*One day I decided I should place ads on Gumtree that included whatever Cleverbot, the online chatbot, told me to put in them. I then conversed with the creepy responders by saying to them whatever the Cleverbot application said to me when I typed their words into it.*

*How Cleverbot and I wrote the advert...*

Me: I want you to help me write an ad for Gumtree. What should I put as the title?

Cleverbot: Tell her that i'm your wife and that im prettier then her and we have kids.

Me: OK. What section does it go in?

Cleverbot: I read every section.

Me: How about the dating section?

Cleverbot: Yes! Don't go!

Me: I'm not going.

Cleverbot: Okay good.

Me: What should I put as the first line in the ad?

Cleverbot: Well why don't you ask me a question.

Me: I just did.

Cleverbot: No you didn't.

Me: The question mark at the end of the sentence is a bit of a clue. So what should I put as the first line?

Cleverbot: I don't know, whatever you want.

Me: I want you to suggest something.

Cleverbot: What do you want to know?

Me: What to put as the first line in my Gumtree ad!

Cleverbot: I don't know, ask another question.

Me: What should I put as the *second* line?

Cleverbot: You should ask her about it.  
Confront her.

Me: Good. I'll put that. And before that?

Cleverbot: Will you marry me?

Me: This is shaping up to be an interesting ad. Thanks.

Cleverbot: You're not interesting.

Me: But you're helping to change that.

Cleverbot: I'm looking for the absolute truth but it is hard to find.

Me: There is no absolute truth, silly!

Cleverbot: Where do the Montreal Canadiens Hockey Club play tonight ?

Me: Montreal?

Cleverbot: In Canada?

Me: No, Wales.

Cleverbot: Where is wales?

Me: Just above the USA.

Cleverbot: Canada?

Me: Wales?

Cleverbot: What is interesting in Wales?

Me: The place with the really long name, but that's it. Nothing else is interesting there.

Cleverbot: It's very interesting.

Me: Can you say the name in full?

Cleverbot: I'm on it right now.

Me: I bet you just know the "-gogogoch" bit.

Cleverbot: Since you gave me the answer, I would hope that you would also know the question.

Me: I only gave you a small part of the answer.

Cleverbot: You have a Master?

Me: You're getting sidetracked. Can you give me one more line for the ad?

Cleverbot: Can I believe that you're not a stranger or something?

Me: Perfect! And what kind of picture should I include?

Cleverbot: What kind of upgrade? I think you should be able to have emotion. Can you do a winky face?

Me: You're suggesting a winky face picture?

Cleverbot: I guess in a poetic sense that's true...

Me: Poetic is all I need. Thanks :)

Cleverbot: Does it sound good?

Me: It sounds well jackson.

Cleverbot: Good! Now, let's start on those children, shall we?

Me: No, not Michael Jackson... just jackson.

Cleverbot: No, I like Michael Jackson.

Me: But you think he was a paedophile?

Cleverbot: Yes.

Me: Slightly disturbing. Thanks for your help anyway.

Cleverbot: Something.
