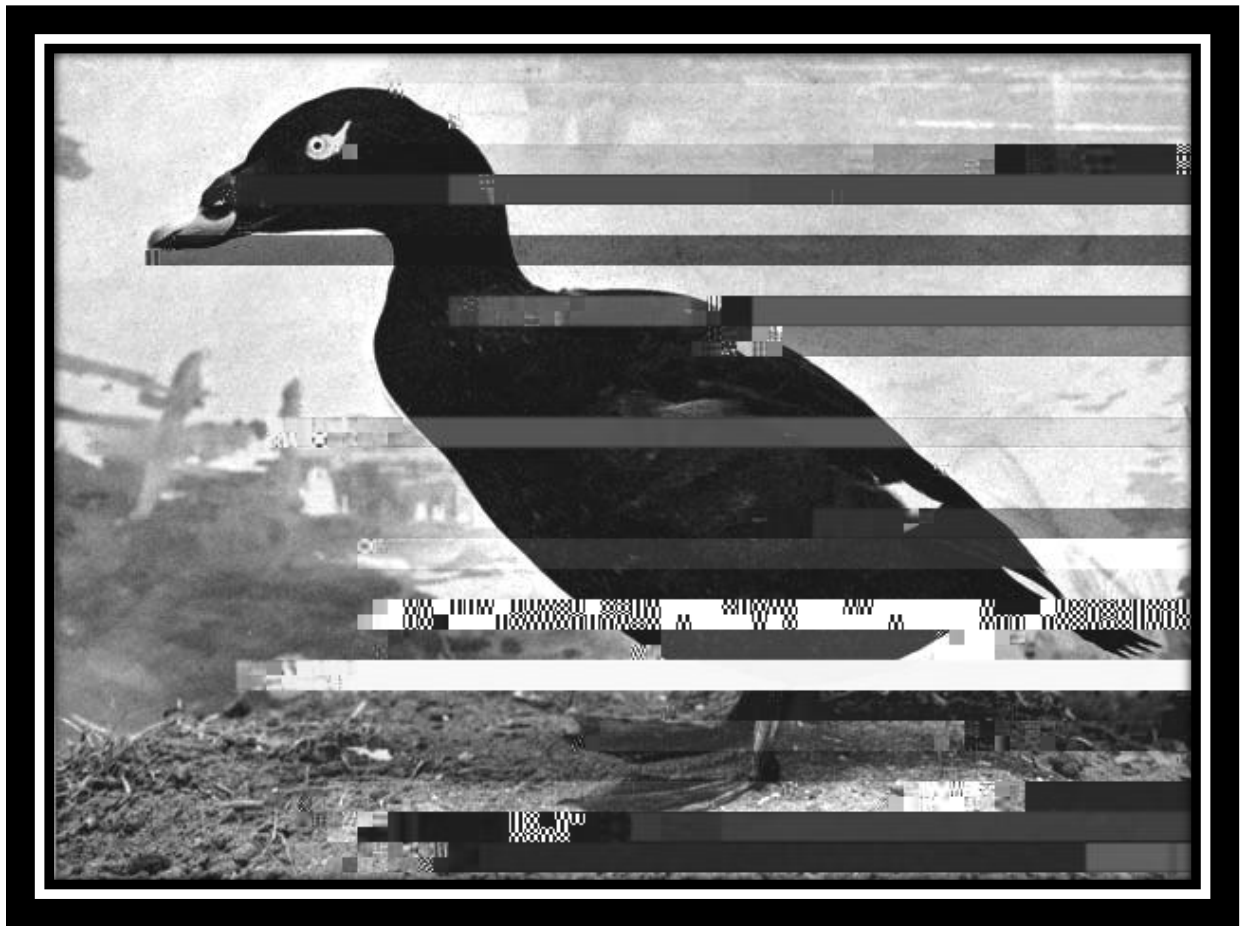

“You’re clearly not in the same weight class as me. I bet you don’t even lift. I could murder your entire family with a combination of Muay Thai, Brazilian jiu-jitsu and parkour. I’m not even joking. The only reason I had to leave the army was because I broke my toe whilst kicking the shit out of a Chinaman, so don’t be misled by that. You could use a BB gun against me and I’d still be able to beat you using only karate.”

BOBWHITE KWANK

"If I wake up on my friend's sofa to find that his 13-year-old daughter has decided to put her lips around my sausage while I was fast asleep because she wanted to know what it tasted like, that's classed as rape, is it? Even if I only consciously enjoy it for about a second, that makes me a sex offender, does it? Because I don't IMMEDIATELY pull it out, that means I have to go to prison, does it?"

WHITE-WINGED SCOTER KWANK

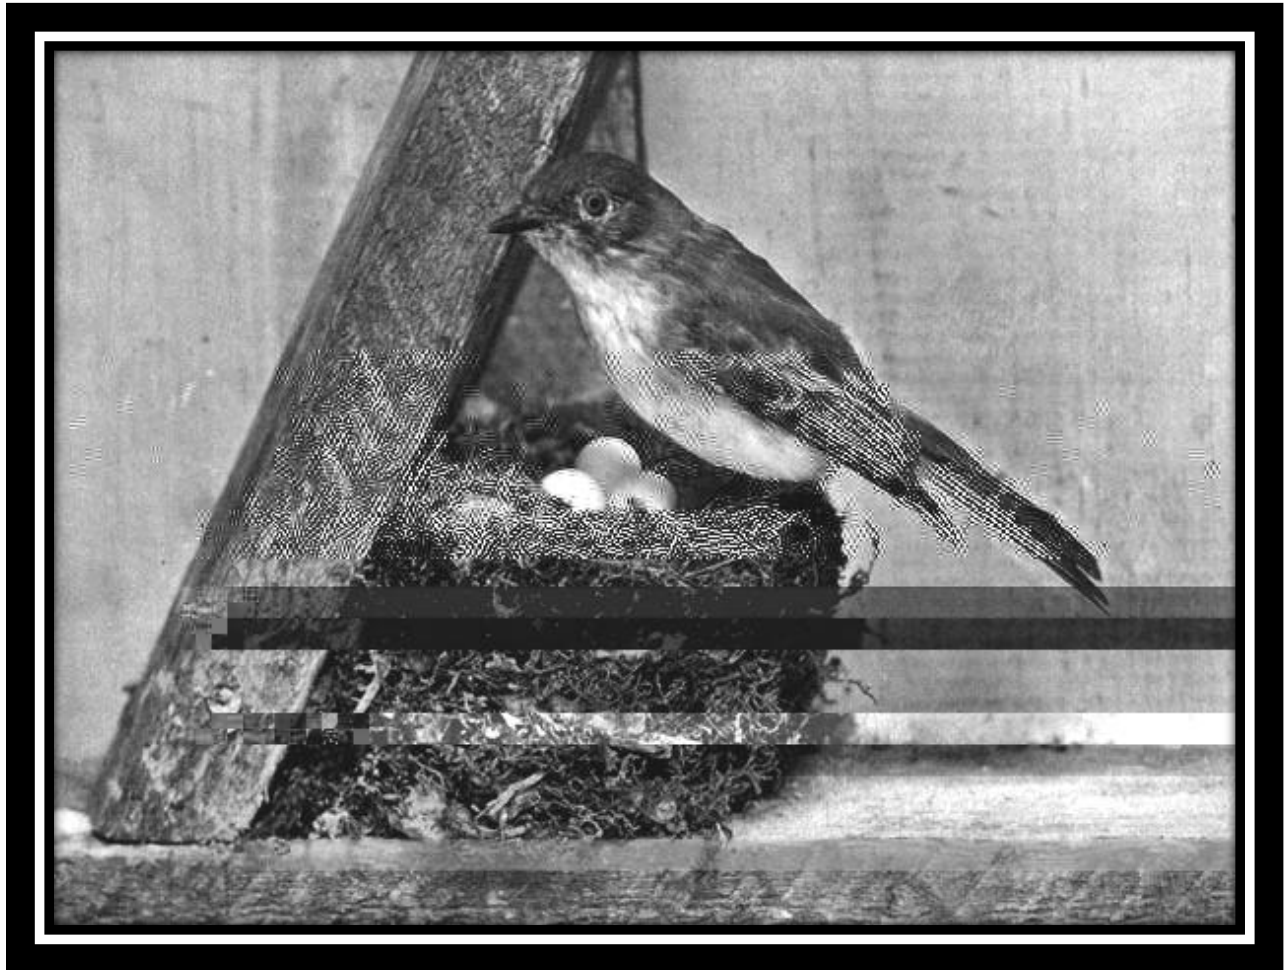

"I'm going through a really tough time at the moment, so the last thing I need is for a Jew to start calling me names."

AMERICAN WOODCOCK KWANK

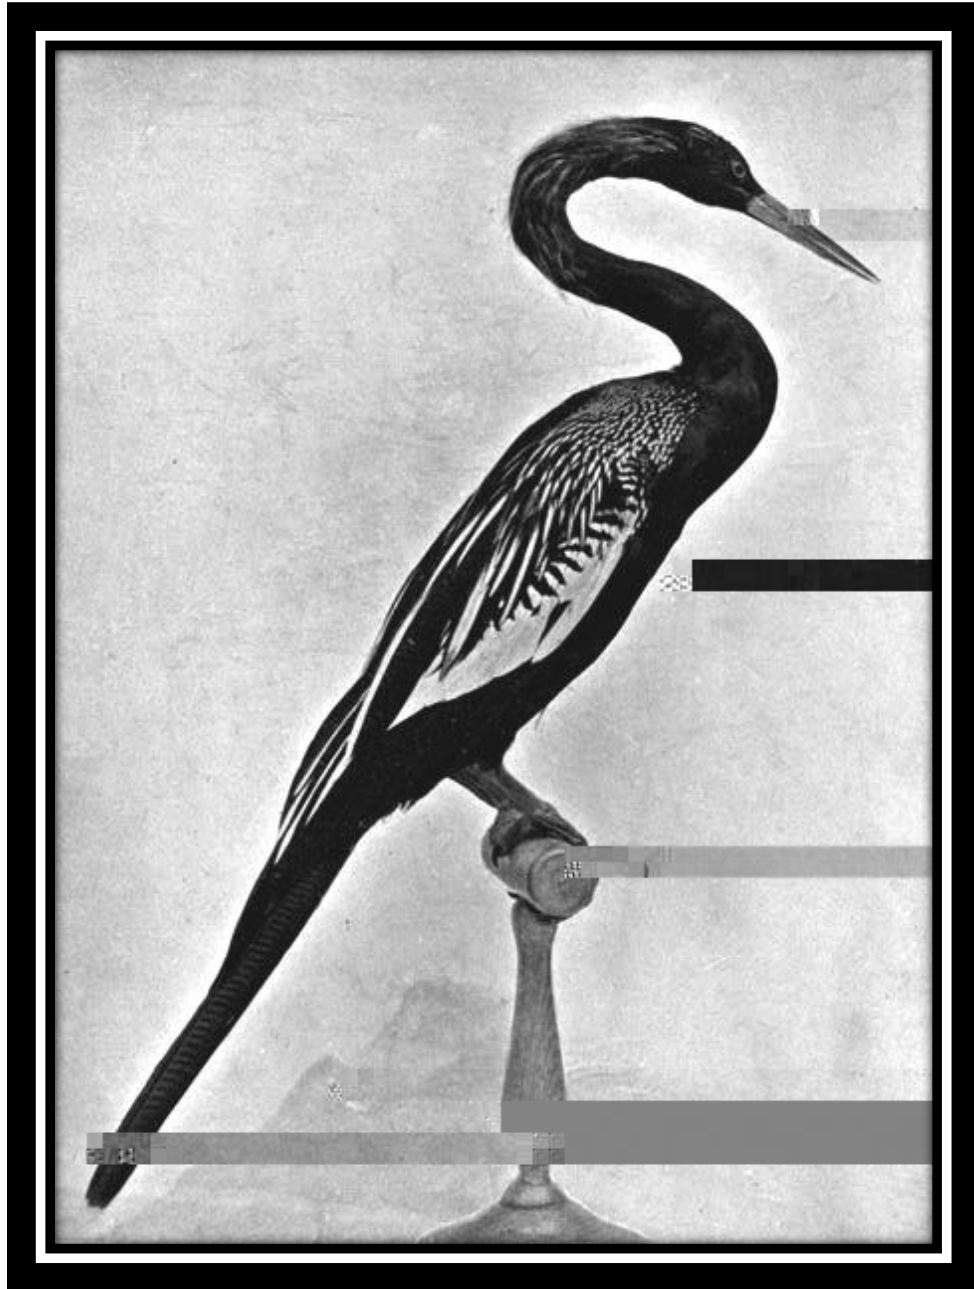

"We all know depression is bullshit. I pretended I was depressed so I could get a month off work, all paid for. I went on holiday to France. I had a great time. That's what everyone else is doing too – they just won't admit it."

PHOEBE KWANK

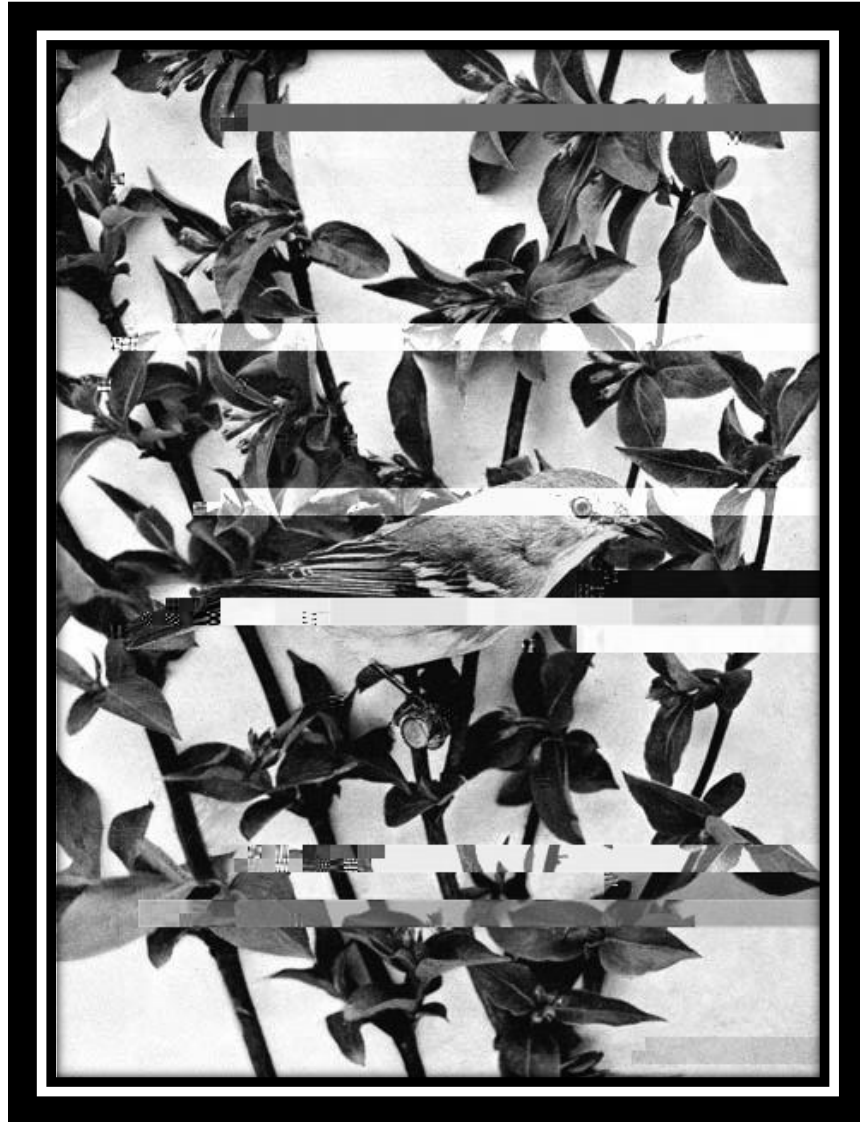

"So many people die of cancer. I really hope they find a cure soon."

ANHINGA KWANK

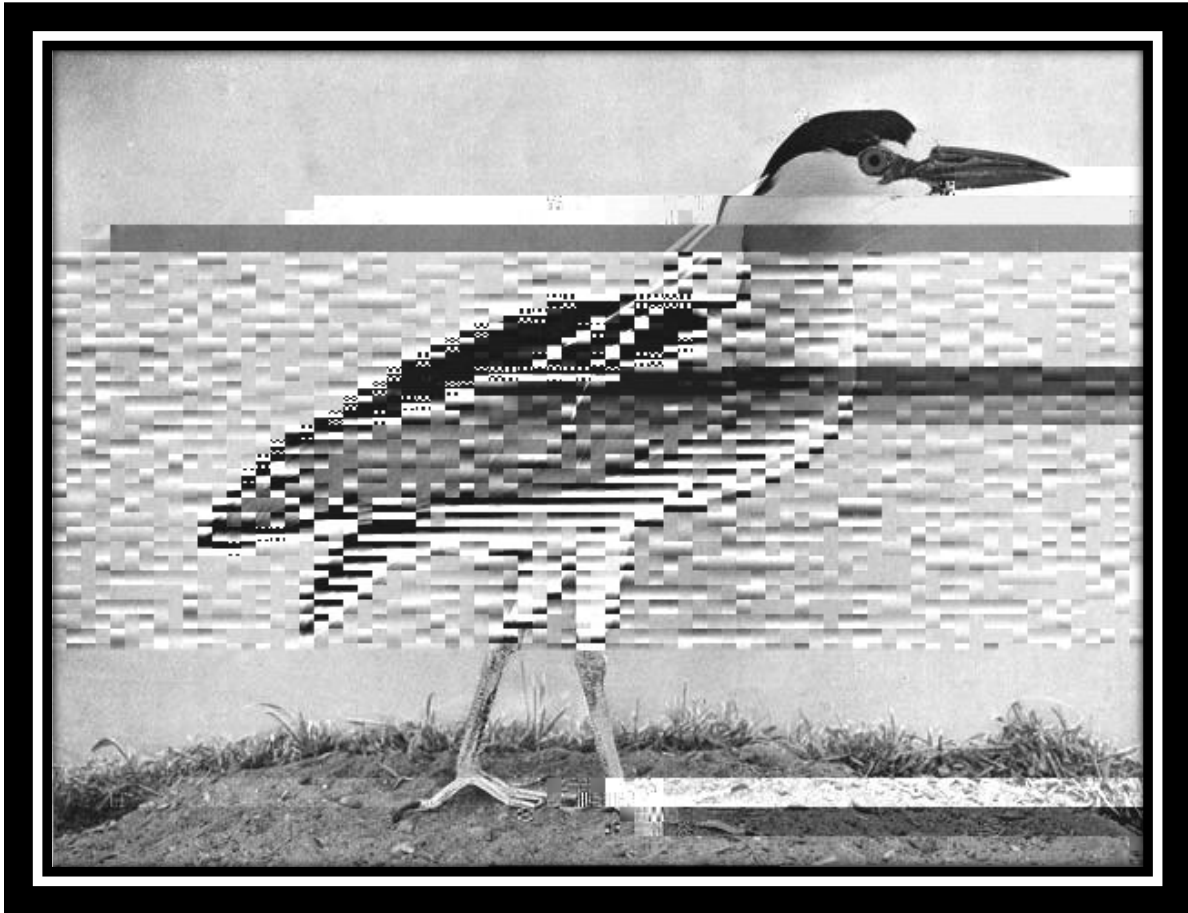

“Why does self-defence for women always involve a man’s balls? You can’t rape someone in retaliation for trying to rape you.”

YELLOW-THROATED VIREO KWANK

"If you wet the bed round someone else's house, you just go downstairs, ask for a cup of coffee, take it upstairs and throw it over the bed "accidentally". The coffee smells stronger than the urine. They'll never know. Works every time for me."

BLACK-CROWNED NIGHT HERON KWANK

“My psychological problems used to be really bad, but things improved after I bought my first love doll. When all the dark thoughts started returning, my synthetic companion was there for me – not only for lovemaking, but for cuddling and talking to as well. Now I’ve got three high-end dolls and my life is better. My girls are good for me. They were really expensive. Lots of guys have them – there are thousands on the doll forums who have dolls for wives. It’s actually pretty normal.”

ALLEN'S HUMMINGBIRD KWANK

"What happened to your eyes? Were you in a fight?"

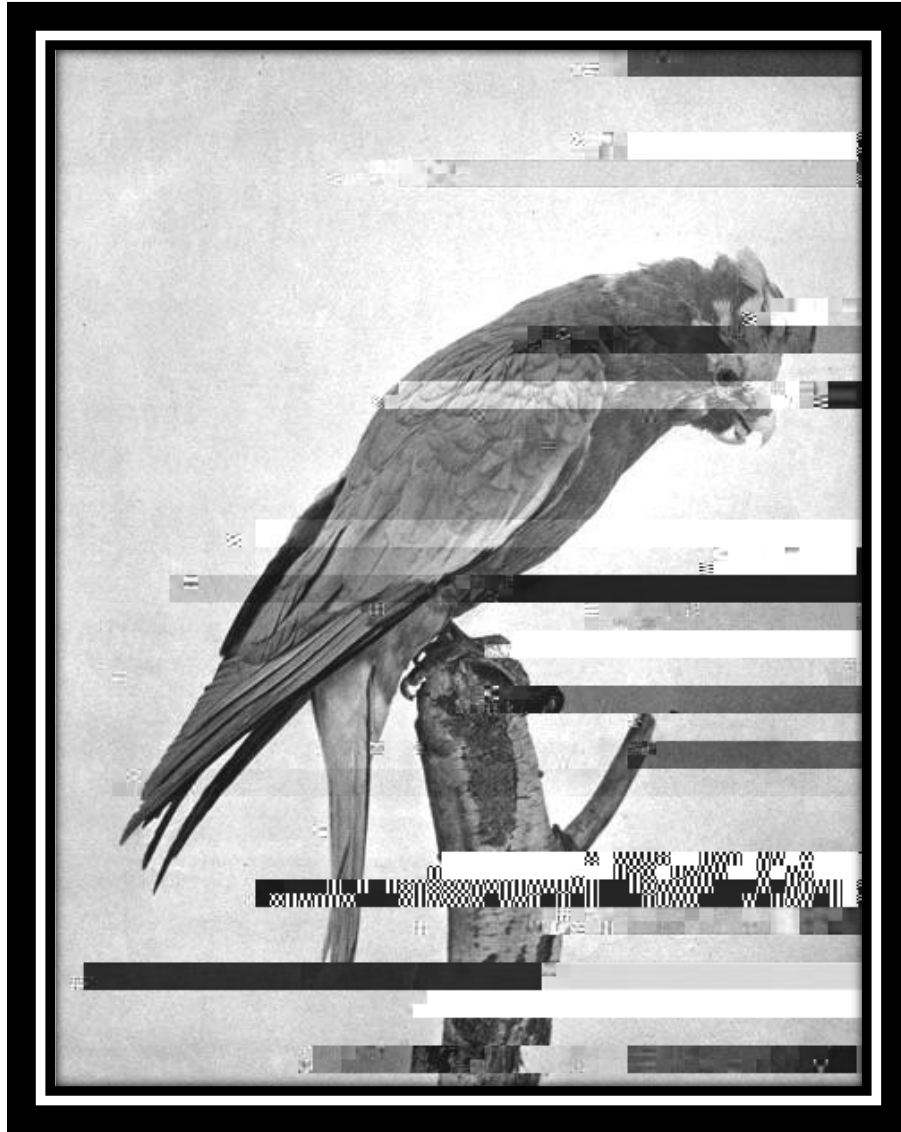

"It's eye shadow."

RED-EYED VIREO KWANK

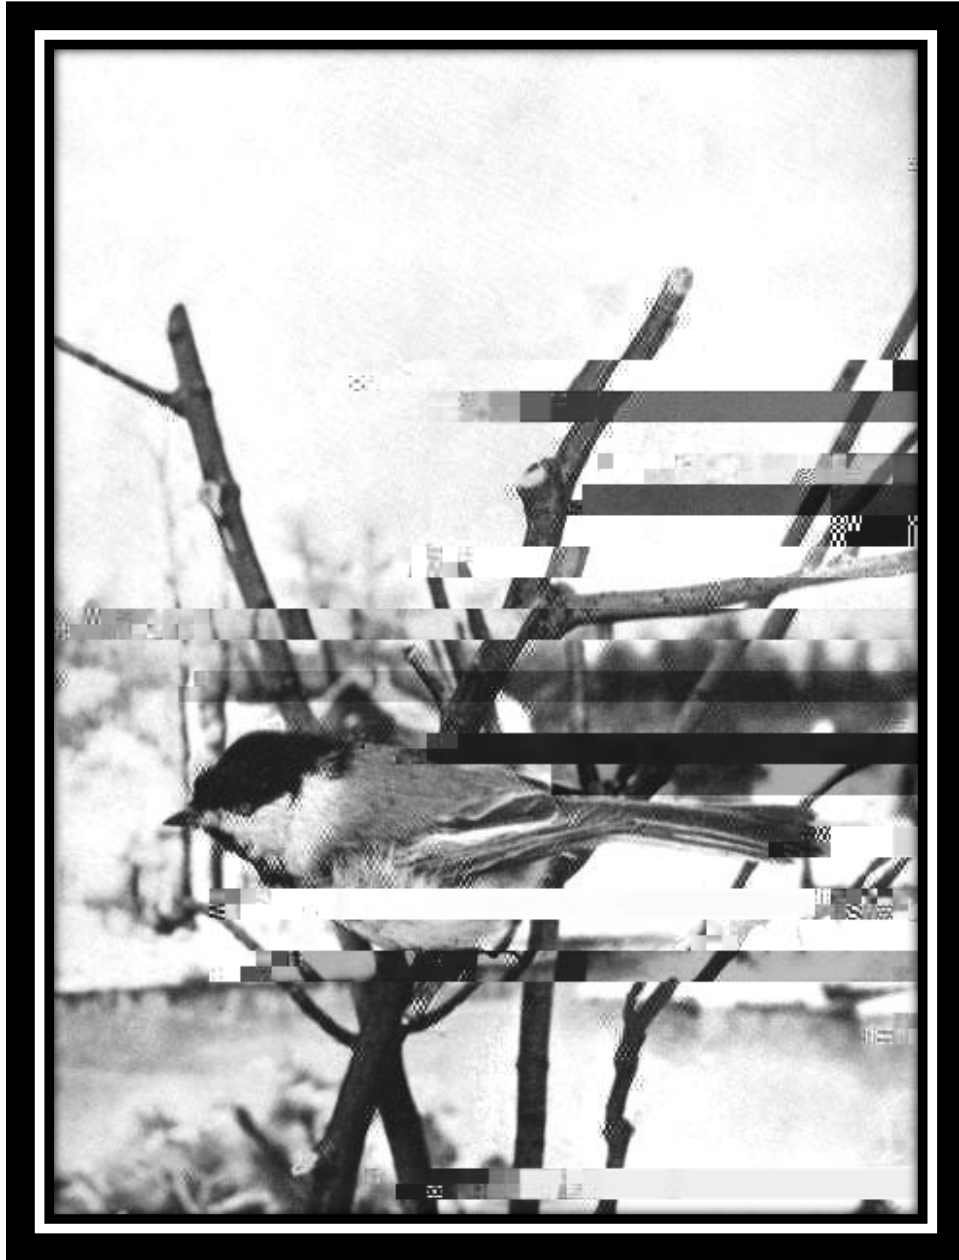

"You have a heart in your chest. It was put there for love. Please try to make use of it at least once before you die."

COCKATOO KWANK

"It can feel quite awkward to have a fight with a Down Syndrome person at first. That's because society has trained our brains to think we have to protect mental patients instead of harming them. You have to turn off a switch in your head and view them as if they're normal human beings. It's easier than you'd think because Down Syndrome people are actually pretty smart when it comes to fighting."

CHICKADEE KWANK

"I was attacked by demons from the age of six. A demon came into my room one night and whispered: "Shhh. It's your father." But it wasn't my father. It did unspeakable things to me. I also heard weird breathing noises coming from my wardrobe. It was the 1970s – there were a lot of demons around then."

FOX SPARROW KWANK

“One of the girls undid the back of my bikini at the pool, and everything, including nipples, was on show for a couple of seconds. I shouted at her and ran away in tears. When I came back, everyone said I was a bitch for shouting and should learn to take a joke. No one has spoken to me since. I don’t think they’re my friends anymore.”

KENTUCKY WARBLER KWANK

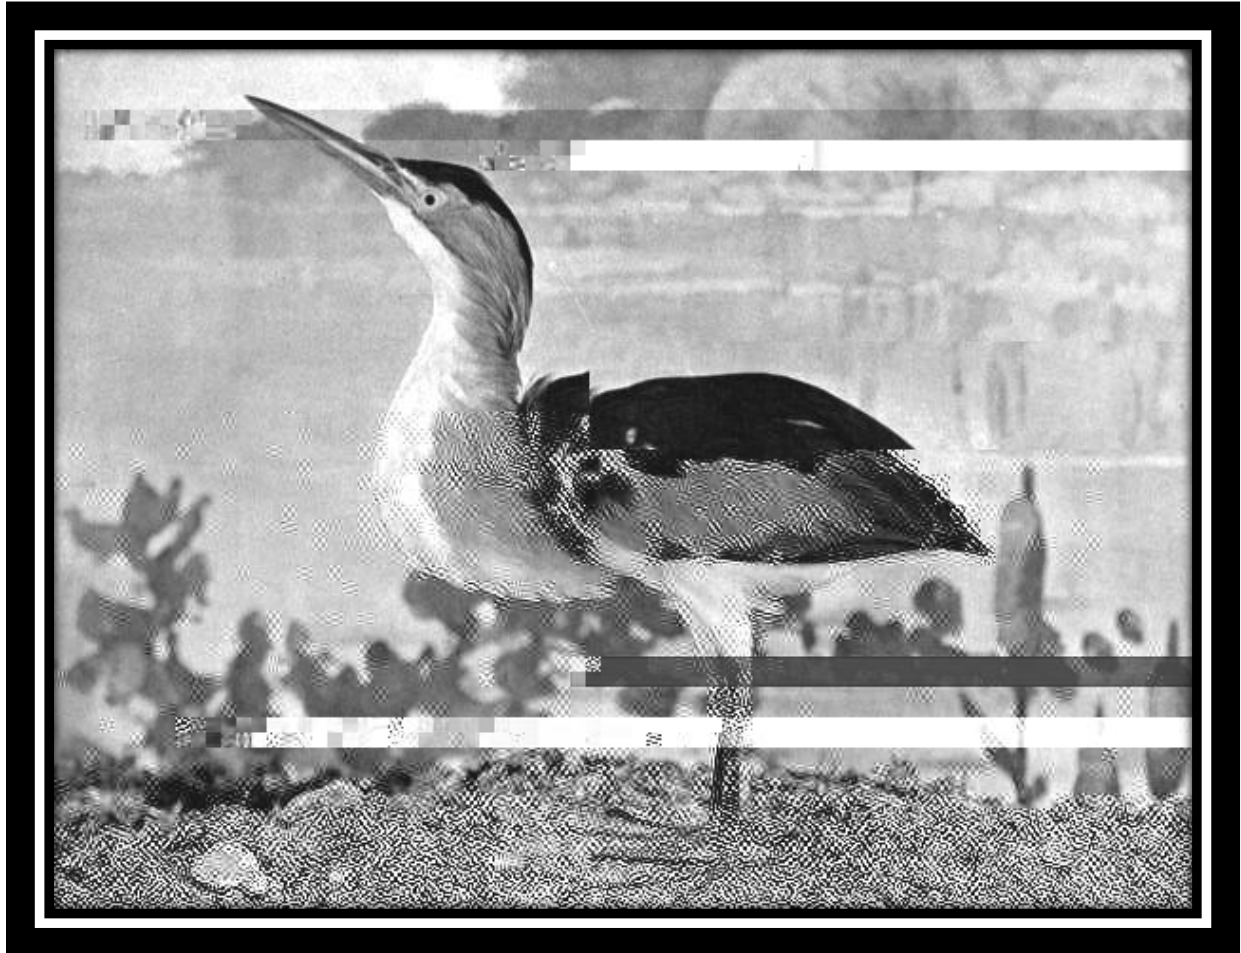

"Apparently I have five different personalities."

INDIGOBIRD KWANK

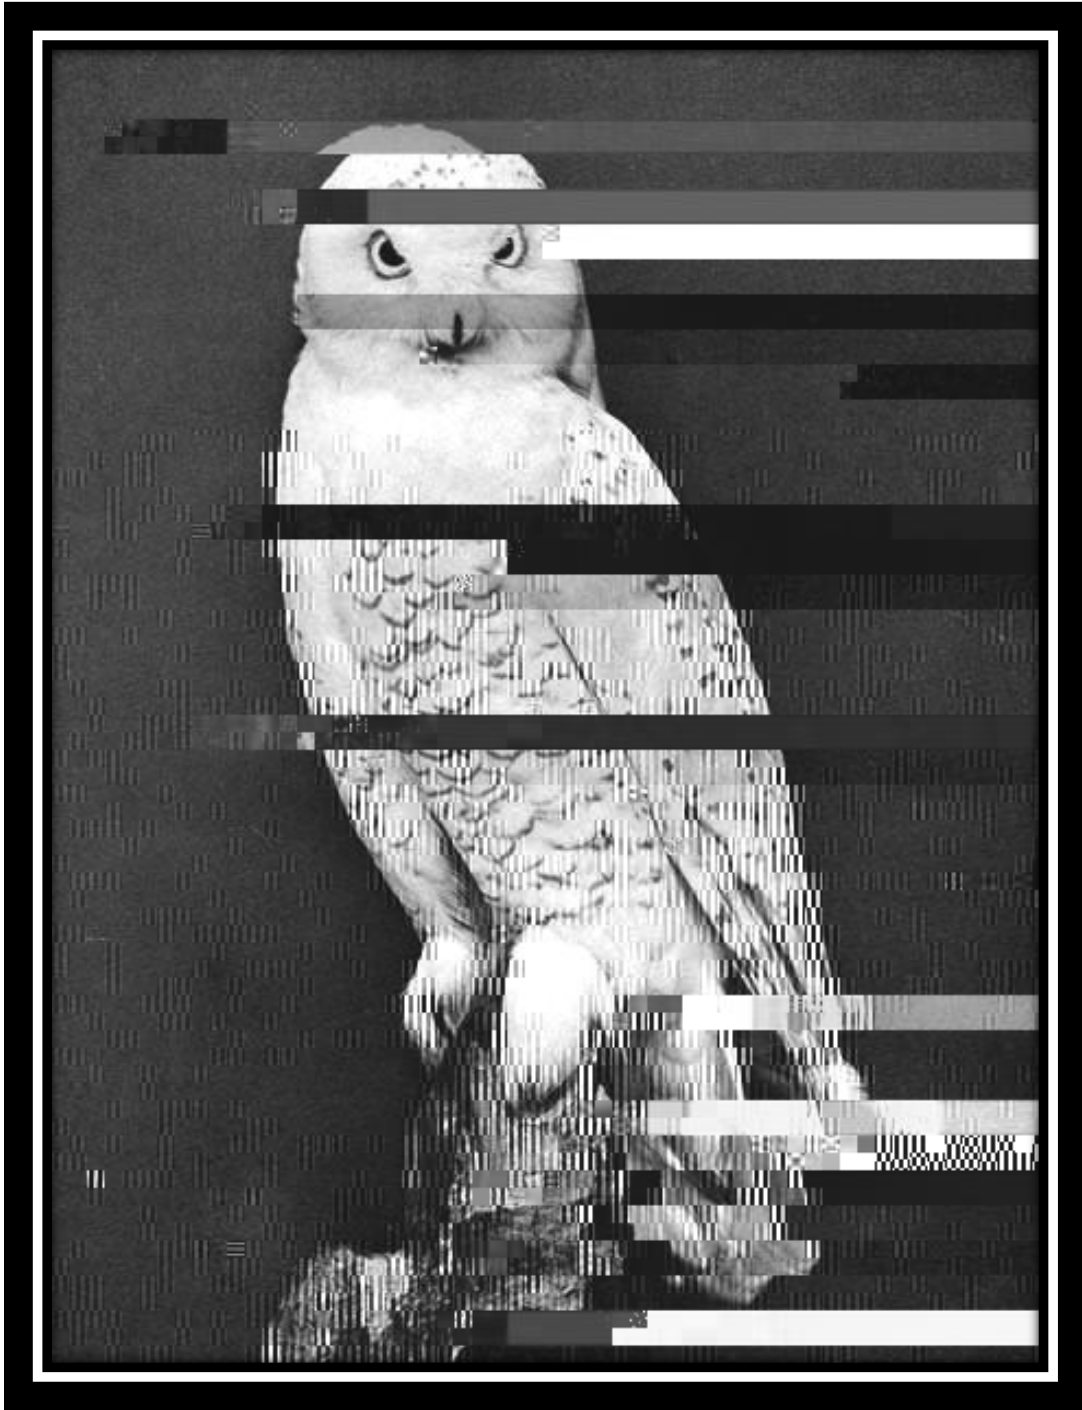

"I've recently discovered that my girlfriend is boring. For every hundred I talk, she replies one. I'll keep trying, but it's hard. I hope she realises soon."

LEAST BITTERN KWANK

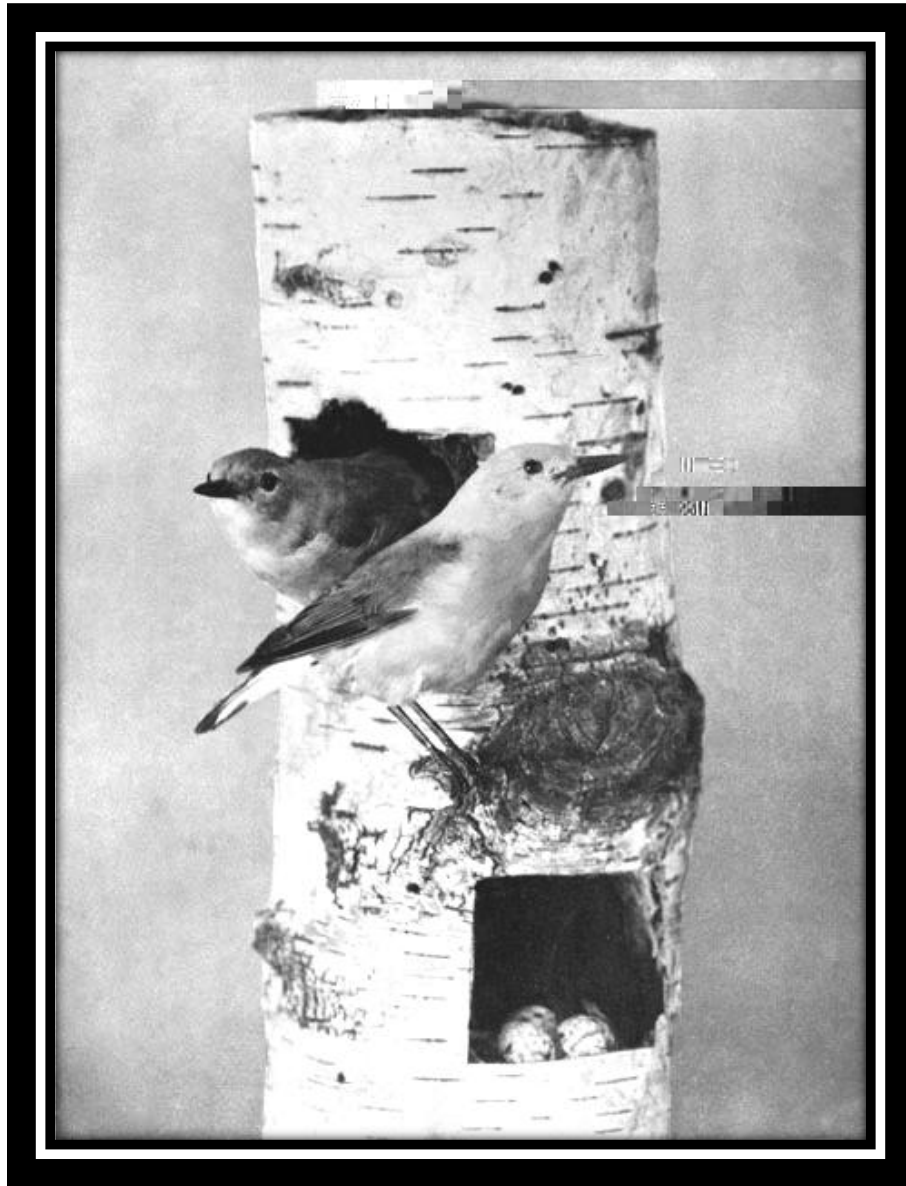

"I couldn't give a flying fuck about saving the planet. I'm a Christian and I'm going up to Heaven when the Rapture comes. If you're worried about climate change, it shows that deep down you know you're sinful. The Earth's getting hot because that's Hell being created for the non-believers."

SNOWY OWL KWANK

“Breast milk has more nutrients than you can count. The nutritional value of spunk, on the other hand, is very much up for debate.”

PROTHONOTARY WARBLER KWANK

"What the fuck are you talking about? I'm going back inside to jam to some music on my chair. You're making absolutely no sense."

PURPLE FINCH KWANK

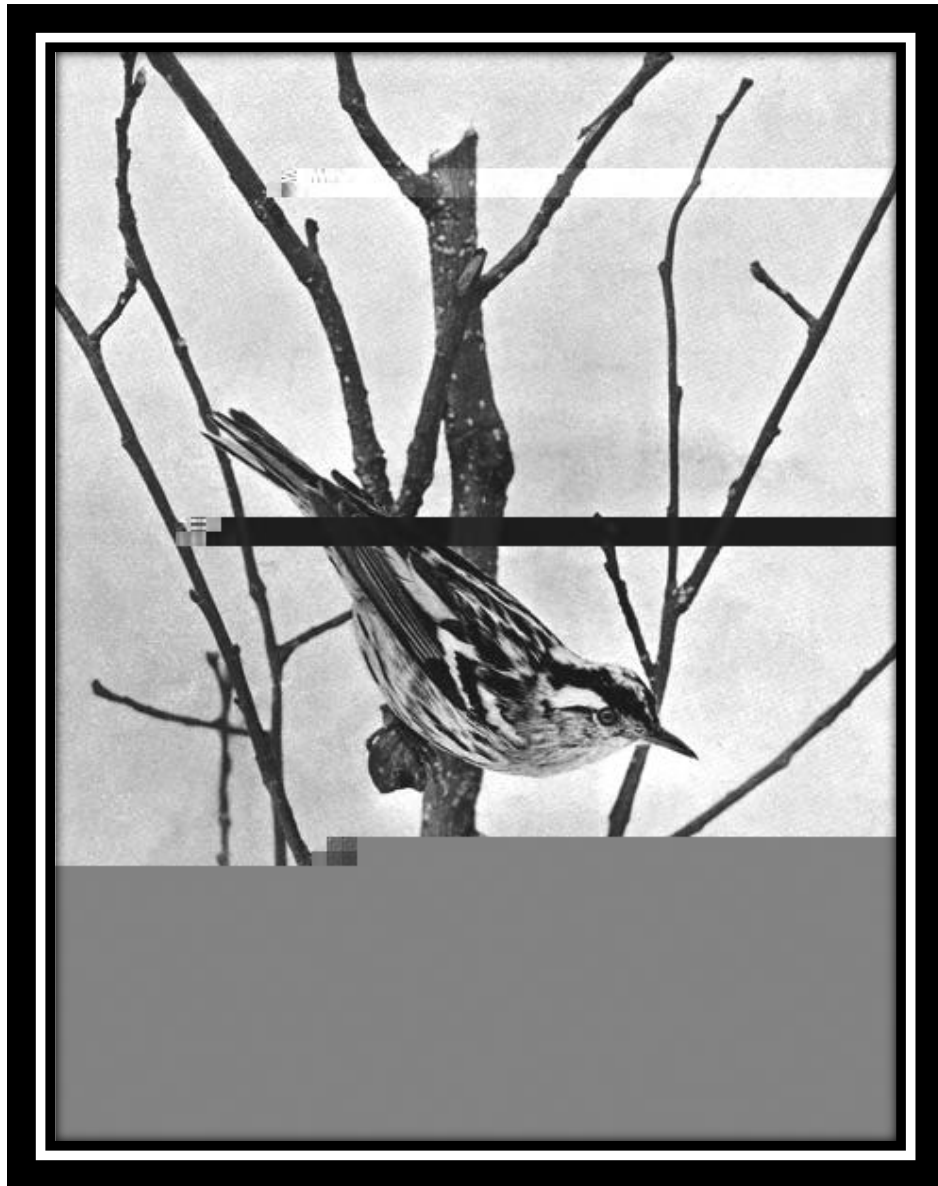

"Is it OK for guys to use ChapStick?"

SONG SPARROW KWANK

"I haven't seen a UFO, but I have had a ghost experience. There was a sudden temperature drop in the kitchen one day. About 10 seconds later, the pepper thing fell off the table, and it wasn't even near the edge. My mum died the year before, so it must have been her."

BLACK-AND-WHITE WARBLER KWANK

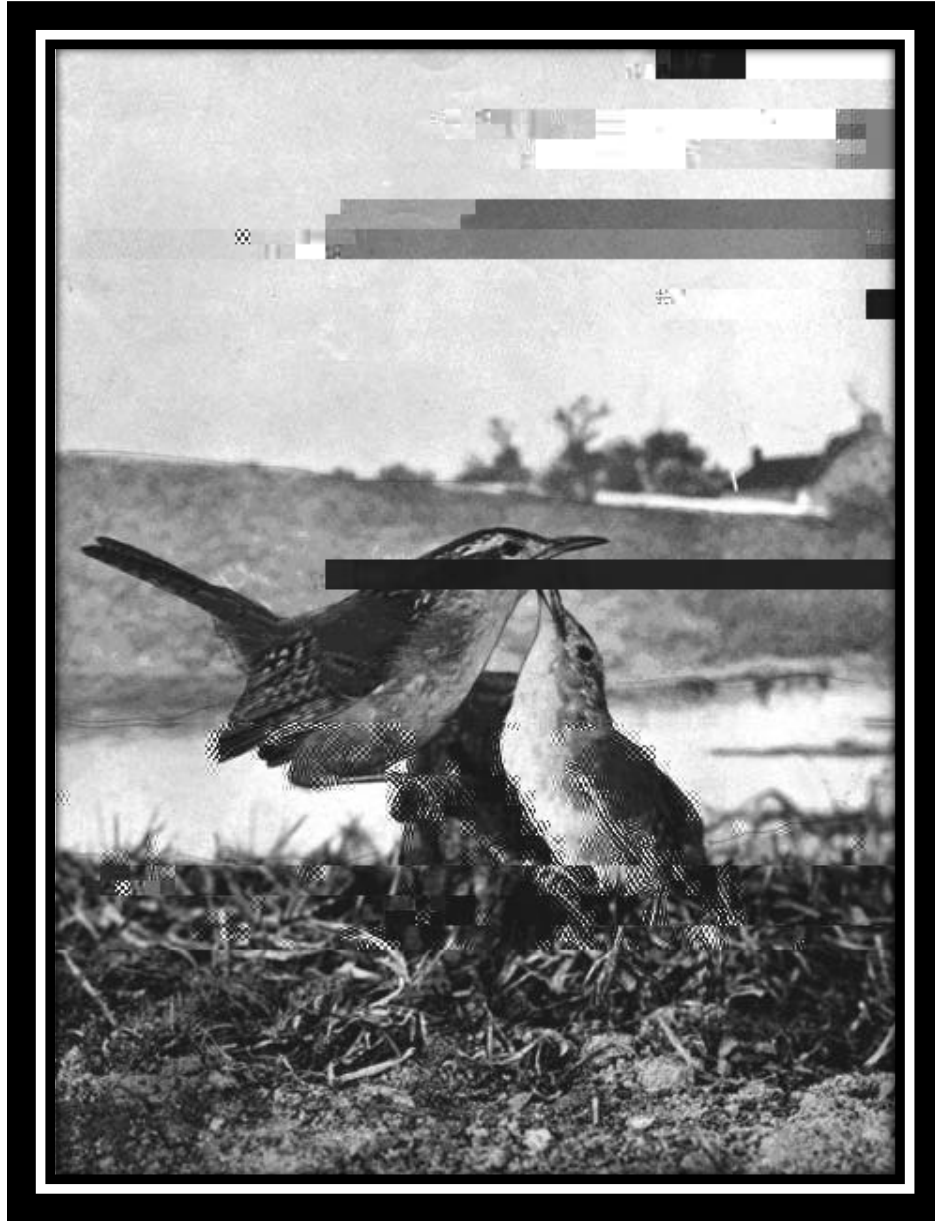

"Your children are disgusting."

RED-HEADED WOODPECKER KWANK

"It's not true that all men like violent TV shows. I watched a snake swallowing a lizard on a nature documentary and I really felt for the lizard. I know the snake needed to eat, but it was awful to see. I couldn't relate to Jurassic Park either."

MARSH WREN KWANK

"It makes me so sad that you'll never be healed. You need to acknowledge what you did to your victims so you can start addressing the underlying problems that made you act that way. You seriously need to try therapy."

"You seriously need some therapy to decrease your ego."

BLACK TERN KWANK

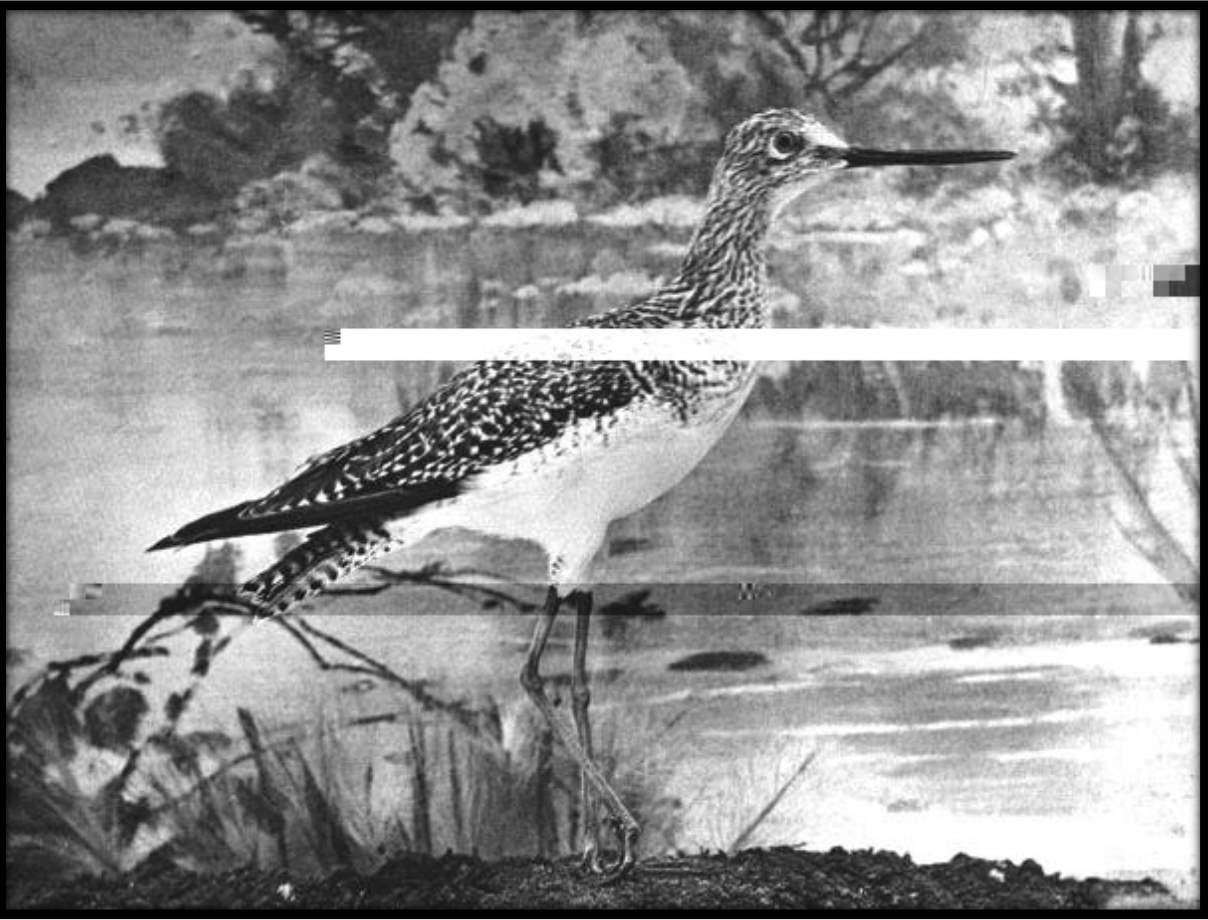

"I went on a few dates with this one guy, and it was going well, but I found out he had dentures. He was in his late thirties. That was it for me. If you know it'll bother you if a man has dentures, make sure you ask him on the first date."

CARDINAL KWANK

"I'm scared of boobs now."

GREATER YELLOWLEGS KWANK

"Will you please stop speaking to me like I have ADHD! Just use the tiny amount of brainpower you have and get to the fucking point. I'm really getting annoyed here."

BALTIMORE ORIOLE KWANK

“Relationship advice from a black man? I’ve heard it all now!”

BLACKBURNIAN WARBLER KWANK

"The worse side effect of my illness is the regret. I've done so many bad things and fucked up so many relationships, and I have to live with that for the rest of my life."
